- 6. Describe the extent of your interest (if seeking to participate in the matter under S. 5.68 & 5.69 of the Act)

DISCLOSURE OF INTERESTS (NOTES FOR YOUR GUIDANCE)

A Member, who has a Financial Interest in any matter to be discussed at a Council or Committee Meeting that will be attended by the Member, must disclose the nature of the interest:

- a) In a written notice given to the Chief Executive Officer before the Meeting or;
- b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- a) Preside at the part of the Meeting, relating to the matter or;
- b) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the Local Government Act 1995.

NOTES ON FINANCIAL INTEREST (NOTES FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have a Financial Interest in a matter. These notes will be included in each agenda for the time being so that Councillors may refresh their memory.

- 1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measured in money terms. There are exceptions in the Local Government Act 1995 but they should not be relied on without advice, unless the situation is very clear.
- 2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc.), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
- 3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.

4. If in doubt declare.

- 5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it MUST be given when the matter arises in the Agenda, and immediately before the matter is discussed.
- 6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences.

The only exceptions are:

- 6.1 Where the Councillor discloses the extent of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the Local Government Act; or
- 6.2 Where the Minister allows the Councillor to participate under s.5.69(3) of the Local Government Act, with or without conditions.

INTERESTS AFFECTING IMPARTIALITY DEFINITION:

An interest that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected, but does not include an interest as referred to in Section 5.60 of the 'Act'. A member who has an Interest Affecting Impartiality in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest;

- a) in a written notice given to the Chief Executive Officer before the Meeting; or
- b) at the Meeting, immediately before the matter is discussed

IMPACT OF AN IMPARTIALITY DISCLOSURE

There are very different outcomes resulting from disclosing an interest affecting impartiality compared to that of a financial interest. With the declaration of a financial interest, an elected member leaves the room and does not vote. With the declaration of this new type of interest, the elected member stays in the room, participates in the debate and votes. In effect then, following disclosure of an interest affecting impartiality, the member's involvement in the Meeting continues as if no interest existed.

SUMMARY

The purpose of this report is to provide feedback to the *Native Title Agreements and Partnerships* section of the *Department of Planning, Lands and Heritage* with regards to the proposed transfer of land under the South West Native Title Settlement.

BACKGROUND

The South West Native Title Settlement (Settlement) is a landmark native title agreement reached between the State Government (State) and the six Noongar Agreement Groups. The six requisite Indigenous Land Use Agreements (ILUAs) were conclusively registered, leading to the Settlement commencing on 25 February 2021. The Settlement recognises the Agreement Groups as the Traditional Owners of the south west of Western Australia, while resolving native title in exchange for a negotiated package of benefits.

A key negotiated benefit is the delivery of a 320,000 hectare Noongar Land Estate, in accordance with the Noongar Land Base Strategy (Annexure J to the ILUAs). The Noongar Land Estate will contain up to 300,000 hectares of land transferred in reserve or leasehold, and up to 20,000 hectares of land transferred in freehold. The Landholding Body for all land transferred is the Noongar Boodja Land Sub Pty Ltd, which will hold and manage the land in the Noongar Land Estate in consultation with the soon to be established Noongar Regional Corporations. All land will be used and managed in line with Noongar cultural, social and economic aspirations for the benefit of generations to come.

Over the next five years, the Department of Planning, Lands and Heritage (DPLH) will progress selected land parcels through to transfer under the Settlement, subject to all necessary consultation and approvals with stakeholders. Land eligible for inclusion in the Noongar Land Estate includes:

- Unallocated Crown land;
- Unmanaged reserves;
- Land owned or held by the Aboriginal Lands Trust / Aboriginal Affairs Planning Authority; and
- Land owned or held by State agencies or Local Government Authorities, at the discretion of the State agency or Local Government Authority.

A key part of the process being followed by the DPLH involves the referral of land under consideration for inclusion in the Noongar Land Estate to relevant State agencies and Local Government Authorities. As a result, the DPLH have requested requested the Shire's comments on:

- 29 March 2021 Council meeting 44 parcels of land within the Tambellup town site;
- 16 February 2023 Council meeting 53 parcels of land within the Broomehill town site:
- 16 March 2023 Council meeting 17 parcels of land within the Pootenup town site:
- 21 September 2023 Council Meeting 78 Norrish Street, Tambellup; and
- This Council meeting Unallocated Crown land PIN 618669, Dartnall

Specifically, DLPH have requested comments on each of the following nine (9) questions:

