

Annual Budget

for the year ended 30 June 2020

2019/2020 Budget Summary

It is my pleasure to present the 2019/2020 Budget for the Shire of Broomehill-Tambellup.

This year's budget totals \$16.2 million, representing \$6.3 million in operating expenditures and \$9.9 million in capital expenditures.

The Shire's Community Strategic Plan 2018-2028 and Corporate Business Plan 2018-2022 provide the strategic direction for Council and the Community. The budget process takes into consideration the strategies included in these plans, as well as the Strategic Resource Plan (asset management/long term financial planning) and Workforce Plan.

While the Strategic Resource Plan has identified that an increase in rate revenue of 5% annually, after lengthy discussion and review of competing priorities and demands, the Council has determined that a modest 3.5% increase from rate revenue will be applied to all rural and townsite properties this year. This generates additional revenue of \$87,900.

There have been no increases in refuse and recycling charges levied annually on townsite properties, which have remained at the same level since 2011.

KEY FEATURES

Broomehill Fire Shed

\$460,000 has been allocated for construction of a new fire shed in Broomehill. The Department of Fire and Emergency Services have allocated funding of \$400,000 from the Local Government Grants Scheme and the Shire will undertake siteworks.

Great Southern Housing Initiative

The Shire is a participant in the Great Southern Housing Initiative, which is a project to develop Independent Living Units and Key Worker Accommodation across seven local governments in the Great Southern Region.

The Shire of Broomehill-Tambellup (as lead agency) has been successful in securing \$10 million from the Building Better Regions Fund (BBRF). The Shire of Kojonup (as lead agency) has secured \$2.6 million from the Regional Aged Accommodation Program (RAAP). This funding will see construction of some 79 housing units for independent living seniors and regional employees across the seven local governments involved in the initiative.

- \$1,280,000 has been included for construction of 4 Independent Living Units in Broomehill. The units are funded by the RAAP, BBRF and the Shires Building Reserve.
- \$1,500,000 for construction of three staff houses; two in Broomehill and one in Tambellup. These houses will replace older housing stocks. An allocation from the BBRF will partially fund construction and the remainder funded by sale of four existing houses.
- \$1,550,000 has been allocated for construction of 3 'Government Regional Officers Housing' (GROH) residences in Tambellup. GROH have approached the Shire to build these, and they will be leased to GROH for long term tenure. These houses are funded partially by BBRF and the balance with loan funds. The lease payment from GROH will offset the loan repayments.
- \$255,000 for construction of 'Key Worker Accommodation' cabins at the Broomehill Caravan Park, funded by the BBRF and Building Reserve.

Parks, Gardens and Reserves

\$55,000 has been included to improve the drainage at the junior playground in Diprose Park which floods during periods of heavy rain, and install shade over this area. This project was deferred from the previous year.

2019/2020 Budget Summary

Plant Replacement

The Shire strives to maintain a modern fleet of vehicles and equipment, and maintains a 10 Year Plant Replacement Program to achieve this objective. Optimum changeover times have been identified for plant and equipment, ensuring the Shire receives best value for money and to minimise the impact on annual budgets. Funds are held in the Plant Reserve which is used to achieve all changeovers and purchases included in the Plant Replacement Program. Any savings realised throughout the year on plant and equipment changeovers is retained in the Reserve for future requirements.

Along with changeover of the light fleet, a mini excavator and reel mower have been included for purchase this year.

Road Construction

A road construction program of \$1,730,200 is planned for the coming year. Council is fortunate to receive funding from the Regional Road Group and Roads to Recovery program, which assists in meeting the costs in completing the planned projects. Regional Road Group funding is allocated on the basis that 2/3 in funding is provided by Main Roads WA and Councils are required to contribute 1/3. Roads to Recovery funding does not require a matching contribution.

The road program includes the following projects –

- Tambellup West Road – stabilise patches and reseal
- Gnowangerup-Tambellup Road – stabilise patches & reseal (2 sections)
- Toolbrunup Road – stabilise patches & reseal
- Pootenup Road – stabilise patches & reseal
- Toolbrunup Road – widen seal
- Pallinup Road – reconstruct & seal 4km

Upgrade of footpaths in the Broomehill and Tambellup townsites will commence during the year, and will continue in stages over the coming 4-5 years.

Tambellup Caravan Park

Council purchased the former bowling club in Tambellup in 17/18, and has set aside \$10,000 to investigate development of this land into a Caravan Park.

Holland Track Interpretive Centre

In recognising the importance of encouraging visitors to our Shire, the Council has allocated \$20,000 towards design of a 'Holland Track Interpretive Centre' and bring together other existing tourism plans for the Shire.

Water Harvesting

An application for funding has been submitted to the 'Community Water Supply Program' of \$68,500 which will be utilised to upgrade the water harvesting capability off the CBH expansion site. Water harvested will be utilised at the Broomehill Complex and Caravan Park. The total project cost is \$107,500.

The 2019/20 Budget provides for the operations of the Shire for the coming financial year. This summary is intended to provide a snapshot of the projects included in this year's budget. Funding sources, loan indebtedness and reserve balances are outlined in the following pages.

