Dear people of Tambellup and surrounds,
Thank you for all your kind thoughts and support on the passing of my father Lenard Andrew King. Thanks for taking the time to talk about dad with me and remembering all the good and sometimes not so good times, but still celebrating his life. Not many people get to have their father for so long, but unfortunately it was definitely time to go and he wanted to go. We had a small but still full-on funeral with all ten of us, which dad would have been happy about. He didn't want a big fuss. His sister May was there, and she told a story about saving dad from drowning when he was 3 years old. May would have been 13. Dad had gone under water twice and surfaced twice but went under for a third time. May said if she hadn't gotten hold of him then she probably wouldn't have been able to save him. Thanks to Betty, sisters Robin and Sandy for all their help during the last few months. Thanks, Betty, for all the running around, unpacking and shopping you've done for dad and mum over a long period of time. Mum is still doing well in Clarence Estate under lock down. One couldn't ask for better surrounds and genuinely caring staff to be looking after vulnerable people. It was good dad could leave this world in his own room surrounded by familiar faces and not be shunted off to the hospital in a much more sterile and unfamiliar environment. We are forever grateful to Clarence Estate and Dr Zee Wong. People may have been leaving messages on my farm landline, but the phone is dead from my end and I can't retrieve messages so I'm sorry if I haven't returned your calls. I know a lot of you want to celebrate dad's life with a memorial of some sort. We will see what the COVID scene is like later on this year and let you all know what is possible.

Yours Gratefully
Rod King

We would like to thank all those who came down our driveway to check on us during the recent Sorento Road bushfire. The support was greatly appreciated in a stressful situation.

At time of publication, the next Ordinary meeting of Council will be held on Thursday 21 May 2020 commencing at 4.30pm. This will be an electronic meeting conducted by videoconference. Questions for Public Question Time are welcome, and should be emailed to mail@shirebt.wa.gov.au by 12.00 noon on the day of the meeting.

COVID-19

The four weeks since last Topics have seen some significant changes made to the way we all live and the things we take for granted. Regional travel restrictions and the direction from the State Government to stay home impacted on the ability of people to get away for Easter, with many social media posts highlighting the small pleasures of camping in your back yard! We were pleased to note the majority of people in the state heeded the directive, and stayed home.

The Local Emergency Management Committee has been meeting weekly since the middle of March, and it has become apparent that the processes initiated by each of the agencies represented are appropriate for now. All committee updates are provided to the District Emergency Management Committee weekly so they have a handle on the broader picture across the region.

Shire staff continue to monitor the situation, and changes to operations have been made where required. All administration staff are still working from the offices, and observing hygiene and social distancing practices. The offices remain closed to the public at this time, however residents are able to phone and make an appointment for any business matters that can't be dealt with online or by phone or email.

Facilities including the Broomehill Recreational Complex, Tambellup Community Pavilion, all playgrounds, skate parks, the Broomehill Caravan Park and public BBQ facilities remain closed.

The Broomehill and Tambellup libraries are closed, however staff are still working and are more than happy to assist library patrons on a 'click and collect' basis. This can be done in two ways:

- Go to the Libraries tab on the Shire website www.shirebt.wa.gov.au and search the online catalogue. Members can use the online reservation system to reserve items available at both libraries, and staff will be in contact to arrange for collection; or
- Phone your library staff – Jacinta at the Broomehill Library (9825 3555) and Melissa at the Tambellup CRC (9825 1177) and let them know what you are after. They will be more than happy to pick your selections and arrange a time for collection.
- Staff are also happy to source inter-library materials for you on request.

As mentioned in the last Topics, the Shire has a Facebook page, and we hope to provide information that is relevant and timely. The new Shire website has improved functionality, and we are working to ensure information is updated regularly.

RECYCLING UPDATE

Please remember that Tissues and Paper Towel CANNOT be recycled. This applies even once the COVID19 risk subsides.

Tissues and paper towel should never be put into your recycling bin. The cardboard box and rolls that they are packaged in can be recycled however, and of course clean paper and newspaper should be recycled.

While it is heartening to see the reduced number of positive COVID-19 cases in our region and across the state, it is timely to ensure you continue to follow health and hygiene protocols as recommended by the Australian Government Department of Health:

- Wash hands often with soap and water, or hand sanitiser
- Cover coughs and sneezes – into a tissue or into your elbow
- Stay home if you are unwell
- Observe social distancing requirements – at least 1.5m

It is recommended you rely on reputable sources of information for updates as the matter evolves, including:

- Australian Government Department of Health - <http://www.health.gov.au/>
- For COVID-19 fact sheets and FAQs - <http://www.health.gov.au/resources>
- Western Australian Department of Health - <https://ww2.health.wa.gov.au/>

FROM THE APRIL COUNCIL MEETING

In accordance with the amendments made to the *Local Government (Administration) Regulations 1996*, the April Ordinary Council meeting was conducted electronically for the first time, and Councillors are to be commended on their adaptation to the new format. All Council and Committee meetings will be conducted electronically until further notice.

Council received the Corporate Business Plan 2018-2022 Quarterly Progress Report for the period January-March 2020. Progress has been summarised as follows:

For more information in this regard please contact Pam Hull at the Shire.

Council endorsed the appointment of the following people as Chief Bushfire Control Officer, Deputy Chief Bushfire Control Officers for the 2020-2021 and 2021-2022 fire seasons, and Brigade Fire Control Officers for the 2020-2021 fire season:

Chief Bushfire Control Officer	Wayne Newby
Deputy Chief Bushfire Control Officer	Kim Oliver
Deputy Chief Bushfire Control Officer	Michael Altus
Brigade Fire Control Officers:	
Broomehill East Brigade	Nathan Heron
Broomehill West Brigade	Ed Anderson
Broomehill Central Brigade	Neil Tears
Tambellup East Brigade	Mario Cristinelli
Tambellup West Brigade	Nick Lockyer
Tambellup Volunteer Fire & Emergency Services	Laurie Hull
Shire of Broomehill-Tambellup Ranger	Damon Powell
Community Emergency Services Manager	Cindy Pearce

Thank you to these people for their ongoing commitment to maintaining the safety of our district.