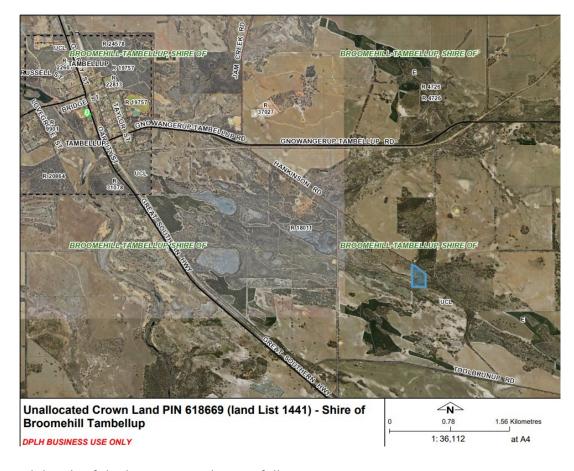

- 1. Is the Shire supportive of the transfer of this land to the Noongar People under the Settlement?
- 2. Does the Shire have any interest in the land?
- 3. Does the Shire have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained.
- 4. Is the land parcel subject to any mandatory connection to services?
- 5. Are any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?
- 6. Are there any future proposals for adjoining land that may affect the land identified in the spreadsheet? If so, in what timeframe?
- 7. Please advise of any proposed planning scheme amendments that may affect the zoning of this land at a State or Local government level. If a scheme amendment is to occur, what is the change proposed and when will it come into effect?
- 8. Please advise of any known land management issues such as site contamination, hazards, debris or rubbish dumping, unauthorised land use and environmental considerations (such as inundation or similar site constraints).
- 9. Please provide any additional comments on the proposed transfer of this land as part of the Settlement.

COMMENT

A map showing Unallocated Crown land PIN 618669, Dartnall is as follows:

Unallocated Crown land PIN 618669 is located outside of the Tambellup townsite on the southern side of Hankinson Road, before Toolbrunup Road (shown in blue on the following map):

Land details of the lot concerned are as follows:

PIN	Lot Number	Survey Number	Street Address	Area (Ha)	CLT	Selected Tenure
618669			Dartnall	3.95		Reserve with power to lease

As there are no known Shire interests or infrastructure located on this lot, it is not envisaged that the Shire would have any objection to the transfer of these lots under the native title process. As such, it is recommended that the DPLH be advised that the Council supports the proposed transfer.

CONSULTATION

The DPLH request for comment was received on 2 November 2023 and the Shire's advice is required to be returned within 40 days of receiving the email (by 12 December 2023). Unfortunately, providing the DPLH with the feedback requested in the time frame provided does not allow for extensive community consultation to be undertaken. Ideally, community and elected member input would also have been sought to provide a more robust response.

STATUTORY ENVIRONMENT

FINANCIAL IMPLICATIONS

This agenda item only provides comment to the DPLH.

RISK MANAGEMENT IMPLICATIONS

This item has been evaluated against the Shire's Risk Assessment and Acceptance Criteria. The perceived level of risk is considered to be "low" and can be managed by routine procedures and with current resources.

ASSET MANAGEMENT IMPLICATIONS

The lot proposed is currently Unallocated Crown land and therefore does not relate to Shire assets.

OFFICER RECOMMENDATION

That the proposed transfer of land under the South West Native Title Settlement (land list 1441), being Unallocated Crown land PIN 618669, Dartnall, be supported.

SUMMARY

The purpose of this report is to consider a request from the Broomehill Bowling Club for a financial contribution to a new synthetic bowling green surface.

BACKGROUND

The current Broomehill bowling green surface was installed in 2012, with an estimated useful life of ten (10) years. At the time of installation, grant funding agreements required the Broomehill Bowling Club (BBC) to put aside funds each year to cover the cost of resurfacing at the end of the useful life of the surface. A Council agenda item on 19 April 2012 stated as follows:

"An indicative quote for the replacement of the surface is attached for information. The cost (in today's terms) is \$86,000 ex GST. A spreadsheet is attached showing the annual contributions required to be made to the Asset Replacement Fund over a ten year period, based on the original cost plus 5% CPI. If Council accepts the condition attached to the agreement, the Broomehill Bowling Club and/or the Broomehill Recreational Complex Committee will need to be consulted to negotiate the amount of an annual contribution towards the replacement of the synthetic surface."