I commend this budget to you as a financially responsible budget that ensures services and facilities continue to be provided at the level ratepayers and residents have come to expect, while providing renewal of essential road and community assets for the enhancement of the whole Shire.

All land (other than exempt land) in the Shire of Broomehill-Tambellup is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed for the 2019/20 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rate has been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

2(b). EXPLANATION OF DIFFERENCE IN NET CURRENT ASSETS AND SURPLUS(DEFICIT)

Operating activities excluded from budgeted deficiency

When calculating the budget deficiency for the purpose of Section 6.2 (2)(c) of the *Local Government Act 1995* the following amounts have been excluded as provided by *Local Government (Financial Management) Regulation 32* which will not fund the budgeted expenditure.

Note	2019/20 Budget 30 June 2020	2019/20 Budget 01 July 2019	2018/19 Estimated Actual 30 June 2019	2018/19 Budget 30 June 2019

(iii) Reason for adjustment to Adjusted net current assets - surplus/(deficit) on 1 July 2019

The Shire has elected to retrospectively apply the cumulative effect of applying AASB 1058 Income of Not-for-Profit Entities at the date of initial application of the standard, being 1 July 2019. The impact of applying the standard was to recognise unspent grants and contributions for construction of recognisable non-financial assets controlled by the Shire as a liability. The opening budgeted surplus/deficit on 1 July 2019 has been amended accordingly from the estimated actual closing surplus/deficit. Refer to note 16 for further explanation of the impact of the changes in accounting policies

FOR THE YEAR ENDED 30 JUNE 2020**

2(c). NET CURRENT ASSETS (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire of Broomehill-Tambellups operational cycle. In the case of liabilities where the Shire of Broomehill-Tambellup does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire of Broomehill-Tambellups intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Broomehill-Tambellup becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

PROVISIONS

Provisions are recognised when the Shire of Broomehill-Tambellup has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Superannuation

The Shire of Broomehill-Tambellup contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Broomehill-Tambellup contributes are defined contribution plans.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

EMPLOYEE BENEFITS

Short-term employee benefits

Provision is made for the Shire of Broomehill-Tambellup's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire of Broomehill-Tambellup's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire of Broomehill-Tambellup's obligations for employee's annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Major depreciation periods used for each class of depreciable asset are:

Buildings	40 to 50 Years
Furniture & Equipment	5 to 10 Years
Plant & Equipment	1 to 15 Years
Infrastructure - Roads	20 to 50 Years

DEPRECIATION (CONTINUED)

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A(5)*. These assets are expensed immediately.

CRITICAL ACCOUNTING ESTIMATES

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

**16. SIGNIFICANT ACCOUNTING POLICIES - CHANGE
IN ACCOUNTING POLICIES**

This note explains the impact of the adoption of AASB 15 Revenue from Contracts with Customers, AASB 16 Leases and AASB 1058 Income for Not-for-Profit Entities.

REVENUE FROM CONTRACTS WITH CUSTOMERS

The Shire of Broomehill-Tambellup adopted AASB 15 on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the Shire of Broomehill-Tambellup has adopted the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019. In summary the following adjustments were made to the amounts recognised in the balance sheet at the date of initial application (1 July 2019):

	AASB 118 carrying amount 30 June 19	Reclassification	AASB 15 carrying amount 01 July 19
	\$	\$	\$
Contract assets	0		0
Contract liabilities - current			
Unspent grants, contributions and reimbursements	0	51,506	51,506
Adjustment to retained surplus from adoption of AASB 15		(51,506)	

LEASES

On adoption of AASB 16, for leases which had previously been classified as an 'operating lease' when applying AASB 117, the Shire of Broomehill-Tambellup is not required to make any adjustments on transition for leases for which the underlying asset is of low value. Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5).

INCOME FOR NOT-FOR-PROFIT ENTITIES

The Shire of Broomehill-Tambellup has adopted AASB 1058 from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire of Broomehill-Tambellup has adopted the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods shall not be restated in accordance with AASB 1058 transition requirements.

In applying AASB 1058 retrospectively with the cumulative effect of initially applying the Standard on 1 July 2019 changes occurred to the following financial statement line items by application of AASB as compared to AASB 1004 Contributions before the change:

	AASB 1004 carrying amount 30 June 19	Reclassification	AASB 1058 carrying amount 01 July 19
	\$	\$	\$
Trade and other payables	(345,000)	0	(345,000)
Adjustment to retained surplus from adoption of AASB 1058		0	

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Therefore the rates received in advance give rise to a financial liability that is within the scope of AASB 9. On 1 July 2019 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised by the Shire of Broomehill-Tambellup. When the taxable event occurs the financial liability is extinguished and the Shire of Broomehill-Tambellup recognises income for the prepaid rates that have not been refunded.

Assets that were acquired for consideration that was significantly less than fair value principally to enable the Shire of Broomehill-Tambellup to further its objectives may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

RATES

Revenue

Rate Income

Rate revenue has been increased by 3.5% for both rural (UV) and townsite (GRV) properties

In accordance with Section 6.50 of the Local Government Act 1995, rates and service charges are due and payable within 35 days from the date of issue on the rate notice. A 5% early payment discount will continue to be offered, as will payment by either the two or four instalment options.

