SHIRE OF BROOMEHILL-TAMBELLUP

Phone: 98253555 Fax: 98251152 Email: mail@shirebt.wa.gov.au

The next meeting of Council will be held on Thursday 17th November 2016 commencing at 4.00pm in the Tambellup Council Chambers. Members of the public are welcome to attend all Council meetings.

FROM THE COUNCIL MEETING

Council approved a request from the organisers of the annual Daffodil Day fundraising event to waive hire fees for the use of the Tambellup Hall, and has agreed to amend Council's policy to include the event in the list of community events for which facility hire fees are waived.

Council considered a request from the Tambellup Aboriginal Progress Association for the aboriginal flag to be flown at the Shire offices. Council has determined to purchase additional flagpoles to be installed at the Broomehill and Tambellup administration offices, with the aboriginal flag to be flown during NAIDOC week each year, and the State flag at other times.

Council is required to set its meeting dates for 2017. At the October meeting, Council determined that its Ordinary Meetings will be conducted in the Tambellup Council Chambers commencing at 4.00pm on the following dates during 2017:

16 February	16 March	20 April
18 May	15 June	20 July
17 August	21 September	19 October
16 November	21 December	

Council received the annual Auditors Report for the 2015-2016 financial year. No matters of concern were noted by the auditors. Council also adopted its Annual Report for 2015-2016. Copies of the Annual Report are available for perusal at the administration offices and also on Council's website

www.shirebt.wa.gov.au under 'our Shire - Publications and Archives'.

Council also determined that the annual Electors Meeting will be held on Thursday 8th December at 7.00pm, in the Tambellup Council Chambers. All members of the community are invited, and encouraged to attend.

Council approved a request for a CBH sampling point to be established at Reserve 18335 Albany Highway Tunney for the 2016-2017 harvest period.

WORKS

Following notification of our successful application to the Stronger Communities Programme, work has been ongoing to design a suitable shade structure to be installed over the playground in Holland Park. We are confident the design is nearly there, however the cost to construct the shelter has come in over budget and will require Councils consideration at the November meeting.

We are looking forward to completing work to driveways and sealing on Taylor St now the wet weather has let up and things are starting to dry out. The change in weather has also allowed the gardeners to catch up mowing around the towns. The construction crew has been working gravel sheeting a section of Punchmirup North Rd. During November, works will move to Nardlah Rd to complete sealing of a section, and then back to Punchmirup North rd. to complete the resheeting project.

The maintenance graders have been working in the south west part of the Shire, with the following roads being graded: Old Broomehill-Kojonup Rd, Flat Rock Rd, Punchmirup North Rd, Punchmirup South Rd, Nookanellup Rd, North Nookanellup Rd, Marshall Rd, Holly Siding Rd, Warrenup Rd, Simpson Rd, Wandoo Rd, Paul Valley Rd, Toolbrunup Rd, Nymbup Rd, Johnston Rd, Watergarrup Rd, Brown Rd, Peter Valley Rd, Binniup Rd, Kings Cross Road, Batchelor Rd, Bowman Rd, Hodgson Rd, Thorn Rd, Forward Rd.

COUNCIL AGENDAS AND MINUTES

Agendas and Minutes from every Council and Council Committee meeting are available at the Shire Administration Offices and Tambellup Community Resource Centre, for perusal. These documents are available in alternative formats, on request, for people with disability.

Council Agendas and Minutes can be accessed online by browsing to www.shirebt.wa.gov.au and clicking on the "Our Shire" tab.

Keith Williams

CHIEF EXECUTIVE OFFICER

CUSTOMER FEEDBACK

The Shire of Broomehill-Tambellup welcomes feedback from its residents and customers. If you would like to provide feedback on Shire related matters, there are a number of ways you can do this:

- Attend in person at either of our administration offices;
- Write to us at 46 – 48 Norrish St, Tambellup 6320;
- Phone us on 08 9825 3555
- Fax us on 08 9825 1152; or
- Email us at mail@shirebt.wa.gov.au

For all methods, please include your name and contact details so we are able to respond to you.

