To Whom it may concern,

We apologise for the graffiti that we did and the damage to property, school grounds and the community of Tambellup.

We did it because we were bored and it went out of proportion, which won't happen again.

We are sorry for what we did.

SHIRE NOTES**SHIRE OF BROOMEHILL-TAMBELLUP****46 – 48 Norrish St, Tambellup WA 6320****Phone: 9825 3555 Fax: 9825 1152 Email: mail@shirebt.wa.gov.au****At time of publication, the next Ordinary meeting of Council will be held on****Thursday 18 June 2020 commencing at 4.30pm,****at the Tambellup Community Pavilion.**

Members of the public are welcome to attend all Council meetings, however current COVID restrictions limit the number of people able to be present to 20, including Councillors and staff. If you plan to attend a Council meeting, we encourage you to contact the Shire on 9825 3555 to register before the meeting.

Questions for Public Question Time are welcome, and can be emailed to mail@shirebt.wa.gov.au by 12.00 noon on the day of the meeting.

COVID-19

Thank you to all members of our community for respecting the restrictions imposed by the State Government in relation to COVID-19. The situation has seen significant changes made to our daily lives, however it is gratifying to see these measures resulting in the low rates of transmission.

The most recent relaxation of restrictions by the State Government has resulted in new arrangements to Shire services and facilities:

- The Shire offices and Broomehill Public Library are now open, from 9.00am – 4.00pm daily. The Broomehill office is closed from 12 noon – 1.00pm each day.
- Social distancing measures are in place at both offices, as well as restrictions on the number of people who can attend the office at one time. Please observe signage, and if you are unwell, please reschedule your visit for another time.
- Hand sanitiser is available at both offices for customer use.
- The Broomehill and Tambellup Halls are available for events, subject to a maximum of 20 people attending and maintaining social distancing.
- The Broomehill Caravan Park has reopened.
- Public toilets in Holland Park and Norrish St are open.
- Playgrounds, skate parks and the Diprose Park toilets remain closed.

The Department of Transport has advised that practical driving assessments will recommence. Department of Transport staff will make contact with local residents who had their bookings postponed, to reschedule. If you wish to book a PDA please call the Tambellup Office on 9825 3555. At this time bookings are not available for people whose residential address is outside the Shire of Broomehill-Tambellup.

We are aware government agencies in the region continue to work hard for the community to ensure appropriate processes and measures are in place to keep the community safe. The Western Australian public has responded well to the Government's actions taken to minimise the risk of spread, and with restrictions easing it is timely to ensure you continue to follow health and hygiene protocols as recommended by the Department of Health:

- Wash hands often with soap and water, or hand sanitiser
- Cover coughs and sneezes – into a tissue or into your elbow
- Stay home if you are unwell
- Observe social distancing requirements – at least 1.5m

It is recommended you rely on reputable sources of information for updates as the matter evolves, including:

- Australian Government Department of Health - <http://www.health.gov.au/>
- For COVID-19 fact sheets and FAQs - <http://www.health.gov.au/resources>
- Western Australian Department of Health - <https://ww2.health.wa.gov.au/>

FROM THE MAY COUNCIL MEETING

- Council formally endorsed the Shire of Broomehill-Tambellup's participation as part of the WA Government's declaration in the National Redress Scheme.
- Council endorsed the final draft of the Great Southern Regional Trails Master Plan 2020-2029. In order to

SHIRE NOTES

progress the implementation of the Plan in Broomehill and Tambellup, Council has agreed to enter into a 12 month service agreement with Great Southern Centre for Outdoor Recreational Excellence and will make provision of \$5,000 in the 2020-2021 budget for this purpose.

- Council will also make provision of \$21,000 in the budget for in kind works associated with the implementation of trail projects in Broomehill and Tambellup. The projects identified include the Boot Rock Reserve, the Holland track walk section, and the Tambellup Heritage Trail. Works will include maintenance to existing trail surfaces, and new signage.
- Council endorsed the 2020-2021 Fire Break Order and Information Booklet, which is distributed to all residents early in the new financial year.
- Council considered and supported with conditions a request to amend the Restricted Access Vehicle (RAV) rating for Bignell Road, Eureka Road, Jam Creek Road, Norrish Road, Nymbup Road, O'Neill Road, Pallinup Road and Peringillup East Road to a RAV category 7 and for Lombardia Road and Mindora Road to a RAV category 4.

