Tambellup Elder's NAIDOC lunch

On Wednesday 28th June GSAHS partnered with Relationships Australia and Walitj to host our Elder's NAIDOC lunch in Tambellup. The day was attended by 19 people who was treated to a 3-course meal.

After lunch everyone watched a rendition of Black Magic the uncut version, this film was made in 1987 and it's about local Noongar people playing sports and their amazing ability. The video also featured a story on Marribank and their artwork.

The movie tied into our NAIDOC theme "For Our Elders". Watching the film was bittersweet and emotional. It was great to see so many of our Elders and other family members on the big screen. There were so many people that aren't with us anymore.

After the screening there was a real buzz, everyone totally enjoyed the event and said how great it would be to have the video on you-tube for everyone else to watch. Frank and Paul were both very keen to get the video out there as it would just be laying around gathering dust.

Everyone who attended walked away feeling happy and excited and said that they loved it, so we would like to say a big thank you to Frank Rejevic, Paul Roberts for screening the movie, Tambellup Shire for the hire of the hall, Kadadjiny and Deadly Sista Girlz for catering and serving of the food, Tambellup Noongar Farm and Emerald Garden for the flowers.

It has now been 3 weeks since the event and I am pleased to let you all know that the video has been uploaded to YouTube ***Black magic extra scenes 1987.***

So, I encourage you all to take a trip down memory lane and enjoy the precious memories of our loved ones.

Kudos Korner

Thankyou to Courtney Brideson, Martin Deely and mates, who kindly lopped their neighbours huge tree.

Do you know someone in the community who has done something remarkable for you or others? Share your appreciation, and we'll help spread the word! The Kudos Korner is a special section in our newsletter dedicated to acknowledging and celebrating the outstanding contributions of individuals within our community. Whether it's a kind gesture, a selfless act, or an inspiring achievement, we want to hear about it. Let us know who deserves recognition, and we'll proudly share their story. Together, let's shine a spotlight on the incredible people who make our community a better place.

The next Ordinary meeting of the Council will be held on Thursday 17 August 2023 commencing at 4.30pm, at the Tambellup Council Chambers.

Members of the public are welcome to attend all Council meetings.

FROM THE COUNCIL MEETING

The July Ordinary meeting was scheduled to be held on 27 July, a week later than normal, to allow time for the 2023/2024 Annual Budget to be finalised ready for adoption. Outcomes from this meeting, along with a summary of the Budget, will be provided in the September 2023 Topics.

As always, agendas and minutes of all Council meetings and associated documents, including the draft Budget, are available on the Shire's website www.shirebt.wa.gov.au under 'Council Meetings'. Hard copies are available for perusal at the Shire Administration Offices and Tambellup CRC.

Documents are available in other formats if required by people with disability.

COMMUNITY STORYTELLING – NEEDING YOUR HELP!

During the consultation for the new Strategic Community Plan in 2022, one of the messages that was conveyed to the Shire very clearly was that the Shire was not effective in reporting back to the community following consultation periods. The Corporate Business Plan includes a number of actions aimed at remedying this situation and future issues of Topics will include a variety of facts and figures about Shire services and activities that may be of interest to the community.

We're also interested in gathering and sharing **community facts and figures** that help to tell the story of our community, and we need your help. For example – do you know how many volunteers that our St John Ambulance or Volunteer Fire services have, or the number of incidents they attend annually? How many members do each of our sporting clubs have? Have you tracked wildflower species and numbers in a particular area? How many people attend the OFFFL program each season? If you have an idea about any sort of data that may be of interest, we'd love to hear from you!

Another area that we are placing a focus on is the telling of the **good news stories** from our community – celebrating achievements, local legends, initiatives and activities that help to paint the picture of the best bits of living in our community. Eventually we'd like to publish these stories in some format, aside from a regular spot in Topics, where they can be accessed and appreciated by generations to come.

If you have any ideas – current day or historical – for

stories, facts and figures that deserve to be shared, please contact Pam at the Shire on 9825 3555.

WORKS

Manager of Works Peter Vlahov has been on leave throughout July, leaving Works Supervisor John Farmer in charge of the works program. Thank you John for stepping up in Peter's absence.

The construction crew has been working on Warrenup Rd, where gravel carting has been completed in preparation for stabilising and sealing later in the year when the weather warms up.

The maintenance team has been dealing with potholes on various roads, both gravel and bitumen patching. All three graders are now in action undertaking maintenance grading, most recently around the southern part of the Shire.

Our parks and gardens team is celebrating the good rains on one hand, with all our dams nearly at capacity. On the other hand – the mowing, slashing and weeding requirements have increased in line with the season at this time of the year – just showing we can't have it all our way!