Council granted planning consent to the Shire of Broomehill-Tambellup for the use and development of Lot 632 Great Southern Highway, Broomehill Village, for a Fire Brigade Building, subject to conditions.

WORKS

Programmed works to widen a section of seal on Toolbrunup Rd were completed after Easter, with contractors completing the stabilising and sealing. While the contractors were available, patches on Gnowangerup-Tambellup Rd, Pootenup Rd and Tambellup West Rd were also resealed.

Maintenance grading was completed on the following roads during April: Flat Rocks Rd, Beejenup Rd, Palomar Rd, Birt Rd, Warrenup Rd, Hassell Rd, White Rd, Watergarrup Rd, Witham Rd.

The project to improve the harvesting and reuse of storm water in Broomehill continued through April, with the new pipeline installed from the sump at the CBH expansion site to the Broomehill Recreational Complex dam. The installation of this bigger line has improved the efficiency of the pump at the CBH dam, with water transferring to the Complex dam at a much faster rate. The catchment area at the Complex dam has been compacted, and will be sealed as funds permit. The latest stage of the project completed is the installation of a new pipeline from the Town dam to the Broomehill Caravan Park, to allow for watering at the Caravan Park to be done via the dam rather than the mains water system. This project has been funded by Council and the Department of Water & Environmental Regulation, and will assist in securing water supplies for our open spaces into the future.

WATER AVAILABILITY

At the April Ordinary Council meeting, Council acknowledged concerns in the community regarding the ability of landowners to access water from standpipes in the Shire. Specifically, concerns raised included:

- Lack of flow/pressure at Crawford Street standpipe
- Lack of water at Tambellup West tank due to high use
- Cost of water at Donald Street given slow flow rates

What water infrastructure is in place in the Shire?

Broomehill:

STANDPIPES: SITE	MAIN SIZE	WATER CORP COST \$/KI	ACCESS
Shire Depot	50mm	8.56	No public access
Greenhills Road	50mm	8.56	Swipe card metered
Cemetery Rd	50mm	8.56	Swipe card metered

Tambellup:

STANDPIPES: SITE	MAIN SIZE	WATER CORP COST \$/KI	ACCESS
Shire Depot	40mm	8.56	No public access
Crawford St	50mm	8.56	Swipe card metred
Donald St	40mm	8.56	Manual metered tank feed
TA West Road	25mm	2.60	Swipe card metred tank feed
Water Corporation Dam	50mm	8.56	No public access

Treated Waste Water:

Tambellup is serviced with a reticulated sewer network that allows for the use of tertiary treated waste water. This currently allows for Tambellup Oval watering during specific periods. The allocated treated waste water was used for this summer.

Andersons Bores:

In the south east corner of the Shire there are two bores known as Andersons Bores. Both are currently operating with few issues. These bores are unmetered, and power use is not charged to users. There is no information on current extraction rates or levels of use, though anecdotal evidence is that there has been significant use of this resource.

Dams/tanks:

There are a number of dams and tanks in Broomehill and Tambellup that are connected and used for a variety of purposes, predominantly for maintenance of parks, gardens and ovals. These are not currently accessible to the public.

Concerns raised

The three facilities at the centre of landowners concerns (Crawford St, Tambellup West Rd and Donald St) are controlled by the Water Corporation.

Currently large volumes of water are being taken from the Crawford St standpipe for transport to other centres including Kukerin, Jerramungup, Fitzgerald and Ongerup. This facility is connected to a 50mm main (it is noted that the Water Corporation has restricted the flow from 50mm main down to 40mm). The larger mains connection results in an increased flow rate, and is charged at a higher rate per kilolitre accordingly, however it is acknowledged the increased draw from this source by the Water Corporation may result in lower pressure/flow rate. Shire staff will contact the Water Corporation to clarify this.

The Tambellup West Rd standpipe is connected to a 240kL tank and a 25mm main. The smaller connection to the scheme results in a slower flow rate, and is charged a lesser rate per kilolitre accordingly. With seasonal conditions as they are, the draw on this source has increased, with larger volumes being taken, and the slower flow rate means the tank is slower to fill after being emptied – it is estimated that with no use, the tank will take up to 48 hours to fill. This has resulted in water not being available at times.

The issues being experienced at the Tambellup West Rd standpipe has seen increased use of the Donald St tank. This tank is connected to the scheme via a 25mm line from a 40mm main, and as a result, is quicker to fill after being emptied. However – the larger main feeding this tank means the water is charged at a higher rate per kilolitre.

Council is aware of discussion in the community about the original purpose of the Donald St tank being for stock water during periods of drought – regardless of the original intent of the facility, as it is connected to the scheme it is now controlled by the Water Corporation and water accessed through this source is charged in accordance with Water Corporation charges to the Shire.

Water Charges

The costs of water were considered at the February Ordinary Council meeting, following the Water Corporation's review of infrastructure and charges during 2019. Council endorsed the following fees for sale of water:

- | | |
|-------------------------------------|---|
| • Tambellup West Road standpipe | \$3.40 per kilolitre (no change – 25mm meter) |
| • Crawford Street standpipe | \$9.20 per kilolitre (50mm meter) |
| • Greenhills North Road standpipe | \$9.20 per kilolitre (50mm meter) |
| • Broomehill-Kojonup Road standpipe | \$9.20 per kilolitre (50mm meter) |

At the time of consideration of the amended fees, Council was unaware that the Donald St tank was being accessed for water. At the March meeting, Council determined that water from this source would be charged at \$9.20 per kilolitre, as per the Water Corporations charges.