TAMBELLUP SPORTS PAVILION UPGRADE

Following last month's update, the erection of the frame for the new building during October has been swift and puts the size of the building into perspective. The design of the building allows for many energy efficiency features to be incorporated, and takes full advantage of the northerly aspect. By the time this edition of BT Times goes to print, the roof sheeting will have been installed, and also the block work for the terracing to the oval. Work will continue on installation of interior wall framing during November, with the roof providing protection from the elements.

From the oval.

From the north east entry - change rooms on left

From the tennis court/breezeway entrance

From the bowling green end of the building

We should at this point acknowledge the support of our external funding partners who have made the delivery of this project possible:

- Regional Development Australia
- Department of Sport and Recreation
- Great Southern Development Commission
- Department for Regional Development (Royalties for Regions)

PROHIBITED BURNING PERIOD

All residents of the Broomehill-Tambellup Shire are reminded that the **PROHIBITED** burning period commences on **1 NOVEMBER 2016** and continues through until **14 FEBRUARY 2017** inclusive. The lighting of fires during this period is prohibited, however if residents need to do **PROTECTIVE BURNING** during the Prohibited Burning Period they must first obtain a permit from a Fire Control Officer and then observe all the conditions of the permit. **PROTECTIVE BURNING** is to be carried out between the hours of 6.00pm and midnight on the same day. No Protective burning is to be carried out after December 20 2015. Permits can be obtained from your Brigade Fire Control Officer, or the Community Emergency Services Manager (CESM), Cindy Pearce.

All residents should assess the fuel loads on their property, and take steps to reduce this risk well before summer. Although spraying and slashing of tall grass is an effective treatment for reducing fire risk, if it is done too late in the season the dried grass still presents as a hazard. For more information or advice on hazard reduction please contact CESM Cindy Pearce on 0417 071567.

HARVEST BANS

With harvest and the fire season upon us, all residents are reminded Council has a number of ways in which it communicates information relating to harvest and vehicle movement bans:

- **SMS to your mobile phone:** Is your mobile number registered with the Shire to receive this information? If not, or you need to update your information please contact Kim at the Shire on 9825 3555. (On a similar note - if you no longer wish to receive these notifications please contact Kim and your number will be removed from the list.) **Please be aware there are a number of mobile reception black spots in the Shire and this may result in delivery of messages being delayed. Do not rely on SMS as your only source of information.**
- **Radio broadcasts:** Every effort is made to ensure details of harvest and vehicle movement bans are provided to RadioWest and ABC radio for broadcast, however the timing of bans being implemented often means cut off times for broadcast can be missed. ABC radio (as the emergency broadcaster) has advised the following designated times for announcement of bans:
Weekdays - 10.05am, 12.35pm and 2.05pm
Weekends - 12.35pm, 2.05pm.
- **Harvest Ban Hotline:** Phone **98251042** for updated information relating to the status of a harvest and vehicle movement ban. **This is the most reliable source of information from the Shire.**

And finally, the onus is on you as an individual to keep an eye on the weather conditions if you are harvesting or using other machinery or tools in the paddock. Step out of the header at regular intervals, monitor weather forecasts, talk to your neighbours, contact your brigade Fire Control Officer if you are concerned. Let's be safe this harvest!

SHIRE OF BROOMEHILL-TAMBELLUP

2016 CHRISTMAS LIGHTS COMPETITION

Great prizes are up for grabs, so dust off those lights and make a statement!