New signage has been installed at Holland Park and the Holland Track Start Point near the Broomehill Museum – complementing the streetscape and Heritage Precinct works (have you seen the new internal paths that have been laid around the Museum?), and aimed at providing better wayfinding for visitors to our community.

WASTE TRANSFER STATION TIP PASS EXPIRY EXTENDED

Residents will be aware that the current tip passes expire on 31 July 2023. New passes for 2023/2024 will be distributed to all residents in conjunction with the issue of rates notices early in August. To ensure residents are still able to access the Waste Transfer Stations until new passes are issued, the expiry on 2022/2023 tip passes will be extended to 31 August 2022.

FEEDBACK

We welcome feedback from our residents and customers. If you would like to provide feedback

on Shire related matters, there are a number of ways you can do this:

- Attend in person at either of our Administration Offices – 9.00am – 4.00pm Monday to Friday
- Write to us at 46 – 48 Norrish St, Tambellup 6320;
- Phone us on 08 9825 3555
- Email us at mail@shirebt.wa.gov.au

Unfortunately we are unable to act on anonymous complaints. For all methods, please include your name and contact details so we are able to respond to you.

LOCAL GOVERNMENT ELECTIONS

Local government elections for the Shire of Broomehill-Tambellup will be held on Saturday 21 October 2023 to fill the following vacancies:

- Three (3) Councillor positions each for a four (4) year term
- One (1) Councillor position for a two (2) year term

Are you passionate about your community, and about working with people to make a difference? Do you want to learn more about why (and how) decisions affecting your community are made?

Why not stand for Council?

Nominations for these positions open on **31 August and close on 7 September 2023**. If you have ever considered serving your community through this avenue, and would like to find out more about the role, you are encouraged to contact any of the serving Councillors, or the Chief Executive Officer, who can provide more information.

Alternatively, visit the Department of Local Government Sport & Cultural Industries website for more information:

<https://www.dlgsc.wa.gov.au/local-government/local-governments/council-elections/put-yourself-forward-nominate-for-council>

Candidate Information Webinar

If you're interested in becoming a candidate for the October 2023 local government elections then the Department of Local Government, Sport and Cultural Industries (DLGSC), the Western Australian Local Government Association (WALGA) and the Western Australian Electoral Commission (WAEC) has the forum for you.

On **Monday 14 August 2023 from 6pm** you can access a free webinar which will give you all the information you need to understand the role of being a local government councillor and how to become one.

During the webinar, you can also ask questions of representatives from the WAEC, WALGA and DLGSC. The Minister for Local Government David Michael, a former local councillor, will open the webinar.

For more information, and to register for the webinar, go to

<https://www.dlgsc.wa.gov.au/department/news/news-article/2023/07/27/election-candidate-information-briefing-webinar>

- 3D Printing/scanning
- Video Conferencing
- Equipment Hire

JULY WRAP UP!

As the chilly winds of July bid farewell and August slowly approaches, the Tambellup CRC reflects on a month filled with engaging activities and community involvement.

School Holiday Activities

The month commenced with a special event organised to celebrate NAIDOC Week. We invited children's author Sian Turner to run a Bush Crafts School Holiday Activity on the first Monday of the Holidays. The children spent the morning creating pictures with bark and leaves. During the holidays we ran various activities for the kids, with the Wii plugged in on non event days and our popcorn machine cooking up delicious cinema smelling popcorn on our Movie and Popcorn afternoons.

Fun with Paint - Paint a Landscape Night

Creativity and camaraderie took centre stage during the "Fun with Paint Night." We hosted an evening of artistic exploration, inviting all artists, both seasoned and aspiring, to bring their imaginations to life on canvas. With an array of colours and brushes at their disposal, participants crafted stunning landscapes. Laughter and joy filled the room, making it a memorable night of self-expression and artistic growth.

Chainsaw Course Completion

Safety and skills were the focus as we congratulated participants on successfully completing the Operate and Maintain Chainsaws Skill Set TAFE Course run at the CRC. The course provided hands-on training and theoretical knowledge on handling chainsaws responsibly. The graduates gained valuable insights into proper usage, maintenance, and safety protocols, enhancing their abilities while ensuring the well-being of themselves and others in the community.

Soup and Sweets, Thanks to Tambellup CWA

Thank you to the Tambellup CWA for their assistance and delectable catering skills during our July Seniors Soup and Sweets event. This event brings friends and neighbours together each winter month over bowls of heart-warming soups and delightful sweets, fostering a sense of unity and camaraderie in the community, everyone is welcome!