The Broomehill Recreational Complex Committee contribute \$8,600 per year to the Shire to be placed into a reserve account for the green's replacement. The green was estimated to lasts ten (10) years and had a replacement cost of \$86,000. These contributions have been placed into the 'Broomehill Bowling Green Replacement reserve' which had a balance as at 30 June 2023 of \$104,728.

COMMENT

A letter from the Broomehill Bowling Club requesting a financial contribution to the resurfacing project is attached. The project financials can be summarized as follows:

	Cost	Funding
New Synthetic Surface and Steel plinths	\$178,392	
Broomehill Bowling Green Replacement reserve		\$110,000
Broomehill Recreational Complex Committee		\$25,000
Broomehill Bowling Club		\$25,000
Request to Shire for funding		\$25,000
	\$178,392	\$185,000

The Bowling Club are planning to conduct the works in December 2023.

The Broomehill Bowling Club are an active club that provides an accessible sport option to many members of our community. It is recommended that this request be supported. It is also recommended that the practice of the Broomehill Bowling Club making an annual contribution to cover the cost of resurfacing this new synthetic surface at the end of its useful life, at an inflation adjusted rate, be continued.

CONSULTATION

Broomehill Bowling Club and Broomehill Recreational Complex Committee.

STATUTORY ENVIRONMENT

The *Local Government Act 1995* restricts the expenditure of reserve accounts to the purpose that the account was established. The *Broomehill Bowling Green Replacement* reserve account was established for the following purpose:

"for the future replacement of the synthetic bowling green at the Broomehill Recreation Complex"

FINANCIAL IMPLICATIONS

The funding request can be accommodated within the current budgeted operating results. Additional Financial Assistance Grants (compared to budgeted amount) have been received that will fund this request. This, and other budget variations, can be documented in the mid-year budget review.

POLICY IMPLICATIONS

RISK MANAGEMENT IMPLICATIONS

This item has been evaluated against the Shire's Risk Assessment and Acceptance Criteria. The perceived level of risk is considered to be "low" and can be managed by routine procedures, the appropriate approvals and with current resources.

OFFICER RECOMMENDATION

That:

- 1. The expenditure of up to \$110,000 from the Broomehill Bowling Green Replacement reserve account be authorized to fund the costs of the installation of a new synthetic bowling green and steel plinths at the Broomehill Bowling Club;
- 2. The Council make a financial contribution of \$25,000 to fund the costs of the installation of a new synthetic bowling green and steel plinths at the Broomehill Bowling Club on the condition that:
 - a. An agreement be entered into with the Broomehill Bowling Club Inc. that requires an annual contribution of \$12,000 to be placed into the Broomehill Bowling Green Replacement reserve account for the future replacement of the synthetic bowling green at the Broomehill Recreation Complex.

COMMENT

The Council decision given on 17 August 2023 (above) was limited to works between 8am and 5pm on Sundays *until 30 November 2023* and was to be undertaken in compliance with a Noise Management Plan approved by the local government.

The CEO approved an updated Noise Management Plan on 13 October, after which Sunday works then commenced. Residents within 600m were advised in writing of the commencement of Sunday works as required by the *Environmental Protection (Noise)* Regulations 2017 and the Noise Management Plan

The applicant has provided a Noise Monitoring Report (attached) which details noise monitoring on two sites adjacent to the project from Monday, 23 October 2023 to Sunday, 29 October 2023. CBH have advised that "There is a small spike above 65dB (predicted noise emission) on Sunday with the west monitor. We note that the remainder of the day is below the 65dB level. We will continue to monitor to see if this type of spike occurs again."

As the approval given above expires on 30 November 2023, the applicant has requested a further approval to undertake Sunday works, via an amendment to their development approval, which would simply delete the following words from modified condition 9:

"until 30 November 2023"

No noise complaints have been received by the Shire Administration since the Sunday works have commenced and, as such, it is recommended that this request be supported.

CONSULTATION

Residents within 600m were advised of the commencement of Sunday works.

SUMMARY

The purpose of the report is to consider the community feedback received on the draft five (5) year plan for upgrades and improvements to the Gordon River walk trail and facilities.

BACKGROUND

At its meeting held on 21 September 2023, the Council resolved as follows:

'that the Gordon River Walk Trail & Facilities Draft 5 Year Plan:

- 1. As attached, be endorsed for community consultation;
- 2. Be advertised for public comment and feedback via The Topics, Shire website and Facebook page for the month of October 2023; and
- 3. Along with all community feedback received, be considered for adoption at the 16 November 2023 Council Meeting.'

One (1) member of the public provided feedback.