WORKS

The 2019-2020 road construction program has now been completed. Works included:

- Tambellup West Road reseal;
- Reseal of two sections of Gnowangerup-Tambellup Road;
- Reconstruct and seal of two sections on Toolbrunup Road;
- Pootenup Road reseal;
- Reconstruction of 5.2km of Pallinup Road - the reconstruction works have been completed and the bitumen seal will be completed during the 2020/2021 summer.

The storm that passed through the region in May resulted in damage to trees across the Shire, including significant damage to one on the north side of the Tambellup Hall. All trees in the vicinity of the Hall and Shire office were inspected and assessed, with the result that four trees required removal due to their close proximity and potential to damage the buildings.

The maintenance graders worked on the following roads in May: Pallinup Rd, Eureka Rd, Jam Creek Rd, Beejenup Rd, Green Rd, Collins Rd, Martinup Rd, Hassell Rd, Toolbrunup Rd, Tilbury Rd, Burridge Rd, Stirling Access Rd, Winkleanup Rd, North Stirling Rd, Tallents Rd, Sprigg-Simpson Rd, Nazzari Rd, Hankinson Rd, Dartnall Rd, Batchelor Rd.

DROUGHT COMMUNITIES PROGRAM (DCP)

The Drought Communities Program is a Federal Government initiative providing up to \$1 million in grant funding to eligible local governments, to support local community infrastructure and other drought relief projects for communities impacted by drought. The funding targets projects that:

- provide work for people whose employment has been impacted by drought
- stimulate local community spending
- use local resources, businesses and suppliers
- provide a long-lasting benefit to communities and the agricultural industries they depend on

In January 2020, the Government announced an extension of the program to include additional local governments including those in the Great Southern region.

At the May 2020 Ordinary Council meeting, Council considered concept plans for projects to be implemented in this Shire through this program. The projects being considered include:

- Eligible water efficiency projects including the installation of new 250kL tanks and standpipes in Broomehill and Tambellup for emergency community use, and fitting of camlocks to existing tanks to provide access to water in the event of fires;
- Upgrades to the Broomehill Recreational Complex, to improve pedestrian access to the oval from the Pavilion, and to tier the embankment to provide for better viewing of activities on the oval;
- Development of a 'Holland Track' Interpretive Centre in Broomehill;
- Streetscape upgrades in Broomehill;
- Development of a Nature play playground in Holland Park;
- Development of a youth centre in Tambellup, utilising the Railway Station building;

SHIRE NOTES

- Streetscape upgrades in Tambellup; and
- Development of a new Town Square and ANZAC memorial in Tambellup.

These projects have been proposed as they meet eligibility requirements of the DCP, and have been extrapolated from the Strategic Community Plan.

Prior to final endorsement by Council, community comment on the proposals is invited. Concept plans are available for viewing at the Broomehill and Tambellup Shire Administration offices, and also on the Shire's website www.shirebt.wa.gov.au/publicnotices. Comments should be made in writing and addressed to the Chief Executive Officer, 46-48 Norrish St, Tambellup 6320, or alternatively emailed to mail@shirebt.wa.gov.au.

Comments should be received by 4.00pm Wednesday 10 June 2020 to allow for consideration by Council at the June Ordinary Council meeting.

Following consideration of feedback from the community and endorsement by Council, the Shire will submit the application to the Drought Communities Programme, and once approved, will commence implementation. All works are required to be completed by 30 June 2021. This program has provided a fantastic opportunity for works which would have been scheduled over a number of years to be brought forward, and will provide a much needed boost to our community.

ASSESSMENT OF CLASSIFICATION OF FARM SHEDS USED FOR STORAGE ONLY

The Shire of Broomehill-Tambellup has recently confirmed through the Department of Mines, Industry Regulation and Safety (DMIRS) that the determination of the classification of some agricultural sheds under the Building Code will negate the need for a Building Permit.