While it is regrettable that these costs have increased, the Shire's Fees and Charges are determined on a cost recovery basis and in this case, include the Water Corporation rate and a small sum to partially offset the cost of operating and maintaining the infrastructure. Unfortunately Council is not able to subsidise these costs.

Declaration of Water Deficiency?

Council officers have requested information about Water Deficiency Declarations, and advice received indicates that there is no current criteria that would allow the Shire of Broomehill-Tambellup to be declared as Water Deficient. Advice received states as follows:

'Pricing concessions for scheme standpipes are applied where determined necessary through Government's Water Deficiency Declaration process. Pricing concessions can be utilised through the WDD process to strategically manage distribution for water deficient areas. The objective is to manage the availability of water, not to provide subsidies.

Similarly, the scheme water is being carted for animal welfare purposes after assessment of scheme and non-scheme water availability through the stringent WDD process, and after approval from both the Ministers for Water and Agriculture.'

Effectively, while there is Scheme water available it is difficult, if not impossible, to be determined as water deficient as the relevant agencies (DWER and Water Corporation) believe that water is available and accessible. While this does not take into account the current issues with water being unavailable due to excess load on the Scheme, there remains no way to have the Shire declared water deficient.

What is the Shire putting in place to assist?

At the April Ordinary meeting, Council determined the following actions would be taken:

- Installation of a 250 kilolitre water tank in Tambellup (location to be determined), with a 40mm main supply;
- Installation of a 250 kilolitre water tank in Broomehill (location to be determined), with a 50mm main supply;
- Installation of a 110 kilolitre tank at Broomehill Town Dam with 20mm main supply, to provide water at the lesser charge;
- Reline existing 90 kilolitre tank at Donald Street and connect to 25mm main supply, to provide water at the lesser charge. This will be completed once new 250 kilolitre tank is installed.

These projects are to be funded by a reallocation of funds from other capital projects in this year's budget and will be commenced in the near future. The funds available do not allow for standpipe controllers to be installed this financial year – this will be completed in 2020-2021. Projects that have been postponed will be reconsidered during 2020-2021 budget deliberations.

Other actions include:

- Shire staff to seek advice from the Water Corporation on the Impact of drawing 300,000 litres a day of water on pressure and flow rates on Tambellup water supply;
- Council will request that the Water Corporation install a standpipe at the corner of Broomehill-Gnowangerup and Pallinup Roads on the 200mm water main to provide water to water deficient areas to reduce the impact on water supply in Broomehill and Tambellup;
- Council will commence monitoring use of the Andersons Bores to determine the volumes of water being drawn from these bores.

While it is acknowledged these actions may not be implemented in time for this current dry season, all actions assist in securing water supply for landowners in our Shire. Also - with the Katanning fire in our not-so-distant memory, an increased number of water supply points with better capacity and flow rates will benefit our emergency services in the event we are faced with an incident on that scale.

If you require more information or clarification of any matter presented, please contact the CEO.

DROUGHT COMMUNITIES PROGRAM (DCP)

As advised in the April Topics, Council is continuing to develop plans for projects that will be implemented through this programme, which will provide \$1 million of funding towards eligible projects. The DCP projects being considered include:

- Eligible water efficiency projects
- Upgrades to the Broomehill Recreational Complex
- Development of a 'Holland Track' Interpretive Centre in Broomehill
- Streetscape upgrades in Broomehill
- Nature play playground in Holland Park
- Development of a youth centre in Tambellup
- Streetscape upgrades in Tambellup
- Development of a new Town Square and ANZAC memorial in Tambellup

Council will release concept plans soon to allow for public comment. These projects are proposed to conform to eligibility requirements of the DCP, and have been extrapolated from our Strategic Community Plan.

BROOMEHILL CENTRAL FIRE BRIGADE BUILDING

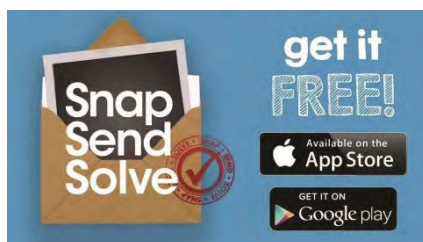

Works have commenced on site, with the sand pad being laid and compacted over the Easter weekend. Utilities will be connected in coming weeks and the construction of the shed will also start. Keep an eye on this space!

ROAD SAFETY DURING SEEDING OPERATIONS

It's that time of the year again when a lot of heavy machinery will be moving around the Shire. Farmers, your licensing concession on tractors, self-propelled sprayers, spray equipment etc., contains conditions which may include the requirement to only travel on roads between sunrise and sunset, may require a flashing light, and may need to have an "over width" sign attached. In the event of an accident involving other road users, if conditions of your license are not complied with, motor vehicle injury insurance will not apply and penalties may be incurred. For more information please contact Lesley or Jacinta at the Shire Administration offices.

DID YOU KNOW???

The Shire has subscribed to the online reporting tool **Snap Send Solve** – making it easier for residents to report local issues directly to the Shire, or other service providers including the Water Corporation, Telstra, Australia Post and NBN.

The platform operates via a free app **Snap Send Solve** that can be downloaded to your smart device, and allows for photos of the issue to be uploaded, the location identified and your notes and contact details to be included. When you hit 'send', the report is forwarded to the Shire's main office email address (or other organisation contact where applicable), where it is forwarded for actioning. If you would like more information about this service please contact the Shire.

CUSTOMER FEEDBACK

The Shire of Broomehill-Tambellup welcomes feedback from its residents and customers. If you would like to provide feedback on Shire related matters, there are a number of ways you can do this:

- Attend in person at either of our administration offices – please note restricted opening hours;
- Write to us at 46 – 48 Norrish St, Tambellup 6320;
- Phone us on 08 9825 3555
- Fax us on 08 9825 1152; or
- Email us at mail@shirebt.wa.gov.au

Unfortunately we are unable to act on anonymous complaints. For all methods, please include your name and contact details so we are able to respond to you.