The centre continues to be a beacon of community spirit, offering diverse activities and initiatives that bring the people of Tambellup together.

As August dawns, we can't wait to host more exciting events, experiences, and opportunities for growth, connection, and celebration within this close-knit and vibrant community.

REMEMBER to think of us as your **one stop community hub**.
All you have to do is **have an idea & we'll make it happen**.
That's our job. We're here for our community.

CONNECTING OUR COMMUNITY

Advertise your local community groups meetings or get together in Topics

*Email tbtopics@gmail.com
Or drop the details into the Tambellup CRC
or
Shire of Broomehill – Tambellup.
Its free and easy!

MOSQUITOES – FIGHT THE BITE!

In Western Australia, mosquitoes can transmit Ross River virus, Barmah Forest virus, Kunjin virus and the potentially fatal Murray Valley encephalitis virus. There is currently no cure and no vaccine for any mosquito-borne disease acquired in WA. The only way to prevent infection is to avoid being bitten by mosquitoes.

Following on from the article in July's Topics about mosquito management in your backyard, the focus now turns to protecting yourself and your family from disease-carrying mosquitoes.

Firstly - around your home:

- Maintain fly screens on windows, doors, vents and chimneys.
 - Provide weather stripping for gaps around doors and windows.
 - Use surface spray for outside the house.
 - Use plug in vaporisers or diffusers with repellent -treatment pads in enclosed external areas like verandas and decks - turn these off if area is vacant. Use of mosquito coils in outdoor areas can act as a deterrent.
 - Use of knockdown fly spray against visible mosquitoes in your home.
- Consider adding plants to your garden that act as a repellent. Citronella, lavender, mint and basil can be placed in pots around outdoor living areas.

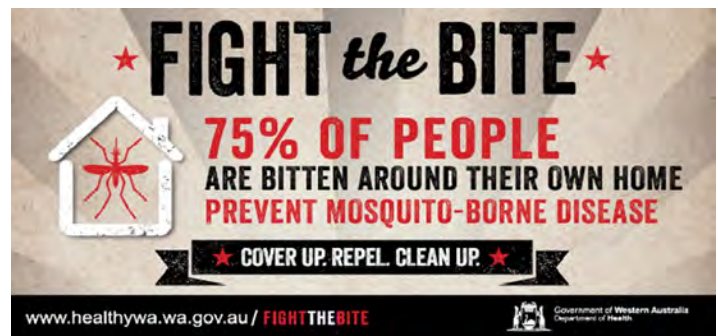

Secondly - the best way to protect from mosquito bites is to cover up.

- Wear long, loose-fitting, light coloured clothing. Mosquitoes are attracted to dark colours and can

bite through denim.

- Apply mosquito repellents containing Picaridin or DEET to areas of exposed skin according to the instructions on the packaging.
 - Dress your child in clothing that covers arms and legs.
 - Cover strollers and baby carriers with mosquito netting.
- Avoid being outdoors when mosquitoes are present.

As part of a broader management strategy, over the coming weeks the Shire will be baiting stagnant pools of water around the townsites. For more information in this regard please contact the Shire on 9825 3555.

VIETNAM VETERANS GRAVESITE COMMEMORATION

Vietnam Veterans Day will be commemorated on Thursday 17 August 2023
at the Tambellup Cemetery, commencing at 1.30pm.

2023 marks the 50th anniversary of the end of Australia's involvement in the Vietnam War.

A brief ceremony commemorating those killed in action will take place with the laying of a Poppy Tribute at the grave of former Tambellup resident, Pt. Brian David Waters of the 6th Battalion Royal Australian Regiment, who was killed in action in Vietnam on 17 February 1967.

We welcome all to attend this Vietnam Veterans Gravesite Commemoration.

For more information please contact the Shire of Broomehill-Tambellup on 9825 3555.

ROE SET TO EXPAND UNDER DRAFT PROPOSAL

Member for Roe Peter Rundle MLA has expressed concern over the [2023 Proposed Boundaries](#), which would significantly increase the Roe electorate area and include five additional Shires.

The changes follow [WA Labor's submission](#) to the WA Electoral Distribution Commission, just two years after their party voted to alter the structure of the Upper House, reducing regional representation.

Mr Rundle said the changes put forward by WA Labor are a direct attack on fair representation for people in the region.

"The Roe electorate covers 104,934 square kilometres already, with 41 towns, 16 local governments and 49 schools.

This proposal is set to increase Roe by more than 18,000 square kilometres as well as include the 5 Shires of Cuballing, Kondinin, Kulin, Wickepin, and part of the Shire of Plantagenet.