Ex Gratia Rates

Co-operative Bulk Handling pays an annual levy in lieu of rates, which is based on the annual tonnages stored at their facilities in Broomehill and Tambellup. The levy is increased each year according to the general rate increase levied against all properties, and the tonnage advised by CBH. It is estimated that \$65,500 will be raised from ex gratia rates. This is an increase on the previous year due to increased storage at the Broomehill Receiving Point.

Discount

Provision has been made to offer a 5% discount on rates paid within 28 days. It is estimated that \$100,000 in discount will be utilised, based on the take up in the previous year.

Admin Fee – Instalments

In accordance with the provisions of Section 6.45 of the Local Government Act 1995, Council can impose an additional charge where the payment of rates and service charges is made by way of instalments. The additional charge is for the purpose of cost recovery (ie costs incurred by staff to manage the instalment plans). The current fee is \$10 per instalment, after the first (ie: \$30 per year on a 4 instalment plan and \$10 per year on a 2 instalment plan).

Penalty Interest

Penalty interest is applied to all rates not paid within 35 days of the date of issue on the rate notice. The maximum rate Council can apply is 11%, which is prescribed in Section 6.51 of the Local Government Act 1995 and Regulation 70 of the Local Government (Financial Management) Regulations 1996.

Interest on Instalments

Interest is calculated and applied to rates as soon as the first payment is received for an instalment plan. Local Government Act 1995 Section 6.45 and Regulation 68 of the Local Government (Financial Management) Regulations prescribe the maximum rate of interest that can be applied to instalments is 5.5%.

Rate Enquiries

Council has listed in its Schedule of Fees and Charges that a fee of \$45 will apply to all rate account enquiries. The enquiries are submitted by Settlement Agents electronically via a Landgate web service to obtain rates and other charges prior to sale of a property.

Rates Written Off

In previous years, the Tambellup Golf Club and Tambellup Business Centre have applied to Council for a concession on their annual rates. Provision is made should Council again agree to a concession on rates for these two properties.

Expense

Contract Services

Provision is made for costs associated with debt recovery through Council's debt collection agency Ampac. Most charges in relation to recovery of rates are able to be on-charged on to the outstanding debtors. This expense is offset by revenue shown as a reimbursement.

Valuations & Title Searches

The annual revaluation of UV (Rural) properties has been provided by the Valuer General's Office, and the five yearly revaluation for GRV (townsite) properties has also been undertaken; the new valuations come into effect on 1 July 2019.

OTHER GENERAL PURPOSE FUNDING

Revenue

Grants Commission FAGs & Untied Road Grants

Financial Assistance Grants (FAGs) are provided from the State Government through the WA Local Government Grants Commission (WALGGC). This funding is not tied to any particular projects, rather they are provided to assist to maintain Councils road network and other operational costs.

The WALGGC has not yet advised of final allocations for 2019/20, and the budget has been prepared on the basis that the Shire will receive the same amount in FAGs as the previous year. An advance instalment of approximately 50% of our 19/20 FAGs allocation was received in June, however the WALGGC suggest that Councils should not use this amount as the basis of actual allocations to be made in the coming year.

The budget has been prepared to reflect the advance payment being included in the carried forward surplus at 30 June, and the balance of the Shire's allocation shown as revenue to be received during the year.

Other General Purpose

Interest on Investments - Reserves

Interest earned on the Shire's Reserve funds is retained and reinvested into the reserve. The interest revenue is reported under this heading, and is then shown as a transfer into the reserves.

Expense

Bank Charges

Council incurs fees on its Municipal Fund for the EFTPOS service (merchant fees), bulk transfers (payroll and creditors) and transaction fees.

Other Sundry Expenses

Payments under this heading include the fee Council is charged by Centrelink for their customers making regular payments from their pension towards rates accounts, along with the fee charged by the Debt Collector to handle regular payments from sundry debtors. Unfortunately, Council must carry these costs and they cannot be passed onto the debtor.

ESL Grant

The Shire's allocation from the Department of Fire and Emergency Services 'Local Government Grants Scheme', also known as the ESL Grant, is \$41,600 in 19/20. This funding assists in providing equipment to the fire brigades, as well as insurance coverage for these volunteers.

DFES have approved funding of \$400,000 for construction of a new Fire Shed in Broomehill. The Shire is required to assist with site works. Expenditure of this funding is shown in the capital section.

ESL Collected

DFES have advised that the minimum ESL charge (which applies to all properties in the Shire of Broomehill-Tambellup) has been increased from \$82 to \$84 for 19/20. The ESL raised is paid to DFES in quarterly instalments over the year.

ESL Administration Fee

Council receives an annual payment of \$4,000 to assist with administering the collection of the ESL on behalf of DFES.

Upon renewal of the Contract with the Katanning/Broomehill-Tambellup officer, DFES allocated time from this position to include Woodanilling, and this arrangement came into effect from 1 July 2017. This position is funded 60:40 between DFES and Shires, and individual Shires contributions are split 15:15:10 Katanning: Broomehill-Tambellup: Woodanilling.