COUNCIL AGENDAS AND MINUTES

Agendas and Minutes from every Council and Council Committee meeting are available at the Shire Administration Offices and Tambellup Community Resource Centre, for perusal. These documents are available in alternative formats, on request, for people with disability.

Council Agendas and Minutes can be accessed online by browsing to www.shirebt.wa.gov.au and clicking on the "Our Shire" tab.

CHIEF EXECUTIVE OFFICER

Community Virtual Chit - Chat Group

While you are stuck at home and isolated from others, why not join your community for a virtual cuppa and chat.

Every Tuesday from 10am

Join us for a socially distanced community chit chat.

- and talk about anything and everything -

ZOOM Meeting ID - 476 758 5919

We will be using ZOOM as the platform to hold these sessions, you will need to download the ZOOM application on your phone/tablet or on a computer with a webcam, speakers and a microphone. (You don't have to create an account to join)

A basic how to join from your smart phone or tablet is on pg. 20 of this edition of the Topics. If you need help joining from your computer the Tambellup CRC can provide a basic how-to for those who are unsure on how to go about it!!

Any queries please feel free to phone us on 9825 1177

TAMBELLUP POLICE UPDATE

Over the past month Tambellup Police have been busy juggling our regular duties and response capabilities, while assisting with road blocks and roving patrols in the western parts of the Great Southern District. Our experiences have proven that most people are abiding by the government's expectations by not moving across regional districts without an exemption to do so. There is a new App. named, G2G Pass. This application allows you to apply for an exemption to travel across regional borders for legitimate reasons. I would ask anyone who is currently crossing borders or planning to cross borders, to download the application and apply for an exemption token, which can simply be scanned by police at relevant road blocks. This will reduce interaction times with police, and allow people to go where they need to go quicker.

Some people in Tambellup have not been abiding by the social distancing expectations appropriately, and I remind people that these measures have not yet been relaxed. It is still a requirement to social distance, maintaining a 1.5m gap between each other and not being in groups of more than two. To the vast majority of people, well done and keep up the great work.

Since the last update Tambellup Police have preferred the following charges –

- A 17-year-old male – 2 x Possess Stolen Property, No Authority to Drive, Drive Unlicensed Vehicle.
- A 40-year-old male - Disorderly Behaviour, Disorderly Behaviour in a Police Station.
- A 12-year-old male – 2 x Aggravated Burglary, 3 x Criminal Damage, Stealing.
- An 11-year-old male - Aggravated Burglary, 4 x Criminal Damage.
- A 19-year-old male – 2 x Stealing.
- A 34-year-old male – Possess a Prohibited Drug (Cannabis), No Authority to Drive.
- A 40-year-old male – No Authority to Drive – Vehicle Seized.
- A 36-year-old male – Trespass.

Tambellup Police have applied compliance notices (Yellow Stickers) to a number of vehicles recently. There are vehicle standards regulations for a reason. Yes, some of the standards may seem a little over the top, and we are fairly reasonable as to how we apply them, nevertheless if your vehicle clearly shouldn't be on the road, a compliance notice will be issued.

On 20 April a Broomehill couple was charged with numerous serious offences that include Aggravated Armed Robbery. The couple have been remanded in custody pending future court appearances.

Can I please remind people that the Tambellup Primary School is off limits to anyone other than teachers, students (during school hours), and other related workers. Anyone else on the school grounds is trespassing and will be charged.

I may have touched on it previously, however I just wished to again stress of the importance of child restraints. Please ensure they're been used correctly to protect your children. For more information about child restraint requirements please contact us.

None of us are liking the restrictions relating to Covid-19, but keep up the great work. It appears to be having a positive impact more broadly, and with any luck the end will be in sight sooner rather than later.

Josh Humble
Sergeant
Tambellup Police

Postcard Photo Competition

Tambellup CRC are revamping their postcard selection and we need the help of the community to get some amazing shots of our gorgeous Shire!!

We are looking for photos that you think represent the Shire of Broomehill - Tambellup, or each town individually.

Please email your submissions to topics@tambellupcrc.net.au,

- with your name,
- a brief description and
- your contact details

Enter by the 29th of May for a chance to win a prize.

PUBLIC NOTICE

Call for Submissions

Disability Access and Inclusion Plan Review 2015-2020

Notice is given that the Shire of Broomehill-Tambellup is currently reviewing its Disability Access and Inclusion Plan and invites feedback from people with disability, their families and carers, disability service providers and community members and groups to provide comment on previously unidentified access issues or ongoing access issues to help inform the new five year plan.

A copy of the Disability Access and Inclusion Plan 2015-2020 and feedback form is available on our website www.shirebt.wa.gov.au or from the Shire of Broomehill-Tambellup Administration Office, 46-48 Norrish St Tambellup during business hours (please phone prior to visiting). Copies of the Plan and feedback forms can also be mailed out on request.

Written submissions about the review of the Disability Access and Inclusion Plan may be made to the Chief Executive Officer, by Friday 29 May 2020.

For more information regarding this review please contact Pam Hull at the Shire of Broomehill-Tambellup on 9825 3555.