"These sweeping changes across WA electoral boundaries are yet another assault on the regions by Labor, reducing representation for regional people and increasing areas covered by their elected MP's.

"The privilege of serving in Parliament has never been lost on me. However, by expanding our electorate, we risk making it near impossible for our community to have equal representation.

"Our party remains united, and we encourage people to make a submission objecting to Labor's changes which limit regional voices."

Opposition Leader and Nationals WA Leader Shane Love MLA also slammed the changes.

"The proposed changes are nothing short of an assault on regional democracy," Mr Love said.

"There is a clear agenda from this Labor Government to employ unfair tactics to crack our communities apart.

"Regional voters deserve to have their voices heard, their communities kept intact, and their representation safeguarded.

SUBMISSIONS

All submissions should include:

The name and address and email contact point for the person making the submission.

If the submission is on behalf of an organisation, the name of the organisation should be stated.

A submission must be written. There is no limit to how long or short a submission can be. It can include diagrams, maps or other illustrations. There is no template for submissions.

You must submit your written submission before the closing time on the specified day.

- Email your submission to boundaries@waec.wa.gov.au
- Deliver your submission to Level 2, 111 St Georges Terrace, Perth
- Post it to GPO Box F316 PERTH WA 6841

Wesley LifeForce Suicide Prevention Training – Tambellup

Essential skills training to recognise and respond to someone at risk of harm.

Educating, empowering and resourcing local Australian communities

Program outline

WesleyLifeForce offers suicide prevention training to educate and provide people with the tools to recognise and help someone who is at risk.

Since 2002, we have provided suicide prevention skills training to more than 33,000 people in metropolitan, regional, rural and remote Australia.

Training session details

Date: Wednesday, 9 August 2023

Time: 10:00 am – 2:30 pm

Cost: **FREE**

Morning tea and lunch will be provided.

The outcomes

- understand risk and protective factors
- how to identify the warning signs that someone may be at risk of suicide
- how to ask directly about suicide intent
- understand what local and national support resources are available to support a person at risk.

with any enquiries.

IGA PURPLE BRA DAY

ALL ABOUT MY EVENT

Stephen Bryce and Carolyn Cunningham, together with the Tambellup CRC are inviting members of the Tambellup and Broomehill community to take part in a community bra decoration competition.

Each community group will be given the opportunity to decorate a bra to be displayed in the CRC window. Packs will be distributed in August and we hope you can decorate the bra and collect any donations for this important cause.

The CRC will also host a morning tea and "Decorate A Bra" activity on Friday 22nd September starting at 10am. More details in September Topics.

This event is a registered community fundraiser for Breast Cancer Care WA.

PO Box 905, Cottesloe, WA 6911
(08) 9324 1703
info@breastcancer.org.au

in Norrish Street, Tambellup

On Friday 25th August, 2023

From 9.00am

POSITION VACANT ADMINISTRATION OFFICER

The Shire of Broomehill-Tambellup is seeking a team player to fill a new full-time Administration Officer position based at our Tambellup office.

The position will provide administrative support and research assistance to the Works section. While Local Government experience is not essential, the ability to work effectively in a small but busy team is a must.

The successful applicant will possess excellent customer service skills, the ability to work autonomously as well as part of a team, effective time management and organisational skills, and sound computing skills using the MS Office suite of programs. Demonstrated experience in writing reports, plans and/or programming works is essential.

Does this sound like you? More information, and the application package, can be found at www.shirebt.wa.gov.au. Alternatively, please contact the Shire on 9825 3555.

Applications will be accepted until 4.00pm on Wednesday 16 August 2023

The Shire of Broomehill-Tambellup is an equal opportunity employer.

Anthony Middleton
Chief Executive Officer

MEDICATION DELIVERY SERVICE

THIS FREE SERVICE IS NOW AVAILABLE IN TAMBELLUP

YOUR MEDICATION WILL BE DELIVERED FREE TO THE 124 STORE FOR COLLECTION EVERY WEDNESDAY MORNING.