This advice allows Local Governments to determine that a farm shed that is used for the purpose of storage of agricultural vehicles or materials only does not constitute a 'workplace' (the specifications for habitable buildings such as a workplace or dwelling are greater than non-habitable buildings). Where a Local Government makes this determination the building classification changes from a Class 7 or 8 to a Class 10, and makes the requirement for a building permit redundant.

This determination would be made where:

- The shed will be used for storage of agricultural produce such as hay or silage,
- The shed will be used for the storage of agricultural vehicles,
- The shed will not be used for manufacture of goods or materials, processing of agricultural goods, shearing or any other use that would change the use from storage to a workplace, and
- The shed will not be used for vehicle maintenance, other than minor mechanical repairs to stored machinery (that is the shed is not a workshop).

It should be noted that all structures must still comply with the Building Code. It is also important to note that it is the Local Government that determines the classification, not the designer or builder.

Advice should be sought on the classification of any proposed shed prior to commencement of development. Planning approval is still required for all sheds on farms in the Shire of Broomehill-Tambellup, and it is at this stage that a determination on classification under the Building Code will be made by the Local Government's Building Surveyor. Advice will be provided on whether a building permit is required on lodgement of the Planning Application.

This process will help to make the process of building a farm shed easier and quicker.

COMMUNITY SURVEY COMING SOON!

We have received early advice that the Department of Local Government, Sport & Cultural Industries, in partnership with LG Professionals and Catalyse, will be rolling out a state wide Community Resilience Survey, to better understand the changing needs and priorities in the local community during the COVID-19 pandemic.

The survey will be available online from 8 June – 3 July 2020. Final details had not been received in time for the June Topics, so keep an eye out for a flyer in your mail early in June. We encourage as many people as possible to participate in the survey. Aside from informing the state wide picture, the data will also be available to individual local governments which will assist in future planning for facilities and service delivery.

SHIRE NOTES

PENSIONER RATES REBATES

All pensioners are reminded that in order to claim the Pensioner Rebate in 2019-2020 the amount due on your rate notice needs to be paid (in full) before 30 June, 2020. If you think you may be eligible for a rebate and require further information, please contact Rebecca at the Shire. If you haven't registered as a pensioner please do so as soon as possible. We will require a copy of your pension card.

NATIONAL RECONCILIATION WEEK

National Reconciliation Week runs from May 27 – 3 June each year, with this year's theme being 'In This Together' - which is particularly appropriate given the current environment we are all living in and impacted by.

National Reconciliation Week is a time for all Australians to learn about our shared histories, cultures, and achievements, and to explore how each of us can contribute to achieving reconciliation in Australia. For more information visit <https://www.reconciliation.org.au/national-reconciliation-week/>

The talented students at the Tambellup Primary School have created a sea of colourful hands with some inspiring messages we should all take on board. The 'sea of hands' will be displayed in the Tambellup CRC window.

BROOMEHILL FIRE STATION

The progress on site at the Broomehill Fire Station on Great Southern Highway has been rapid, with the building expected to be at lock up stage by the end of May.

Shire staff have undertaken drainage works on the lot adjacent to the shed site to allow for construction of parking for volunteers vehicles.

BE A RESPONSIBLE DOG OWNER

Dog owners are reminded of the requirement to securely contain your dog to your property, and that dogs must be on a lead when in a public area. Wandering dogs are creating significant issues in the community, and owners will be fined if dogs are captured and impounded. Dog owners are also reminded it is a legal requirement that you clean up after your dog in public areas. Please be a responsible dog owner!

CUSTOMER FEEDBACK

The Shire of Broomehill-Tambellup welcomes feedback from its residents and customers. If you would like to provide feedback on Shire related matters, there are a number of ways you can do this:

- Attend in person at either of our administration offices – please note restricted opening hours;
- Write to us at 46 – 48 Norrish St, Tambellup 6320;
- Phone us on 08 9825 3555
- Fax us on 08 9825 1152; or
- Email us at mail@shirebt.wa.gov.au

Unfortunately we are unable to act on anonymous complaints. For all methods, please include your name and contact details so we are able to respond to you.