Keith Williams
Chief executive Officer

FLASH NOTE FOR SENIORS

Hear ye Hear ye **YES**

..... **SOUP &
SWEETS FOR MAY 2020 WILL GO AHEAD**

As most know, in the winterish months, there is a monthly soup & sweets lunch held at the Tambellup CRC for Seniors (60 years+). Unfortunately, as most know this cannot be held in its usual format because of Covid-19 restrictions. So.....for those that would like to partake of soup & sweets **delivered** to your door (where practical), **ON THURSDAY, MAY 21st** you need to do the following:

- Be no more than 15km from the Tambellup town site for actual delivery. We are able to meet you somewhere suitable within this distance or, you can arrange for someone to come & collect your order from the **Tambellup CRC after 10am on the 21st May**
- Must have your order in to the **Tambellup CRC by 12.00 (midday) Friday 15th May**. Phone 9825 1177 or email tambellup@crc.net.au.
- **Information required**.....Your name, your contact phone number, your accurate address for delivery or other pickup arrangement, your choice of food from the menu. If a couple, you need to give menu choice for each person separately.

MENU FOR MAY SOUP & SWEETS

Healthy, yummy Vegetable Soup (GF)

Or

Moroccan Chickpea, Lamb & Coriander Soup (GF)

Bread Roll (unbuttered)

Bread & Butter Pudding

Or

Apple Crumble (GF) and Cream (served separately)

All food delivered in unused takeaway containers that can be reheated safely in microwave.

We miss seeing all our regulars at the CRC and hope that all our Community Seniors are staying well. Don't forget to **ring 9825 1177 or email tambellup@crc.net.au** to take part.

TAMBELLUP CRICKET CLUB

Tambellup Cricket Club 19/20 Season Wrap

Tambellup Cricket Club has won its first premiership in 6 years . Going through the season with only two losses to our name and a resounding finals series, demolishing Frankland River in both finals. Following a 121 run win in the first final, Tambellup recorded one of the most one sided grand final wins in history, bowling Frankland River out for 25 and making the runs in 10 overs capping off an amazing season by the boys.

Four Tambellup players were awarded with GSCA X11 caps with Jack Taylor (460 runs@76.67) , Jedd Herbert (343 runs @ 49), Nathan Willmott (23 wickets @ 8.13 and Daniel Willmott (13 wickets @ 16.92) all being recognised for having a great season.

Although it was great to have these four recognised, the 2019/2020 season was a great team effort with many young talents showing great signs for the future.

This year wouldn't have been possible without our sponsors.

Major sponsors 124 Tambellup Store, Groves Livestock , Groves Logistics, Stirling AG, Donaldson Mechanical and East Strathglen all jumped on board this year which was great and a big help in our club affording new uniforms .

Other donations throughout the year came from Bendigo Bank, Russel Herbert and Tinys Shearing Service.

Tambellup had a great commitment off the field with both current and past players joining in fundraising events including rock picking at Graeme and Colleen Browns and hay carting at Jim and Dean Hulls.

It's safe to say the Tambellup Cricket Club is as healthy as ever and a great place to be going into the future.

Tambellup Bowling Club

Well, the season is officially over. We can hopefully have a get together before the next one starts.

The ladies managed to play most of their events and had a pretty successful year overall. The ladies pennant flag was won by Gnowangerup.

The men missed out at on a final tilt at the flag (long shot that it was). The League has yet to decide on the winner.

The 40th Tambellup Invitation Classic had to be cancelled but I would like to thank all of our sponsors who had indicated their support.

Nexus Risk Services, Gnowangerup Fuel Supplies, QFH Multiparts, B I Veitch & Sons, Dawsons/Coventry Funeral Care, Primaries – Wool, Sheridan Grazing Company, South Coast Insurance Brokers, Westrac,

Tambellup B n B, Tambellup Rural Traders, Peter Rundle MLA.

Tambellup Bulk Spreading, Tiny's Shearing Service, Fly's R Gone, Southern Haulage, Norm Herbert, Jim Hull, Primaries – Livestock, Stan Aylmore, Martin Sadler, Dave Herbert, Nexus Risk Services.

Our AGM has been postponed until at least June. This will give you extra time to consider positions within the club. All positions become vacant, so don't be shy!!

The League AGM has also been postponed. If you can think of any issues that should go on their agenda let me know.

Trevor

STRICT DEADLINE -
25TH OF THE MONTH

5PM

NO JANUARY EDITION

15 April 2020

Water Corporation crews are asking you to do your bit – think before you flush

Water Corporation is asking the community to make our wastewater crew's work-day easier, by ensuring they only flush the 3P's – pee, poo and (toilet) paper.

Items such as wet wipes, paper kitchen towel and sanitary products should be disposed of in a bin, as this material does not break down in wastewater pipes and can cause blockages.

Water Corporation Great Southern Regional Manager, Adrian Stewart, said crews had stepped up their planned maintenance to clear potential blockages before they happen, but the community needed to do its bit.

"Across Western Australia, our crews are on-the-ground ensuring our essential water and wastewater services continue to be provided to our 1.3 million customers," Mr Stewart said.

"If a blockage occurs in Water Corporation's wastewater network, then our crews have the unenviable job of clearing these blockages, and since the start of this year they have cleared 1,965 blockages (as at 7 April 2020) in the wastewater system.

"Over the past five years, we've spent nearly \$20.4 million clearing blockages from wastewater systems across the State.

"I'm asking the community to do their bit to ensure our crews are only being called out to essential work, and not to clear blockages caused by incorrect things such as wet wipes, paper towels and newspaper being flushed down the toilet.

"Even items that are marketed as flushable cannot be flushed down the toilet. The only things that should be flushed are the 3Ps – pee, poo and (toilet) paper – everything else goes in the bin.

"Thank you to the Western Australian community in advance from our crews who are on the ground each day performing essential work to ensure you continue to receive safe and reliable water and wastewater services."

Blockages can also occur in the internal plumbing of a home, and householders are then responsible for any plumbing repair costs.

To report a fault with the wastewater system, phone Water Corporation's 24 hour Faults, Emergencies and Security line on 13 13 75.

Did you know?