TO USE THIS FREE SERVICE YOU WILL NEED TO DO THE FOLLOWING: -

1. DELIVER ALL YOUR SCRIPTS TO THE CHEMIST IN KOJONUP.
2. WHILST THERE, SIGN UP TO THE DELIVERY SERVICE.
3. WHEN YOU WANT A MEDICATION, CONTACT THE CHEMIST.
 - *BY A PHONE CALL*
 - *IN PERSON, AT THE CHEMIST*
 - *BY A DEDICATED APP ON YOUR PHONE.*
4. PAY FOR THE MEDICATION, BEFORE DELIVERY CAN TAKE PLACE.
 - *BY CARD, OVER THE PHONE.*
 - *BY CARD OR CASH, IN PERSON AT THE CHEMIST*
5. YOUR MEDICATIONS (except S8 – Controlled Drugs) WILL BE DELIVERED FREE, TO THE 124 STORE, THE NEXT TUESDAY NIGHT, AVAILABLE FOR COLLECTION WEDNESDAY MORNING.
6. THE CHEMIST WILL ASSIST WITH SETTING UP THIS APP. YOU JUST HAVE TO GO THERE WITH YOUR PHONE.
7. YOU CAN ORDER ANYTIME AT ALL, 7 DAYS A WEEK OVER THE APP AND ANYTHING OVER-THE-COUNTER (eg Panadol, lotions, vitamins, band aids etc). BUT DELIVERY WILL STILL ONLY HAPPEN ON THE NEXT TUESDAY NIGHT.
8. YOUR MEDICATIONS WILL BE STORED IN YOUR OWN INDIVIDUAL BAGS, IN A LOCKED METAL CABINET AT THE 124 STORE, SO SECURITY IS MAINTAINED.
9. THE 124 STORE CANNOT ACCEPT MONEY FOR MEDICATIONS. IT MUST BE PAID PRIOR TO DELIVERY.
10. IT IS THE RESPONSIBILITY OF YOU THE PERSON OWNING THE SCRIPT, TO ENSURE THAT IT IS KEPT UP TO DATE, AND REFILLS ARE AVAILABLE. SEE YOUR DOCTOR FOR A NEW SCRIPT WHEN IT IS EXHAUSTED.

I WISH TO USE THIS SERVICE AND AUTHORISE THE KOJONUP PHARMACY, AND ITS SELECTED COURIER TO TRANSPORT MY MEDICATION ON MY BEHALF.

Flat Rocks Wind Farm Stage 1.

Project Update – July 2023.

Construction Activities

We are pleased to announce the first turbine of Flat Rocks Wind Farm Stage 1 has been safely installed. Appropriately named "First Spinner", the turbine is currently in free wheel, with its blades pitched to the direction of the general prevailing wind (south-west) to catch minimal wind. The remaining 17 turbines continue to be progressively installed.

The installation of underground cabling on the Warrenup Road section is complete, with a total of 45km of electrical cabling laid to date. Around 80 personnel are currently working on the project site. Wind turbine components continue to be transported via trucks from Bunbury Port. About a third of component deliveries have arrived at site so far, with the remaining loads expected over the next six weeks. **A reminder that Flat Rocks Wind Farm Stage 1 is an active construction site on private land, therefore access is not permitted without prior permission and a formal safety induction.**

First installed turbine for Flat Rocks Wind Farm Stage 1, "First Spinner" was aptly named by St Bernard's Primary School student Katana Webb

Bush Tucker Garden

Enel Green Power is proud to support the Kodja Place Cultural Precinct in Kojonup to incorporate bush tucker and bush medicine pockets into the rose maze renovation project.

The Kodja Place hub acts as an incubator for developing small local businesses with a focus on First Nation residents. The Bush Tucker garden element aims to strengthen connection to country, and visitors' understanding of Noongar culture, whilst providing additional commercial and employment opportunities locally.

FRWFS1 and the Kodja Place officially launched the Bush Tucker Garden project on 7th July 2023, during NAIDOC week celebrations.

Productive Saltland Pasture for Southern WA

MLA PDS PROJECT L.PDS.2203

THIS PRODUCER DEMONSTRATION SITE PROJECT AIMS TO IMPROVE LAND MANAGERS KNOWLEDGE AND SKILLS IN THE ESTABLISHMENT, MANAGEMENT, AND BENEFITS (PROFITABILITY, PRODUCTIVITY, AND SUSTAINABILITY) OF SALT-TOLERANT FORAGE SYSTEMS ON MODERATELY SALT-AFFECTED LAND. THE OBJECTIVE OF THIS PROGRAM IS TO ESTABLISH 150 HECTARES OF SALT-TOLERANT FORAGE PASTURES ON 6 LOCAL SITES TO DEMONSTRATE VARIATION IN PRODUCTIVITY OF KEY SHRUB AND UNDERSTORY VARIETIES AND A PADDOCK SCALE INCREASE LATE SUMMER/AUTUMN (FEBRUARY – APRIL) BIOMASS PRODUCTION AND SOIL ORGANIC CARBON AND TOTAL CARBON.