COUNCIL AGENDAS AND MINUTES

Agendas and Minutes from every Council and Council Committee meeting are available at the Shire Administration Offices and Tambellup Community Resource Centre, for perusal. These documents are available in alternative formats, on request, for people with disability.

Council Agendas and Minutes can be accessed online by browsing to www.shirebt.wa.gov.au and clicking on the "Our Shire" tab.

Keith Williams

CHIEF EXECUTIVE OFFICER

UPDATE FROM THE TAMBELLUP POLICE

Good day to you all,

The good sergeant is attending to other matters this week so I am writing this month's Topics update – I hope I can fill the previous Topic entry's shoes:

With another month speedily disappearing in to the past, we have been busy with several aspects of policing, varying from Covid-19 related tasks through to community engagement and front-line response.

Most recently, Tambellup has acquired a total of eleven new residential CCTV systems through the partnership between community, Broomehill Tambellup Guard Facebook Page and local police.

Eight CCTV units are now watching the homes of local residents, while one made its way to Wagin and two others to Gnowangerup. The systems are accessible on the home owner's mobile phones and they also record on to a hard drive, making them perfect for evidence retention. With CCTV footage, there's little a burglar or trespasser can say in their defence.

The colder, and certainly more wet weather, is a great reminder to us all on driving defensively and mindfully. Please remember that driving at 110km/hr on our highways is the MAXIMUM speed limit, and not a speed limit you must reach on every journey. Arguably, it would be unsafe to travel drastically under the speed limit on the Great Southern Highway, however your safety is much more important than arriving five minutes early.

Just to harp on a little more about road safety, I ask you to consider the 'physics' of travelling in a motor car. MANY traffic crashes can be prevented. While we marvel at our ever-evolving four-wheeled inventions, the cars we drive are becoming more sophisticated and are being equipped with more safety components. There's reason for this safety increase – we are travelling at speeds we naturally couldn't achieve. This makes us more efficient, however more vulnerable also.

Please remember that one of the main purposes of vehicular safety mechanics is as 'back up' measure to your own driving skills and abilities. Don't become over-reliant on them. After all, where is the line between personal driver accountability and technological accountability? I know I would rather be in control of my journey for now, at least until full automation is as safe as possible. Drive to the conditions. Be it weather, time of day / night, visibility issues etc. On several occasions, Josh and I have negotiated bends along Great Southern highway to find a vehicle travelling towards us on the wrong side of the double-white lines! The collective impact of 220km/hr isn't worth even a split second on your mobile phone or a glance at a radio station. Pick your time to change the radio channel and do not be in control of a vehicle in any way while using your mobile phone. The law isn't always there to ensure people's safety, so it does come back to the individual. Personal accountability goes a long way towards ensuring yours and others' safety on the roads.

Both the sergeant and I were speaking about how impressed we have been with the maturity and general manner Tambellup citizens have responded to the unprecedented Covid-19 restrictions. Thank you for your ongoing personal accountability and responsibility during this time. On that note, please assist the schools to do what they're best at by getting the kids back to school. We are working weekly with department of education and other stake holders in the best interest school retention. We have such a great school and staff here in Tambellup so let's give all our kids the best chance with some of the Tambellup Primary awesomeness.

During the pandemic, the shire generously approved for the sergeant and I to purchase gift bags which included some snacks, drawing items and even 'Scratchies' for the mums and dads. Their purpose was to bring smiles to a few faces we'd noticed have recently been struggling a bit with the isolation laws. Thank you to the shire and also to the Tambellup Deli for looking after us on the prices, making the gift packs stretch further!

On the note of the shire and partnerships, the youth worker traineeship is still going ahead with the hope the Zone will be open soon. The funding which is approved was put on hold until after

Covid-19 was over. If you're interested in the position, please contact Stu Roberts from Impact Services on phone: 9892-7433.

We have been busy with front line duties also, assisting other stations and in the immediate surrounds. Just this weekend, we assisted in the arrests of three high-risk males in Katanning. The result was a more restful sleep for Katanning and we even got a little bit of over time!

Finally, thank you to all who were involved in the recent GWN7 News story about Tambellup. It was rare and refreshing to see a positive news story which also managed to remain grounded and honest. If you haven't seen it, check it out on the GWN7 Facebook Page.

