

Signed Declaration Samples

The Shire/ Town/City of <insert> accepts the invitation from WALGA to register as a RoadWise Council and agrees/commits/intends to:

Vision statement <Local Governments should choose one or develop their own>

- To work towards best practice road safety with available resources.
- To work towards embedding road safety action across business to improve local road safety outcomes.
- To work towards developing a systematic, organisation wide approach to managing road safety and embedding actions across the business to assist in achieving the ultimate long-term vision of zero deaths and serious injuries on the local road network.
- To work towards developing a systematic, organisation wide approach to managing road safety and embedding actions across the business to achieve the ultimate long-term vision of zero deaths and serious injuries on the local road network.

Statements of intention <Local Governments to choose one or more, or draft their own>

- The Shire/Town/city of <insert> acknowledge it is unacceptable that people should die or be seriously injured while using the local road network.
- The Shire/Town/city of <insert> recognises that the City/Shire/Town has an opportunity to influence road safety outcomes on the local road network through our role in building, maintaining and managing roads.
- The Shire/Town/city of <insert> recognises that the City/Shire/Town invest significant resources in managing an extensive network of local roads and are well placed to influence road safety performance.
- The Shire/Town/city of <insert> will demonstrate leadership in road safety by striving to work within the framework of the Road Safety Governing Principles for Local Government.
- The Shire/Town/city of <insert> will demonstrate action in road safety by working towards identifying and implementing measures to improve road safety outcomes on the local road network.
- The Shire/Town/city of <insert> will demonstrate action in road safety by identifying opportunities and implementing measures, within our capacity and resourcing, to improve road safety outcomes on the local road network.
- The Shire/Town/city of <insert> will demonstrate action in road safety by working towards implementing a systems approach to improve road safety on our local network for our community and visitors.
- The Shire/Town/city of <insert> will demonstrate action in road safety by embedding survivable interventions through prioritising works which have an evidence-based systems approach to reducing killed and serious injuries on the local road network.

Signed on behalf of the Shire/Town/City of <insert>
Mayor/President