THIS PROJECT IS FUNDED THROUGH MEAT AND LIVESTOCK AUSTRALIA (MLA) PRODUCER DEMONSTRATION SITES (PDS) PROGRAM, A CONTINUATION OF GILLAMII'S COMMITMENT TO THE REMEDIATION OF SALT-AFFECTED LAND INTO PRODUCTIVE PASTURE SYSTEMS FOR LIVESTOCK GRAZING. IN-KIND SUPPORT HAS BEEN PROVIDED BY DPIRD, CSIRO, HOST AND CORE PRODUCERS, THANK YOU TO ALL WHO HAVE BEEN INVOLVED.

PROJECT UPDATE

In Spring last year 4 sites, totalling 66 hectares, were established with perennial salt-tolerant pastures in collaboration with 3 host farming families. There are two additional sites to be established in August this year, bringing the total area to 150 hectares.

The sites are located throughout the Broomehill-Tambellup and Cranbrook shires, ranging from valley floors to areas further up the landscape in the transition zone of productive to salt affected soils. The motivation of producers to develop these areas into salt-tolerant pastures systems is to use both surface and ground water to manage the site's local salinity, while keeping the areas as productive paddocks, part of their various livestock enterprises.

Core producers, DPIRD and Gillamii staff at one of the PDS sites discussing solutions

On the 23rd of June 2022 a group of local producers and Department of Primary Industries and Regional Development (DPIRD) staff, hosted by Gillamii, spent the day visiting the sites to workshop ideas for pasture establishment. The aim of the workshop was to utilise the knowledge of Gillamii's producers, experienced in productive saltland pastures, and connect them with the new PDS producers, aided by expertise from DPIRD. The group discussed the best pasture mixes, site design and establishment plan, tailored to local conditions and based on producer experiences. Salinity (EC), pH, elevation as well as indicator species had been analysed prior to the workshop to provide information to support decision making on the day.

The outcome of these workshops were 4 different site designs and species mixes, two comprising of pastures with pre-established saltbush, one to be direct seeded with saltbush alleys and a pasture understory and the remaining to be planted with saltbush seedlings in alleys with a volunteer pasture understory.

Gillamii Project Officer observing pasture establishment in October 2022

Direct seeded saltbush germinating

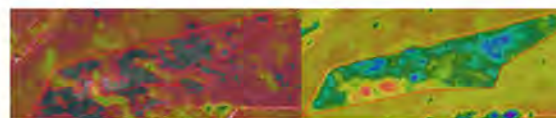

December 2022 (Three months after establishment)

April 2023 (Seven months after establishment and two grazes)

Since establishment last spring, all sites have had successful establishment and survived the first and very dry 2022-23 summer-autumn period. The two complete pasture sites had such successful establishment that they were grazed twice within the first 6 months of establishment. The remaining two sites with juvenile saltbush require stock to be excluded for the first year to allow proper establishment of the fodder shrubs.

As part of this project both pasture and livestock parameters are being monitored (2022-2027) to demonstrate the key benefits of these systems. Parameters include: soil organic carbon, biomass (summer-autumn period), pasture nutrition (summer-autumn period), grazing days, live-weight gain and cost-benefit analysis. Please see following page for how the sites are progressing. Measurements are taken during the summer-autumn period each year.

NDVI Imagery of one of the pasture sites for March 2022 and March 2023 (surrounded by crop stubble) indicating the increase in green biomass during the summer-autumn period

A field walk is planned for spring this year, with two more field walks throughout the project as the sites develop and producers and their livestock fully utilise the sites. These field walks will showcase the pros and cons of the different systems as well as be an opportunity to discuss how the sites perform on paper vs real farmer accounts of practical management and utilisation.

**SAVE THE DATE: PASTURE FIELD WALK
20TH SEPTEMBER 2023**

Productive Saltland Pasture for Southern WA

NOTE: ANALYSIS WAS CONDUCTED DURING THE SUMMER AUTUMN PERIOD

Perennial Pastures

In the first year of establishment the crop stubble has outperformed the pasture in total kg/ha of biomass, however nutritional value is looking increasingly positive, with chicory and lucerne having a noticeably higher % of Dry Matter Digestibility (71.8%) and Crude Protein (19.4%)

SUMMARY (2 SITES)

Baseline Pasture/Crop in Summer-Autumn: Barley crop stubble with surrounding old man saltbush

New Established Species: Megamax Panic, Howlong Cocksfoot, Lucerne SARDI 7 Series 2, Commander Chicory, Tall Fescue, Tall Wheat Grass and Puccinellia

Cost/Hectare: \$528.00

Average Annual Grazing Days: To be analysed

Year 1 Summer-Autumn Biomass/FOO: Overall biomass per hectare decreased (grazed once in the 6 months since it has been established). Therefore in the first year establishment when specifically focusing on total biomass, stubble outperformed the saltland pasture, with a 4.6 – 107% decrease in total biomass per hectare within the first year of establishment