Water Corporation manages 17,193km of wastewater mains, 1,178 wastewater pump stations and 112 wastewater treatment plants across Western Australia

In 2018-19, around 165 billion litres of wastewater was treated and safely returned to the environment or recycled

ANZAC DAY 2020

Services in Broomehill and Tambellup were required to be cancelled because of the gathering restrictions of COVID-19, however, our local communities commemorated Anzac Day by placing flowers and wreaths at the War Memorials and remembering our fallen heroes. The Last Post was also played.

Commemorating Anzac Day in 2020 and how we remembered and paid our respects to our fallen soldiers was impacted, but our want to acknowledge our heroes remained the same.

The significance of Anzac Day and the sacrifices made were remembered.

Lest We Forget.

Lenard Andrew King

Born at 'Glen Willen' on 27th October 1928 to Herbert Andrew King and Mabel 'Annie' King (nee Hull). He was the youngest of four. His siblings being Nellie 'May', Tom (dec) and Don (dec).

Growing up he attended the local Moonies Hill school until the age of 14. Working the farm was priority over school, often missing school to do the cropping. He was always asking his kids how to spell words for him. Corporal punishment was the way of discipline in those days. For that reason he didn't believe in unfair punishment when it came to his own children.

He lived through the depression years as a child, and then later the Second World War, when he lost his eldest brother Tom in PNG. He was too young to go to war, plus he had lifelong asthma which would have discounted him.

Horses were a big part of his life as a young person but he didn't want them after Don and his mum had serious accidents with and they used to knock all the fences down.

He married Ragnhild 'Rae' Laing, a teacher posted in Tambellup originally from Albany, on the 17th December 1955.

He and his brother, Don, worked the two blocks in Moonies Hill, Tambellup and bought a property at Borden together. Later splitting the partnership with Don moving to Borden and Len retaining the Tambellup blocks.

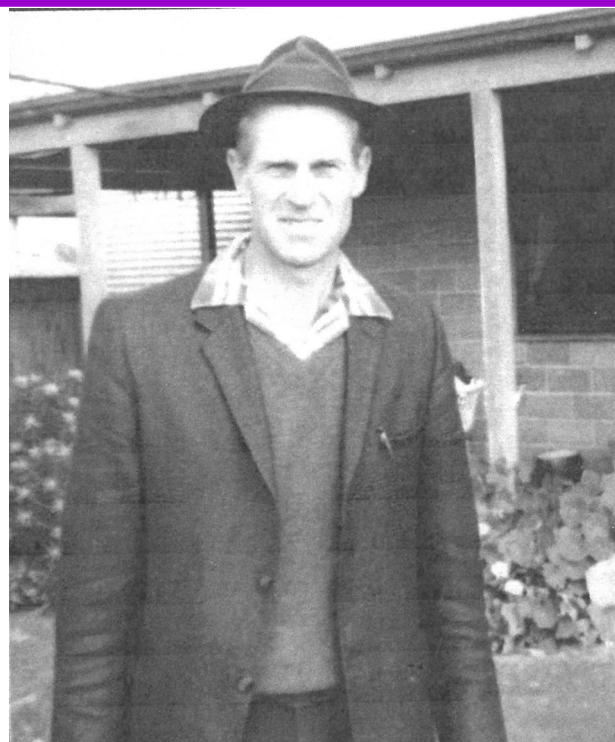

Rae and Len went on to have four children: Lindsay, Robin, Sandra 'Sandy' and Roderick 'Rod'.

He was a very community minded person. Sport-wise he had a solid football, cricket and tennis upbringing. There were remnants of a tennis court on the Glen Wilen farm. Golf and bowls came later. Other community efforts were around cleaning up rubbish. He led many others to do the same. We, at one point called him Mr. Rubbish. He was rewarded with a community award for his efforts. Being humble he believed he did not deserve it. He was committed to anything he was involved in. He once enhanced the surrounds of the bowling green by growing gladiolus. He became a life member of the Tambellup Bowling Club.

Sadly he lost his eldest son, Lindsay, age 24, on the farm. This took its toll, as he was backing off and trying to hand the farm over to him. Rod had just finished high school.

Eventually, Rod took over the farm and Len and Rae moved into Tambellup near the golf club, then 18 years later moved to RAAFA village in Albany, where they enjoyed six years with the company of others in the village. Cards and robust conversations were a big part of their lives. Bridge was his choice.

Over his time, Len was very generous and had a worldly view to do for greater good. He had several causes that he donated to. Namely, RFDS, St. John's Ambulance and Bush Heritage. His generosity extended to purchasing solar panels including the installation costs for the entire RAAFA Village. Such was his outlook on saving the planet and keeping costs down for all.

Last year, in 2019, things got too much for them both. Illness plagued them and both took up residence in Clarence Estate in July.

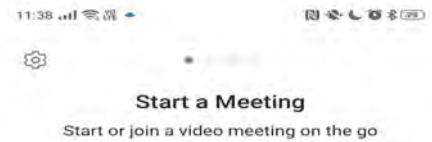

Len still enjoyed a game of cards with Rae every afternoon, right up to when he fell acutely ill. He enjoyed chatting to his sister May, who is also a resident there. He was a popular resident there, staff very much enjoying his sense of humour. His mind was very much together up till the acute illness. He was happy to leave this world, as he was suffering. Passing away at approximately 10pm Monday 30th March 2020. Unfortunately this year of 2020, was also the year of the Covid-19 virus catastrophe, and a community invite to celebrate his life was sadly impossible.