Have a great week and weekend ahead. Remember, we are just up the road from you and we have an open-door policy. If we're not in, just phone us. We have a new phone number which just got connected so please note it down:

OUR NEW PHONE NUMBER AT TAMBELLUP POLICE STATION IS: 9854 9800. THE 9825 1003 WILL STILL WORK FOR A SHORT WHILE LONGER.

Stay safe and look after yourselves and one another.

Sincerely,

A/Sergeant Rob Adamczyk 10549

UPDATE FROM THE TAMBELLUP CRC/LIBRARY

The Tambellup Library has reopened, you are now able to pop in and select items off of our shelves yourself. We have hand sanitiser available on the front counter for people to use before and after they enter the Library.

TAMBELLUP CRC IS ALSO NOW BACK TO REGULAR HOURS (PLEASE SEE BELOW)

We would like people to **please remember to keep to physical distancing while attending the CRC/Library.**

If you are unwell we request that you please stay home.

TO KEEP UP TO DATE WITH WHAT IS GOING ON AT THE TAMBELLUP CRC PLEASE LIKE US ON FACEBOOK!

The Tambellup CRC would like to welcome our new trainee Bronwyn Winmar-Williams. Bronwyn will be working towards a Cert II in Business Administration.

CLOSED WEEKENDS AND PUBLIC HOLIDAYS

JOB VACANCY

Counsellor

Applications Close: 5pm Friday June 12th 2020.

Location: This position will be based in Tambellup and will provide services in Tambellup and outreach to Katanning, Kojonup, Cranbrook and other locations as required.

Relationships Australia WA is a non-government leading provider of relationship support services to the West Australian community. We have current availability of a counselling role in our Tambellup office with delivery to other locations as required. The position is 2 days per week – Monday and Tuesday.

Our staff are innovative, professional and highly motivated people who are supported with regular supervision and ongoing clinical training who make valuable contributions to the success and growth of the organisation.

The Role – Counsellor (15 hours / 2 days per week):

An experienced trauma informed counsellor will be providing counselling to Aboriginal and or Torres Strait Islander couples, individuals (adults and children) and family groups. Experienced and reflective counsellors are encouraged to apply.

We are seeking applicants who have:

- Relevant Degree or Certificate IV in Counselling, Mental Health or related discipline,, or significant experience in a related field.
- Demonstrated experience in working with Aboriginal people including individual, couple and family counselling
- Proven ability to adhere to clinical and ethical work standards
- A comprehensive knowledge of both theory and practice relevant to counselling
- Ability to refer and collaborate with appropriate services providing practical assistance regarding housing, financial issues, mental health, aged care, removal of children, justice issues, etc.

Able to demonstrate:

ESSENTIAL

- Counselling and case management skills in relation to issues affecting Aboriginal and or Torres Strait Islander peoples.
- Ability to engage, empower and build strong working relationships with clients and relevant stakeholders.
- Good communication skills (written, verbal and non-verbal) and an ability to communicate effectively with Aboriginal and or Torres Strait Islander peoples and other stakeholders..
- Significant knowledge of, and practical experience in trauma informed counselling including individual, couple and family.
- Ability to work as a team, work independently and outside of the office environment when necessary e.g. outreach and manage multiple and conflicting priorities.
- Possession of a current WA National Police Certificate and Working with Children Check or willingness to obtain them incorporating criminal and traffic convictions and infringements.
- A current West Australian driver's licence.

DESIRABLE

- Knowledge and understanding of a diverse range of mental health issues.
- Some flexibility to work alternate hours and/or days and location as required to meet clients' needs.
- Ability and willingness to travel for work to other regional communities of WA.
- Willingness and ability to use personal vehicle to travel to appointments (with mileage reimbursement depending on home location).

For further information please contact Senior Manager Aboriginal Services Angela Ryder on 08 6164 0651 or email angela.ryder@relationshipsqa.org.au

Application instructions:

Applications must include a cover letter explaining your suitability and addressing the essential and desirable criteria above and a current resume (CV) citing two professional referees with current contact details, one of which must have been a workplace supervisor.

Please note that a current Working with Children Check and a WA National Police Certificate are required.