Nutrition: -4.2% to +5.2% change in ME (MJ/Kg), 18% – 93% increase in Crude Protein

Average Liveweight Gain: To be analysed

Cost-Benefit Analysis: To be analysed

Direct Seeded Saltbush & Understory

SUMMARY (1 SITE)

Baseline Pasture/Crop in Summer-Autumn: Volunteer pasture consisting of Toad Rush, Barley and Rye Grass

New Established Species: Balansa Clover, Tamargee Kikuyu, Puccinellia, Rhodes Grass and Tall Wheat Grass with direct seeded dual saltbush alleys (Old Man, River and Wavy Saltbush)

Cost/Hectare: \$466.50

Average Annual Grazing Days: Grazing has been differed to allow for adequate saltbush establishment

Biomass & Nutrition: This site increased it's total biomass per hectare by 80% in the first year since establishment

Nutrition: 22% Increase in ME (MJ/Kg), 6% decrease in Crude Protein

Average Liveweight Gain: To be analysed

Cost-Benefit Analysis: To be analysed

Lowest cost system with biggest increase (114%) in digestible summer-autumn biomass when compared to the original volunteer pasture

Saltbush Seedlings & Volunteer Pasture

SUMMARY (1 SITE)

Baseline Pasture/Crop in Summer-Autumn: Volunteer pasture consisting of Barley Grass, Puccinellia, Broome Grass and Rye Grass

New Established Species: Old Man Saltbush, Melaluca and Eucalyptus seedlings

Cost/Hectare: \$1326.00

Average Annual Grazing Days: Grazing has been differed to allow for adequate seedling establishment

Year 1 Summer-Autumn Biomass/FOO: This site increased it's total biomass per hectare increasing by 50.4% in the first year since establishment

Nutrition: 8.7% Increase in ME (MJ/Kg), 4% decrease in Crude Protein

Average Liveweight Gain: To be analysed

Cost-Benefit Analysis: To be analysed

Sub-surface Catchments: Drought Demonstrations

FDF Project: FDF-MU37-P1

IN THE LOCAL CATCHMENT, FARMERS HAVE BEEN IMPLEMENTING SUB-SURFACE PERFORATED PIPING TO DRAIN AWAY EXCESS WATER IN WATERLOGGING (OR SALINE) PRONE AREAS OF THEIR PROPERTIES. IN RECENT YEARS A FEW PROGRESSIVE FARMERS HAVE UTILISED THIS SYSTEM, TRADITIONALLY USED FOR DRAINAGE, TO INTERCEPT SUBSURFACE WATER BEFORE IT REACHES THE SHALLOW, SALINE GROUNDWATER TABLE, REDIRECTING IT INTO THEIR DAMS, INCREASING ON-FARM WATER SECURITY AND HELPING REDUCE THE IMPACTS OF PROLONGED WATERLOGGING AND SALINITY. THE SUB-SURFACE DRAINAGE COSTS ROUGHLY \$10,000/KM AND CURRENTLY, THERE IS NO MONITORING IN PLACE TO DETERMINE THE FLOW RATE, TOTAL FLOW, WATER QUALITY AND RESPONSE TO RAINFALL OF THIS DRAINAGE, THEREFORE THE VALUE OF THE FRESH WATER BEING CAPTURED IS UNKNOWN. MANY FARMERS ARE STILL USING THESE SYSTEMS SOLELY FOR DRAINAGE, POTENTIALLY FORGOING A HIGHLY VALUABLE AND LIMITED RESOURCE.

PROJECT OVERVIEW

Supported by the Future Drought Fund, Gillamii in collaboration with 4 local farmers will utilise pre-established sub-surface drainage systems to establish a monitoring network to measure the flow rate, total flow, response to rainfall and water quality at the 4 sites. The outcome of this monitoring will be to inform the local grower network of the potential opportunity to capture fresh sub-surface water, building increased drought resilience.

Project Monitoring Site: Map of sub-surface drainage

Drainage Downunder is the highly skilled and professional business that installed all of the sub-surface drainage being monitored as part of this demonstration project. Drainage Downunder was contracted by the project landholders to install the drainage outside of the scope of this demonstration, completely privately funded.

Drainage Downunder's constructions consist of a trenching machine that digs, lays pipe and backfills all in the one action. The specialised laser-regulated trenching machines are purpose-built in the United Kingdom and provide total grade control of subsoil drainage construction. The drainage incorporates a controlled depth of permeable hard-cap limestone aggregate over laser-graded slotted drain coil placed up to 2.4 metres in depth. This drains cause minimal paddock disturbance and can be cropped over etc., virtually invisible on the surface.