Joining a Zoom Meeting on a smart phone/Tablet

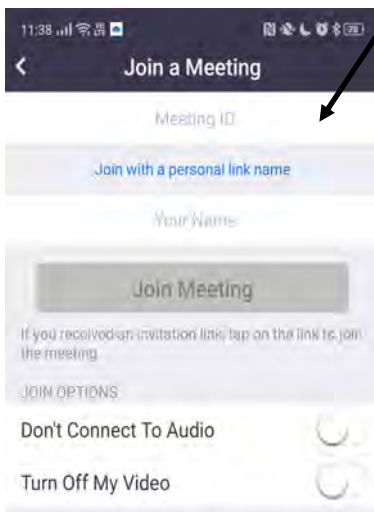

(You don't have to sign up if you are just joining a meeting. But you will have to download the program)

All screenshots are taken on an android device, iPhones and iPads may look a little different.

1. First you will need to download the ZOOM app, go to either the play store (android) or the app store (apple), search for ZOOM and download and install.

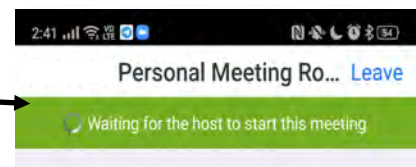

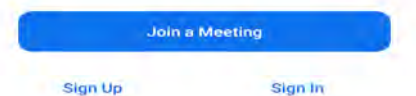

2. Once installed open the app, and click on Join a Meeting.

3. You will be asked for a meeting ID (which you get from the host of your meeting), and a name for your session. Once you click join meeting some meetings/sessions may require a password, it depends on how the host set it up.

4. Once you've entered the meeting ID (and password if required) your screen will show your meeting, if you see the screen to the right it means that the host hasn't started the session yet.

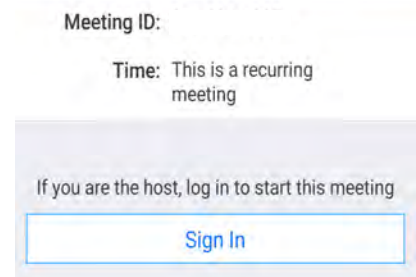

5. Tapping the 'call via device audio' will connect your phone/tablets microphone.

6. You can switch from speaker view (only seeing the speaker) to gallery view (seeing all participants at once) by swiping right

7. You can start/stop your video feed by clicking the  button in the bottom left hand corner of your screen, you can also mute/unmute yourself by clicking the  button next to it.

I hope this gives you a little help and confidence to start joining ZOOM sessions.

KidCare Program at Lynthia's Place

Hello everyone.

We know that this is a very trying time for you, your family and our community.

As you are aware, face-to-face programs that are held at *Lynthia's Place*, have been put on hold but we are still available to offer our support via phone and other ways.

Our community has always been strong! Continuing to support each other under these difficult circumstances is important.

We at Relationships Australia WA are considering different ways that we can support you and are in the process of contacting Noongar community members to identify any assistance or support that may be needed to help you and your family.

In the meantime keep in mind that this will eventually end and we look forward to everyone joining us again at *Lynthia's Place* in the near future. We hope you enjoy the activity provided.

You can also visit Relationship WA's website for some tips and information to help support you and your family during COVID-19.

www.relationshipswa.org.au/resources/coping-with-covid-19

If you have any questions or simply want to have a talk then please contact us.

Entries in by the 18th May with a chance to win a prize!

Emergencies can happen anywhere. Do you know what steps to take to help in these situations? Take the quiz below, and test your skills!

- 1** A friend gets bitten by a snake. What is the first step you take?
- a. Suck the venom out of their skin.
 - b. Apply a bandage to the bite.
 - c. Check for danger.
 - d. Try to catch the snake

Your answer

- 2** A friend accidentally places their hand on a hot stove top and burns themselves. What is the best thing to do?
- a. Put their hand in a bucket of iced water
 - b. Cover the burnt area with a cloth bandage
 - c. Rub butter onto the burnt area
 - d. Hold their hand under cold running water for up to 20 minutes

Your answer

- 3** Which is the correct first aid action plan?
- a. D.R.S.A.B.C.D
 - b. D.R.A.B.C
 - c. A.B.D.R.S.C.D
 - d. C.R.S.A.D

Your answer

To refresh your skills or to make sure that you are properly prepared to respond to an emergency, we recommend completing a formal first aid course where you will be able to further develop your knowledge and abilities.

Anyone can enter by either completing & dropping off entries at the CRC with your name on **OR** take a photo of completed entries & send to aprou@westnet.com.au.

Entries in by the 18th May with a chance to win a prize!

Due to the Covid-19 ban on general meetings, CWA has not officially met since February when we held our AGM. However, such a thing as a global pandemic has not stopped the local CWA members from actively checking in with each other and now we are getting plenty of practice at holding meetings on-line via the Zoom platform. Our April meeting/catch-up was held on the 23rd April from the comfort of our lounges/offices or, in one case, a lovely front verandah setting and was very well attended with 7 members participating. It was lovely to see everyone's faces again and hear how they are all coping with the isolation and changes to our lifestyle. Who says you can't teach an old dog new tricks!

The general consensus was that it was quite enjoyable to not be a slave to your calendar and to have the time to start and finish a myriad of chores or projects at home, although most members were missing the actual face-to-face contact and definitely missing the hugs. We are very lucky to be where we are, as life in Tambellup is not terribly changed by this Covid-19. Our stores are still open, thankfully and for the farmers among us, things continue as normal. This member has managed to go camping a few times since Easter in the caravan, which is set up in the back paddock beside a dam and under the shade of some old whitegum trees. Visitors include the kangaroos and the odd rabbit and fox.

CWA business included the very kind & generous donation from the Tambellup Community Cropping Group towards our loan on the Replacement Roof Project. Our sincere and grateful thanks are extended to this group for supporting other community groups to continue their great work in Tambellup.

CWA will also remembered our ANZAC's and all our servicemen & women from the district by laying a commemorative wreath at the foot of the War Memorial on ANZAC Day, 25th April. Thanks go to Trevor Prout for organising the flag to be flown on this day. One of our members was also particularly busy baking Anzac Biscuits for the community as well.