COMMENT

The attached draft plan has identified potential upgrades and improvements to address the poor state of current infrastructure on site and impacts of flooding. Each item has been allocated a Shire SMT member who is responsible and a proposed financial year in which the upgrade will be completed.

Major features of the draft plan as attached are:

- Formalise and seal carpark area and access ways;
- Install BBQ in, or adjacent to, the gazebo;
- Improve directional signage (from Great Southern Highway to the site)
- Install new Toilet facilities;
- Storytelling of the river's historical significance;
- Installation of a raised viewing area at the Weir;
- Review solar lighting and upgrade.
- Restrict all vehicle access to walk trails;
- Install directional signage around the trail;
- Install interpretative & Trail Head signage to tell the story of the river along the trail;
- Investigate and cost estimate the construction of a pedestrian bridge on Tambellup West road.
- Construction of pedestrian bridge on Tambellup West road.
- Install culvert & gravel fill to repair wash outs on Trail.
- Increase regular maintenance to ensure trafficability of trail, public safety and functionality of drainage.
- Develop a grassed area for recreation;
- Install picnic tables and chairs;
- Install Deck over the water;
- Investigate the development of facilities that encourage natural asset attractions, such as Bird watching hides.
- Review lot boundaries, ownership, zoning and tenure to protect the river as an asset for future generations.

One (1) member of the public provided feedback as follows:

'I have read the proposal.

I believe one factor has been overlooked.

Since the weir has been installed, silt has been slowly backing up, upstream.

in the past there has been a need to clean up this area.

and I believe dredging in some form is appropriate, if we are to maintain a balanced eco system.

We have changed natures balance, by not letting the river flush itself. (by installing the weir).

so, we need to assist it, to artificially get the same result.

if we don't, the river will choke and die.'

In addition, the Gillamii Centre have provided the following feedback:

'I just wanted to open up a conversation about the Gordon River Walk Trail and the Shire's plans of improvement over the next 5 years.

Firstly, it's an exciting initiative and definitely needed. I can see some ways Gillamii could potentially collaborate to bring some aspects of this project to life, if not add another layer of social and environmental opportunities through potentially acquiring some funding.

Could we possibly meet with the appropriate people to discuss this further? The funding round I would like to put in for will open early next year.'

The CEO will be meeting with Gillamii representatives in the near future. Neither of these items require amendment of the draft plan.

FINANCIAL IMPLICATIONS

Individual upgrade or improvement projects contained within the adopted five (5) year plan will be budgeted for in the corresponding year of the life of the plan. Planning in a coordinated and consultative way reduces the chances of wasted money through projects being completed that are not accepted to either the Council or the community.

This year's budget includes \$160,000 for the upgrade of facilities at the Gordon River. It is proposed that the components of the attached plan be completed in this current financial year as follows:

·	\$160.000
Trail Repairs	\$30,000
Signage	\$12,000
New Bin Surrounds	\$6,000
Solar Lights	\$12,000
Seal Carpark	\$85,000
New BBQ	\$15,000

RISK MANAGEMENT IMPLICATIONS

This agenda item deals with a Council asset that is open to the public 24 hours a day, 7 days per week. A robust plan that addresses the issues identified assists in the reduction of possible harm to the public in an area that has the potential to attract large numbers of visitors each week without possible embarrassment or reputational risk to the Shire.

ASSET MANAGEMENT IMPLICATIONS

This agenda item deals with a Council asset that is always open to the public. An improved level of maintenance and upgrade will increase the life of the asset and ensure that it is fit for purpose.

SUMMARY

The Council to consider the monthly financial statements for October 2023.

BACKGROUND

The Local Government (Financial Management) Regulations 1996 require a statement of financial activity to be prepared each month and prescribe the contents of that report and accompanying documents. The report is to be presented at an ordinary meeting of the Council within 2 months after the end of the month to which the report relates.

COMMENT

Each financial year, the Council is required to adopt a percentage or value to be used in the statement of financial activity for reporting material variances. As part of the 2023/24 budget process, the Council adopted 10% or \$10,000 (whichever is the greater) as the material variance for reporting purposes for the year.

The statement of financial activity identifies material variances, which is a requirement of the Local Government (Financial Management) Regulations 1996.

Councillors should note that until the audit is finalised for the year ending 30 June 2023 some figures may change which may affect the opening position for the current year. Depreciation for 2023/24 cannot be processed until the audit for the previous year is finalised, this will affect the variances reported in the statement of financial activity.