Applications should be sent to Angela Ryder at angela.ryder@relationshipsqa.org.au

The closing date for applications is **June 12th 2020** and applications will be received up until 5pm. (Only short-listed applicants will be notified, receipt of application will not be given)

Relationships Australia WA is an equal employment opportunity employer who values a diverse and inclusive workforce reflective of the communities of which we are a part. We strongly encourage applications from Australian Aboriginal and Torres Strait Islander peoples; people from culturally and/or linguistically diverse backgrounds and people with disability.

Postcard Photo Competition

Tambellup CRC are revamping their postcard selection and we need the help of the community to get some amazing shots of our gorgeous Shire!!

We are looking for photos that you think represent the Shire of Broomehill - Tambellup, or each town individually.

Please email your submissions to topics@tambellupcrc.net.au,

- with your name,
- a brief description and
- your contact details

Enter by the 1st of July for a chance to win a prize.

All you need to know about Acrylic Paint Pouring... Or 'What to do when you are Social Distancing and are stuck at home'...

by Jenny Colley

Hi everyone, hope you are all keeping well, staying safe by social distancing and having some fun at this sometimes stressful time of our 'new normal'.

I thought I would share some of what I have been doing to keep busy and active lately...what the heck, I must confess I have become somewhat addicted, it's called **Acrylic Paint Pouring** or **Acrylic Fluid Art** (check out the window of the CRC and see what I mean – the ladies also have more of my art inside –

I thank Rebekka and Mel at our fantastic CRC for kindly allowing me to share my art with you all and hopefully brightening up your day). I take this time to remind you all that the CRC AND the library are now open for business, so keep them busy, check out what they have to offer.

Apparently **Acrylic Fluid Art** has been around since the 1930's (who knew?), but I believe has become more popular over the last 2-3 years...check out YouTube, Facebook or Pinterest etc and see the hundreds of thousands even millions who share an interest in this type of art. I have always loved art but was looking for something a bit different and this is what I found only a few months ago.....

It's colourful, fun, beautiful, intriguing, magical even, with an awesome 'WOW factor'. It involves adding different colours (many or few) of acrylic paint into a cup or pouring it straight onto a canvas or item and waiting for the magic to happen.... a type of chemical reaction, a mixing of colours to create a free form pattern (I guess abstract would be a great description), even a creation of new colours as the originals mix, creating patterns and sometimes cells (small shapes and circles). You can move the whole canvas and swirl the paint by tilting or using a hairdryer, straw or just blowing with your mouth. You can swipe it with wet paper towel, use tools (no brushes involved) like pallet knives, combs, beads, string to form your own patterns. Of course it sounds easy but I spent many, many hours watching 100's of You Tube videos before getting up the courage to have a go myself. There are things called cracks, crazing and air bubbles which can throw a spanner in the works. Some online artists only show their successes but others show their failures too, often then turning these into successes in the end. Good to know everyone starts from scratch.

There were so many options with fancy names like: Dirty Pours, Straight Pours, Flip Cups, Ring Pours, Dutch Pour, Balloon Smash and Kiss Technique.

Then there are single canvas's or boards (which I prefer), Diptych (2) or Triptych (3) canvases, big, small and whatever shape you want... limited only by your imagination. As well as canvas's you can use old records and turn them into clocks or vases. Or make coasters, fridge magnets, coloured pebbles or stones, coat rocks or statues, press two canvas's together and get two totally different results. My motto is 'No two pieces of art are ever the same!' I would even go on to say I think it is impossible to recreate an exact piece.

It takes practise and even the best effort might end up with a sneaky air bubble if you aren't careful, or the colours might mix and go muddy. The paint viscosity (how thick or thin) will determine which type of pour you do, and 'everyone out there' has their own recipe for each pour, can be very confusing. They also have their own preference for Pouring Mediums (PM) – this is what is added to the paint to help it flow and aids in drying, creating cells. Although technically not a PM, I, like many, prefer