Thank you is also extended to Jim Hull who has kept our CWA Room gardens neat & tidy. President Thalma has been given the go ahead to purchase some hardy shrubs to replace our losses in the front gardens.

Albany Seaside Flats/Holiday Units have been given until May to raise \$50,000 to enable the start of the renovation project of Units A, B & C. The total needed is \$280,000. It would be a shame to lose these great facilities right on Middleton Beach. If you can help, there is a crowd-funding fundraising page available at www.gofundme.com/f/save-the-cwa-albany-seaside-flats. Any donations to continue these valuable facilities, especially useful for those undergoing medical treatment in Albany, would be appreciated. They are open to all members of the public, not just CWA members.

Our next meeting will be on the Zoom platform on Thursday, 14th May, 2020 from 9.30am. Keep an eye open on your email inbox for your invitation to attend with your Meeting ID. As Japan is our Country of Study, it was suggested that we bring an item or article relating to Japan to show to the camera.

Until next month, please all stay safe, observe all the **regular hand-washing and social distancing rules**, remember to avoid crowded places as much as possible and look out for each other. Please also remember to have your annual flu shot which are available now through the Tambellup Medical Centre.

STUDY INVITATION

WOULD YOU LIKE TO HELP IMPROVE BEREAVEMENT SUPPORT FOR OLDER PEOPLE?

The Melbourne Ageing Research Collaboration, led by the National Ageing Research Institute, is conducting a research project on grief and its effects on quality of life and healthcare use in older people.

To participate, you need to be:

- a) Aged 65 years or older.
- b) Currently living in Australia.
- c) Able to read and write in English.
- d) Have experienced the death of a significant person in your life at least 6 months ago or longer.

To participate in this study, we invite you to

Complete a 25-Minute Survey

The survey can be accessed online via this link:

<https://bit.ly/grief-survey>

If you prefer a paper-based version, please leave us a message with your name and address and we will post a survey to you:

Dr Katrin Gerber at the National Ageing Research Institute

Telephone: 03 8387 2662 - E-mail: k.gerber@nari.edu.au

All participants who return a completed survey enter into a draw to **win one of five \$200 Coles-Myer gift cards.**

This study has been approved by the Human Research Ethics Committee of Deakin University (Reference Number 2019-433).

Sudoku provided by Sudoku.com.au

The Basic Rules of Sudoku:

- There is only one valid solution to each Sudoku puzzle. The only way the puzzle can be considered solved correctly is when all 81 boxes contain numbers and the other Sudoku rules have been followed.
- When you start a game of Sudoku, some blocks will be pre-filled for you. You cannot change these numbers in the course of the game.
- Each column must contain all of the numbers 1 through 9 and no two numbers in the same column of a Sudoku puzzle can be the same.
- Each row must contain all of the numbers 1 through 9 and no two numbers in the same row of a Sudoku puzzle can be the same.
- Each block must contain all of the numbers 1 through 9 and no two numbers in the same block of a Sudoku puzzle can be the same.

MESSAGE FROM THE TAMBELLUP LIBRARY

While libraries have been forced to close their doors to the public due to COVID-19 restrictions a few libraries have started doing a click and collect service while their doors are temporarily closed.

As we have no idea when the library will be allowed to open again, we were wondering if the Tambellup community would be interested in a click and collect service while we remain closed??

If you are interested, please head over to our catalogue (<https://broomehill-tambellup.spydus.com/>) for the list of items on our shelves.

Log in and request the title/s you are after (please make sure your current email is in our library system so we are able to organise a collection time.)

If you don't have your library barcode and/or don't know the password please don't hesitate to call (9825 1177) or email the library (library@tambellupcrc.net.au).

Alternatively just email the titles of the items you would like to library@tambellupcrc.net.au, and organise a pickup time.

If you aren't a library member or are unsure whether you are or not please don't hesitate to contact us and I can check / add you as a member.

IF YOU REQUEST AN ITEM FROM A DIFFERENT LIBRARY I CAN NOT GUARANTEE WHEN WE WILL RECEIVE IT OR IF IT WILL BE SENT.

PLEASE DON'T REQUEST IF YOU ARE UNWELL IN ANYWAY.

Also don't forget there are some great e-resources (Borrowbox, overdrive, Libby, Kanopy, RB Digital) out there that can be used, no need to go anywhere, just contact us for you log in information if you are unsure.

Due to current COVID-19 Restrictions Tambellup Library is taking their Rhyme Times Sessions virtual through Zoom.

I have put a group together on Facebook to share all the rhymes and to keep member updated, you can also share your kids favourite rhymes (so we may be able to include them), some activities and just to keep everyone connected during the current COVID-19 situation! Just search for TA Library Rhyme Time to join the group.

To protect you and your kids the Zoom meeting ID will only be posted in this Private Facebook group or emailed to interested parents.

If you are interested in joining our Rhyme time sessions and don't have Facebook or don't want to join another Facebook Group, just email your interest to library@tambellupcrc.net.au and I will forward you the ID from there.

The next Rhyme Time is 4th of May, then fortnightly from there.

It's back to school – remember 40km/h zones

Even in these different times some School students will be returning to school on Wednesday 29th April and we would like to remind everyone to take extra care and to heed the 40km/h zones around schools as children begin heading back.

The kids heading back to school will be excited, chattering, looking at their phones – it's essential that drivers slow down and be vigilant as schools resume again.

With statistics showing that every year police detail a high number of people fined for travelling at more than 40km/h in school zones all of us as road users need to be cautious in school zones, even when doing the correct speed, to ensure that children's lives are protected.

In Western Australia 40km/hr speed zones are in place around schools from 7:30 - 9am in the morning and from 2:30-4pm in the afternoon on school days with research showing that a child hit by a car at 40km/hr has a 75% chance of surviving compared to a child hit at 60km/hr only having a 20% survival rate.