Categories:

- **Best Christmas lights on a house or business in the town sites - as judged by the Judging committee on a drive-by basis**
Judging will be carried out during the week commencing 12th December 2016 - so leave your lights on!. Two prizes of \$100 gift cards - one each in Broomehill and Tambellup town sites
- **Best Christmas lights on a town residence – People's Choice Award**
Voting slips and boxes will be located at the Shire Offices in Broomehill and Tambellup, and the Tambellup Community Resource Centre. Voting closes at 12.00 noon on Friday 16th December 2016. Two prizes of \$100 gift cards - one each in Broomehill and Tambellup town sites
- **Best decorated farm gate award – within the Shire but outside the town boundaries - East vs West!**
Email a photo of your decorated farm gate to Marni at mail@shirebt.wa.gov.au with your name, road address and phone contact details (and the name of the owner of the farm gate if it is not yours!) for judging by the Judging committee. Think creatively – you may wish to include elements in addition to, or in place of Christmas lights.....
Entries should be submitted by Friday 16th December 2016. Two prizes of \$100 gift cards - one each for the eastern and western parts of the Shire.

We look forward to seeing our towns glow as we head towards Christmas. For more information please contact Marni at the Shire on 98253555.

TROY NORRIS GOLF DAY 2016

Troy's golf day was held on Saturday 15th October at the Tambellup Golf Club. Once again the weather was wet and windy. Maybe next year we will have a fine golfing day.

Thanks to those who braved the conditions and came out for a social hit of golf and get together for this annual event, and to those that travelled long distances to be here. Snowy Sheridan for organising the team draw and tallying up the cards. Ken Schlueter for managing the bar, Phoebe O'Neill and helpers who made lunches and afternoon tea and to those who brought along cakes and slices for afternoon tea. It is all greatly appreciated and makes the day run smoothly.

Many thanks to the sponsors of the day:

Kylie Westbrook of Nexus Risk Services, Shane O'Neill of QFH Multiparts, Peter & Lynn Squibb of Squibb Carpentry & Cabinets, Tara Simpson, Ryan Flugge & Shep of CBH, Kade Stewart – Hawthorn Football Club

Kade donated a signed Hawthorn football jumper which was auctioned. Thanks to Michael Altus for doing a great job as the auctioneer. The winning bidder was Ray Squibb.

Winners of the 18 hole competition were Ryan Sheridan, Pam Hull & Heather Norris, 2nd place were Tim Fitzgerald, Khallon Zilm & Kris Norris.

9 hole competition winners were Lisa Stanley, Erin Kiddie, Aaron, & Georgie Altus. 2nd place were Ashlyn Sivour, Khalia Stewart, Kelsey Hooper & Bec Altus.

Proceeds of this years event went to the Tambellup Sub Centre.

Thanks again, we hope you all enjoyed the day.