'Floetrol' (Bunnings approx \$65-70 this large size more economical), you can buy readymade PM from \$8.95 - \$33, other folk prefer to make their own from PVC glues (around \$15), others just water. Some like to add silicone to create lots of cells but people who resin their works don't like it because it is (naturally) greasy and interferes with the setting of the resin or varnish. Preference of paints is a personal choice but also depends on availability and budget, some using premade pouring paint (great for beginners), some use house paint for base coat, tube paint or make their own mix (I do a bit of everything). I don't like the silicone but others love it. Some paints make their own cells. Some prefer no cells at all and sometimes the paint does its own thing and you just don't have a choice ha ha. Finishing off the piece of art by sealing it with a varnish – either painted on or sprayed protects the masterpiece from dust etc. As I

mentioned others prefer to resin, that looks awesome but is expensive and you need protective gear and a dust free environment (?? in Tambellup LOL). You need patience as it can take many days or weeks depending on the size of your work for different layers – paints and varnishes – to dry. You can't do this art in a day.

Acrylic Paint Pouring isn't for everyone of course, and I still love my traditional art (you can also see both at the PO.. thanks Beth), I'm into Gnomes at the moment but you can also mix the two. As I said it's interesting, fun and takes your mind off every day worries. It's relaxing too, so why not try it yourself. Icky Finks in Albany or any art store online (don't forget to include postage) sells canvases from approx \$3-4 upwards, Pouring Medium from \$8.95 - \$32, Mont Marte Paints which I love, (tubes \$6, 240 ml single bottles \$8.95 or 4 pack sets 120 mls \$20) and there is apparently a new range of smaller pouring bottles approx \$10 a pack of 4 – 60 mls each, in wonderful new colours and combinations, and 120 ml metallic's too \$26 x 4. It can become expensive as you see, especially on a pension but you don't need everything you see online all at once, and you can add it to your Xmas or birthday wish list. I do warn you it is messy (rubber gloves and a drop sheet are a must) and a dedicated space is advisable although not absolutely necessary, then you need somewhere safe for it to dry over days or a week, where little fingers, cats, dogs etc won't wreck your wonderful creation.

Have fun folks I would love to see your creations in the CRC window too. All you need to know is online. I am happy to do commissions as long as you are happy to accept the end result.. makes a unique gift. Many thanks for taking the time to read this article, if it helps one person I am happy J

*** I would not recommend this type of art for small children. Have a great day!! Happy painting!!***

TAMBELLUP CRC HOSTED EVENTS

Succession Planning Workshop

with RSM Katanning

At the Tambellup CRC

21st July

Noon

If you are unable to make it in person,
Virtual attendance via zoom will also be available,

SPORT

OFFAL Season 11 2020

Like so many other things going on around the place this year the Old Fellas Footy Fun and Laughter had to call it quits after just six weeks of training this season.

Nevertheless, in those six weeks we enjoyed ourselves very much with very high old fella participation (we had 40 or more on the track for three of our six runs) and many new fellas coming along to give OFFAL a go. Keen Topics readers will also appreciate that for the first time we actually made the Police news in April's Topics - guess that's a good thing!

This season was perhaps our most geographically diverse in terms of fellas turning up. From Lumeah to Lesmurdie, Tarin Rock to Tenterden, Porongurup to Peringillup, Jingalup to Jackitup, Broomehill to Bobalong, Trimmer Soak to Tambellup Town, Wankee Street to Wansborough and all places in between the lads turned up (whether by car, bicycle or foot).

At the time when we shut the gate on *Miley Cyrus* (one fulla we didn't want turning up), we were just a day away from our first run at Broomehill, a fortnight away from Tyne *Herbie* Logan's return with the ABC's Landline crew and a mere six weeks from *special night* blues with ELVIS!

On the bright side our abbreviated season means we have a bevy of bevvie goodwill up our sleeve for next year, a bit of extra time for a few dodgy hammies to heal and a burning desire to see season 12 happen, even if we have to relocate to the Gold Coast!

Thank you to every fella that made the effort to get out on the track this season. Thanks to those who brought along the beverages and thank you to the BHT Shire for keeping the TA Oval in such great shape over a very trying summer.

FOOTY'S IN ISOLATION

OFFAL season 11 Bevs

Week 1 – Coach & MEW White

Week 2 – Rally boy Bignell & I.Joffa Cunningham

Week 3 – AB Banjo Rupert & Col swingman Brad
