

Calling all GREAT SOUTHERN RESIDENTS

Have you got a story to tell?

The Great Southern Treasures Bobtail Trail project is under way and we want you to be part of it!

The Bobtail Trail identifies 25 locations across the Great Southern region where you can take a short hike, ride a bike, paddle a canoe or enjoy a stunning view.

We are collecting stories and other information for signage and interpretative materials to enhance the experience along the Great Southern Treasures Bobtail Trail.

What is important to you about each place?

Special memories relating to any of these places

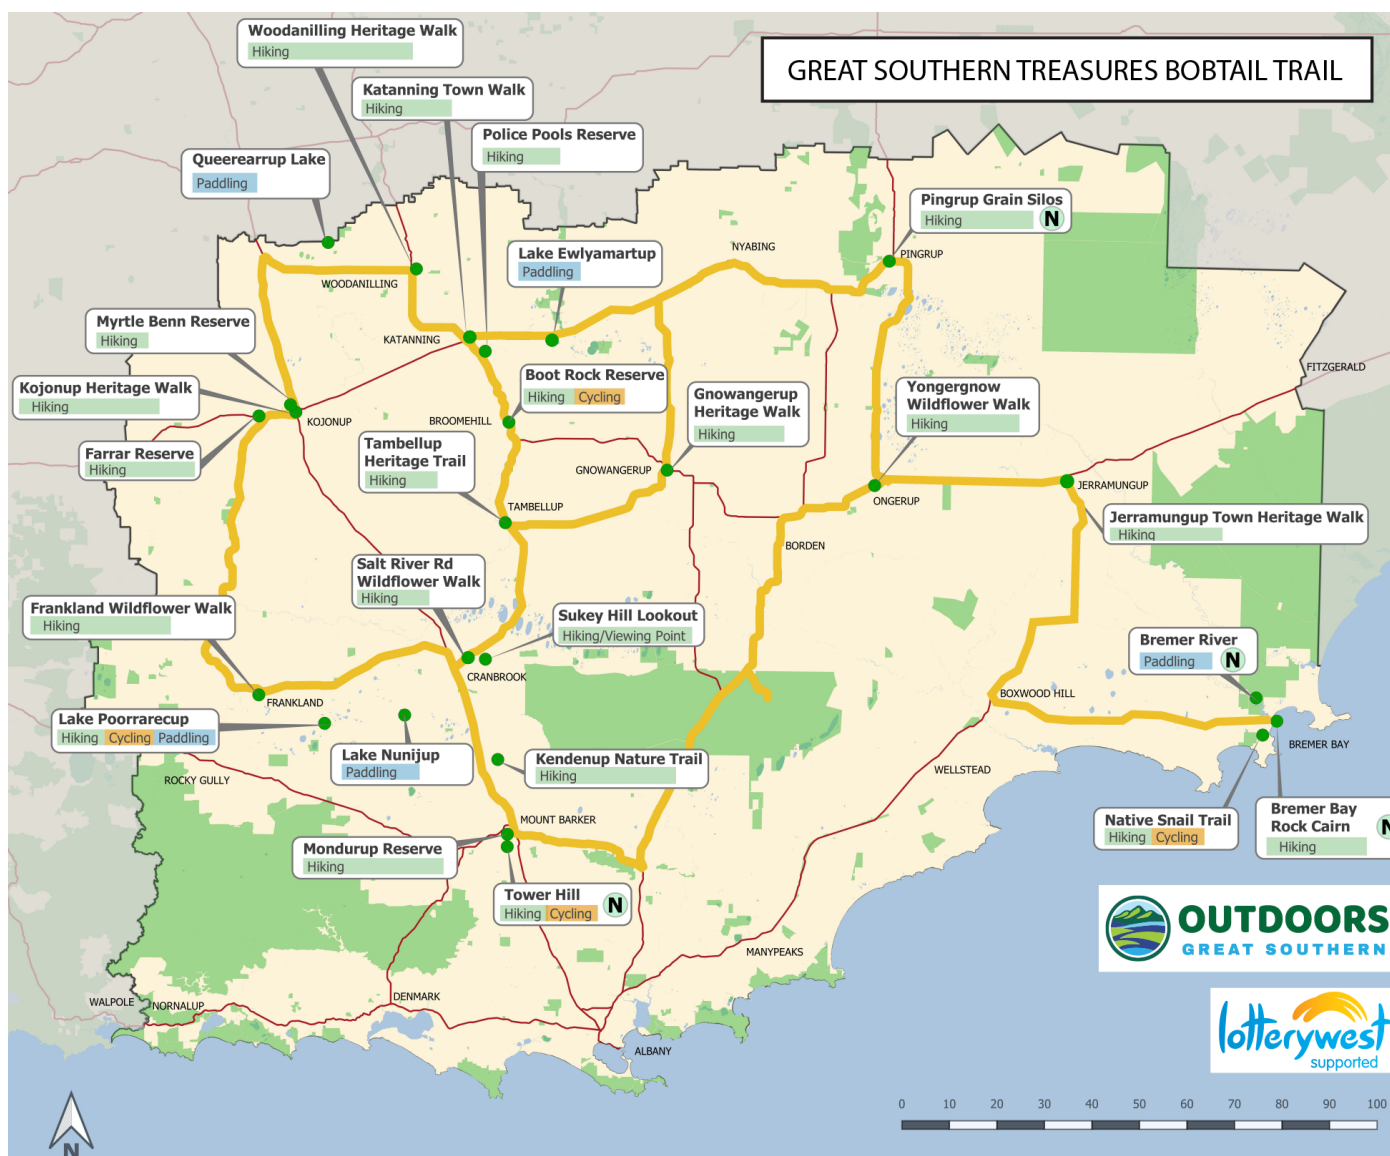

Important natural features that make these places unique

Cultural or historical significance of these places