Marc, Heather, Kris and Glenn

Well done Broomehill Netball Team

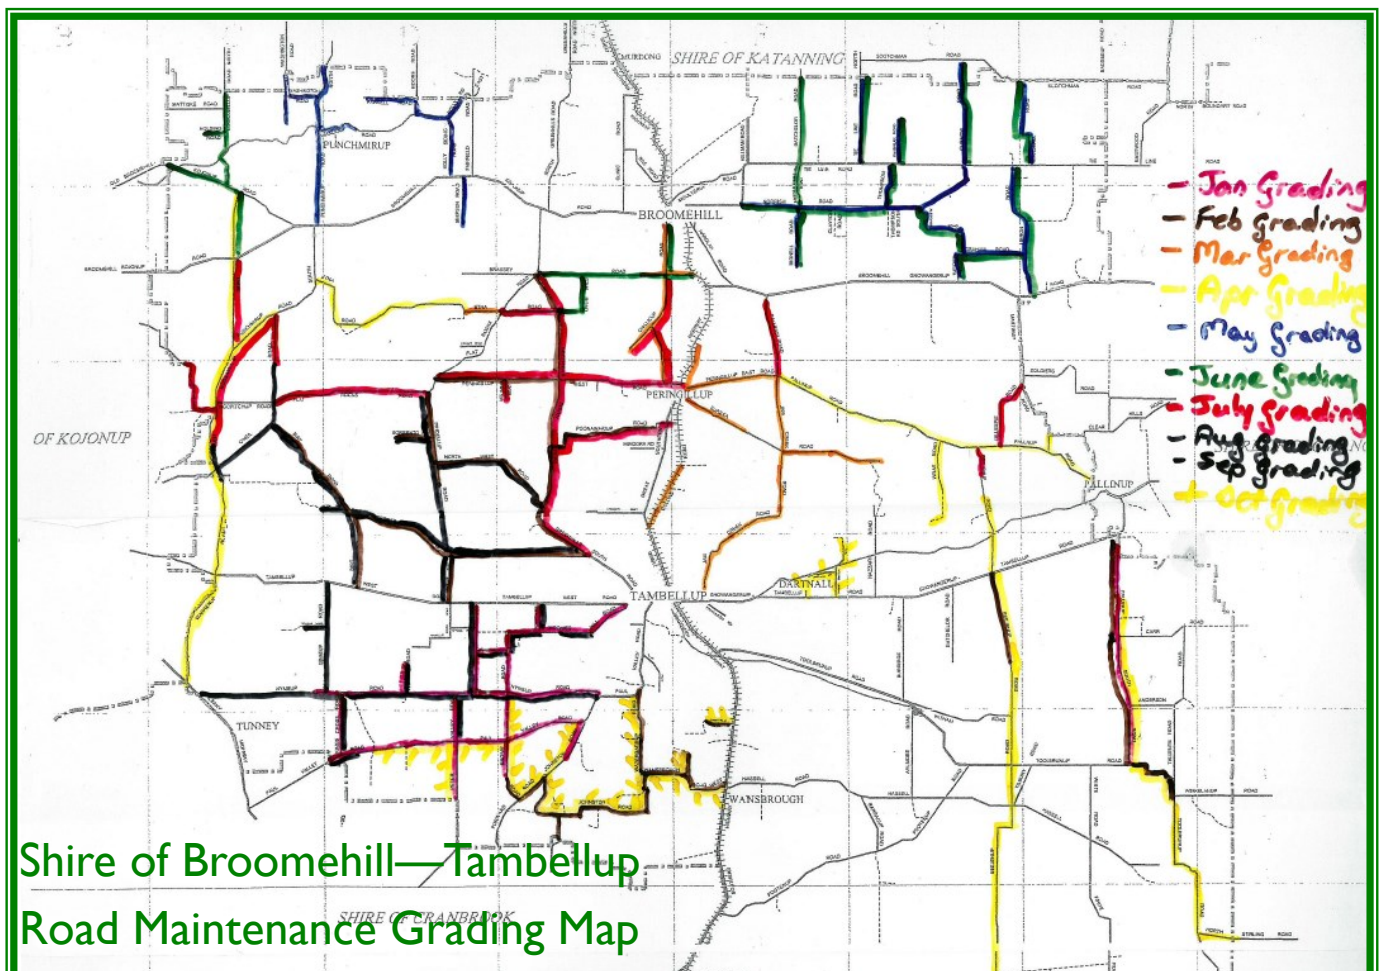

The Broomehill Netball Team had a wonderful 2016. They won the 2016 Katanning Netball Association division 3 grand final with an amazing fight to the end winning 34-26 over Katanning team Fury. Congratulations to Jenna Green who won best and fairest for the game, Bec Leyte and Jenna Green won Katanning Netball Assoc best and fairest for the season.

Cindy Paganoni won best and fairest for the 2016 Broomehill Netball Team.

A huge thank you to all the family and friends who have supported us throughout the season also to the Broomehill complex from letting us train we have thoroughly enjoyed the socialising as well.

We are very proud of all the girls involved in the 2016 let's have a great 2017

If you are interested in playing netball in 2017 and are in Broomehill or Tambellup we will be taking expressions of interest and will need to now so please contact Lisa Thompson 0417 184 185.

Broomehill Golf Club

On Sunday the 23rd of October, 2016, eight members of the Broomehill Golf Club travelled to Katanning Country Club and played in the final round of the Pennants Golf.

Broomehill played Katanning 1 and ended up winning three games, squaring two and losing three, but at the end of the day came out victorious over the other three teams with 16 games.