Source: Drainage Downunder (Draining fresh water into dams)

PROJECT MONITORING

Farmbot was established in Sydney in 2014 and is a leading Australian Agtech company. Their Saas Platform gathers data points via their unique IoT device that puts Farmers "In the know" on their water assets with near real time reporting on water levels, trends and alerts anywhere in the world.

The sensors below will be set up near/in the end of the 4 outlet pipes near the edge of the dams.

Monitor

The Farmbot Monitor is the remote monitoring device that integrates with Farmbot's range of wired and wireless sensors to allow real time remote monitoring and access to data. This will be installed on a star picket near the edge of the dam with wires covered with a protector to stop livestock damage.

Flow Sensor

Reports litres-per-minute flow rates. To be attached at the outlet of the pip, with an additional 30cm of pipe to be added at the end before it discharges into the dam.

Rain Gauge

The Rain Gauge sits within 2 metres of the Farmbot Monitor, is self-installable and immediately operational. It is a self-emptying tipping bucket rain gauge. Compare daily, weekly, monthly and yearly rainfall. See the last 24 hours, MTD, YTD and Rolling 90 days.

Software & System

Login online or on your phone to see real time data. This will be publicly available for to the community to view on the Farmbot software via the Gillamii website.

Monthly Water Sampling

Water samples to be taken from the pipe outlets each month and posted to CSBP for their standard analysis to determine water quality (spray water and stock water).

**SAVE THE DATE: DEMONSTRATION FIELD DAY
20TH SEPTEMBER 2023**

This project was supported by 4 local farming families, Drainage Downunder, South Coast NRM and the Gillamii Centre, through funding from the Australian Government's Future Drought Fund.

Cranbrook Motocross Geared up to host South West Championships

Spectators and riders will not be disappointed with the Sukey Hill track when Cranbrook Districts Motorcycle Club host

Round 4 of the South West Championship Series on Sunday 13th August.

Bulldozers, loaders, ploughs and bobcats have been busy preparing the 1.9km motocross track ahead of the event. Sukey Hill is one of the few open and flowing motocross tracks in the WA circuit that capitalises on natural terrain. The track surface is a combination of deep sand at the start line to clay at the highest point Harvey Hill, which poses a challenge to its riders when selecting bike tyres. Man-made jumps have been

added to challenge the riders being; step-up, whoops, table tops, sweeping berms and rollers.

This event has become a calendar highlight for the Cranbrook Motocross club, with over 100 riders expected to compete across 11 junior and senior classes. It's a jam packed day with racing getting underway at 9am following a practice round. The six competing clubs who make up the championship series are; Manjimup, Southern Capes, Collie, Bunbury, Narrogin and Cranbrook. Throughout the season each club hosts one event with the season wrapping up late September.

Happy Birthday to us!! Ninety-three years young, serving our community. What an achievement for all past and present members. To celebrate our 93 years, we held a catch-up at the 124 Deli. Thank you, Gurwinder, for our awesome hot coffees. A great morning tea was had by all.

Soup and Sweets had a great turn out with 23 seniors attending. It was all hands on deck! The Cauliflower & Pea and Ham soup went down a treat, along with the divine sweets of Apple & Custard Tart and Fruit Flummery. Thank you to all members for their contribution.

We have a road trip to Rocky Gully's Malaysian Luncheon on the 4th of August. What a great day out with fellow members!

Our next meeting will be held at 10 am on Thursday, the 10th of August. Please come along and join us for a cuppa, friendship, and a scrumptious morning tea.

Join our team in Gnowangerup

Men's Captain - Mark Diprose

Ladies Captain - Eleanor Swinburn

As we are in the Winter months you can still have a casual game of bowls. Jack Club is on Sunday afternoon at 1.00pm

A great way to come & try out the game of bowls. Enjoy a casual & relaxing afternoon followed by a couple of beers & maybe the footy on the screen.

If you would like to play bowls this season, we would love to see some new faces at our club, get in contact with one of our members.

We're hiring in Broomehill

We believe our staff are our greatest asset as we work together to deliver the very best in Home Care in the Great Southern.

We are looking for caring and passionate nursing and Home Care support workers across the Great Southern.

Our Care with Purpose people-centred care model promotes dignity, respect, privacy and independence.

As a not-for-profit organisation, we are inclusive and welcome all faiths and backgrounds. We offer competitive hourly rates, casual loading and full training. We have both permanent and casual roles available now.

If you would like to discuss further call 1300 244 000
or email your CV to homecare@catholichomes.com