Other teams being – Woodanilling with 7 games, Katanning 1 with 12 games and Katanning 2 with 11 games.

Many thanks to Captain, Simon Hanna, who organised the team each time and well done to the eight Broomehill players – Simon Hanna, Andrew Woithe, Phillip Russell, Charles Russell, Brad Rundle, Kevin Winspear, Andrew Gibbons and Dave Mathwin.

Looking forward to seeing you all on Tuesday the 8th of November, 2016, at 7-30 pm for the AGM

Even more fun can be had if you join in the play.

Pretend to go shopping, to the movies or to a party!

ILLEGAL DUMPING OF WASTE

Council recently received a report from a concerned resident about illegal waste dumped in the Ngopitchup Reserve on Warrenup Road. The material was investigated as it was considered likely to contain asbestos, and after an investigation this was proven to be the case.

The material poses no immediate threat if not handled, and will soon be cleaned up. Unfortunately, in this instance, all ratepayers will have to foot the bill, as a culprit has not been identified.

Penalties apply for illegal dumping of any material, and anybody caught will be prosecuted to the full extent of the law.

Anybody with any information should contact the Shire of Broomehill-Tambellup. Asbestos cannot be disposed of at the Broomehill or Tambellup land fill sites, however, both the Katanning and Kojonup sites accept appropriately treated asbestos waste.

**DON'T PLAY
RENOVATION ROULETTE!**

**GET TO
KNOW
ASBESTOS
THIS NOVEMBER**

NOVember is national Asbestos Awareness Month. In the lead-up to Asbestos Awareness Day (Friday 23 NOVember) all Australians especially homeowners, renovators, tradies and handymen need to 'Get to kNOW Asbestos this NOVember' by visiting asbestosawareness.com.au to learn how to protect themselves and families from exposure to dangerous asbestos fibres.

Asbestos Awareness Month aims to educate as many Australian's as possible about the dangers of asbestos and how best to manage it because Australia has one of the highest rates of asbestos related diseases in the world.

With asbestos-related diseases continuing to increase among Australians as a direct result of exposure to asbestos fibres during home renovations and maintenance, the importance of raising awareness about the dangers of asbestos and how best to manage it in and around homes and on properties, cannot be overstated!

Do you know where asbestos might be found in your home?

- 1 Do you kNOW that if your home was built or renovated before 1987 there is a high likelihood that it **WILL** contain asbestos products in one form or another?
- 2 Do you kNOW that even if your home is constructed of **BRICK** that it might contain asbestos?
- 3 Do you kNOW **WHERE** you might find asbestos products in your home?
- 4 Do you kNOW that asbestos was used in the manufacture of **MANY** building and home decorator products including carpet underlay and wall and floor tiles?
- 5 Do you kNOW that asbestos might be found in and around **ONE IN THREE** Australian homes?
- 6 Do you kNOW that if you disturb products containing asbestos you **RISK INHALING** asbestos fibres?
- 7 Do you kNOW the diseases that asbestos fibres can cause, and that they **CAN BE FATAL**?
- 8 Do you kNOW how to **IDENTIFY** asbestos products?
- 9 Do you kNOW the **PRECAUTIONS** you need to take when working with asbestos?
- 10 Do you kNOW how to **DISPOSE** of asbestos safely and legally?

If you said NO to ANY of the above you are not alone! Most Australians don't realise where asbestos might be found in their homes and the risks they take when disturbing it during renovations or maintenance.

Many wrongly believe ONLY fibro homes contain asbestos. Asbestos products can most likely be found in **ANY** Australian home built or renovated before 1987 even brick, weatherboard, fibro and clad homes.

Asbestos can be found under floor coverings such as carpets, linoleum and vinyl tiles, behind wall and floor tiles, in cement floors, internal and external walls, ceilings and ceiling space (insulation), eaves, garages, around hot water pipes, fences, extensions to homes, outdoor toilets, dog kennels and backyard sheds...it could be anywhere!

It's vital Australians take the warnings seriously, stop playing 'renovation roulette', protect themselves from asbestos fibre exposure and before renovating, visit www.asbestosawareness.com.au to Get to kNOW where asbestos might be found in and around homes and properties, the dangers of disturbing it and how best to manage it.

Australians can host a 'Blue Lamington Drive' during NOVember to raise asbestos awareness and help raise vital funds for asbestos diseases research and support by visiting www.bluelamington.com.

DON'T PLAY RENOVATION ROULETTE!

The 20 Point Asbestos Safety Check

GET TO
KNOW
NO
ASBESTOS
THIS NOVEMBER

1. At least 1 in 3 Australian homes contains asbestos including brick, weatherboard, fibro and clad homes.
2. Asbestos was widely used in building materials before 1987 so if your home was built or renovated before 1987 it most likely contains asbestos.
3. If asbestos is disturbed during renovations or maintenance your health and the health of your family could be at risk.
4. DIY is not recommended where asbestos is present.
5. When renovating or working in and around homes, if in doubt assume asbestos materials are present and take every precaution.
6. Dealing with asbestos is important and serious, but it's not overwhelming – IT IS MANAGEABLE!
7. If you're not sure if asbestos is in your home you can have it inspected by a licenced removalist or a licenced asbestos assessor.
8. Products made from asbestos cement include fibro sheeting (flat and corrugated), water, drainage and flue pipes, roofing shingles, guttering and floor and wall coverings. It could be anywhere!
9. If you find asbestos in your home; Don't cut it! Don't drill it! Don't drop it! Don't sand it! Don't saw it! Don't scrape it! Don't scrub it! Don't dismantle it! Don't tip it! Don't waterblast it! Don't demolish it! And whatever you do... Don't dump it!"
10. If left undisturbed asbestos materials in good, stable condition are unlikely to release dangerous fibres and pose a health risk. Generally, you don't need to remove the asbestos. Paint it and leave it alone but remember to check it occasionally for any signs of wear and tear.
11. There are legal requirements regarding asbestos management, its removal and disposal.
12. While some might follow the regulations and safety requirements to remove small amounts of asbestos, the safest way to manage its removal is to retain a licenced professional asbestos removalist equipped to protect you and your family from the dangers of asbestos dust and fibres.
13. Where asbestos fibres are friable (loose and not bonded into building materials), ONLY licenced friable asbestos removalists are allowed to remove it.
14. Professional removal of asbestos is affordable. You can't afford not to use a professional!
15. The cost of asbestos removal by a licenced professional is comparable to most licenced tradesmen including electricians, plumbers and tilers.
16. The cost of disposal at a lawful site is often included with the cost of removal by a licenced professional.
17. If you must work with any material that may contain asbestos or remove asbestos yourself, protect yourself and your family and follow the legal and safety requirements for the management of asbestos to minimise the release of dust or small particles from the asbestos materials.
18. There are a number of safety precautions you will need to take including wearing specific protective clothing, the correct mask or breathing apparatus and ensure you minimise dust and dispose of it legally.
19. Never use tools on asbestos materials as they will make asbestos fibres airborne including:
 - a. Power tools such as electric drills, angle grinders, circular saws and electric sanders.
 - b. Never use high pressure water blasters or compressed air.
20. Are you playing renovation roulette? Get to know Asbestos this NOVEMBER! Visit asbestosawareness.com.au... Because it's not worth the risk!

Ratten & Slater

POSITIONS VACANT

Ratten & Slater is a long established, family owned Agricultural Machinery Dealership in the South of WA. It provides sales, parts & service support for John Deere and other Agricultural equipment across the Esperance, Gnowangerup and Albany areas of WA.

Due to the rapid expansion of the business in Gnowangerup, we have a new position in in our Service Department.

SERVICE ASSISTANT

This position will provide assistance with the administrative tasks required to ensure the smooth and efficient running of the Service Department. The responsibilities in this role are varied and will include, but are not limited to:

- | | |
|---|---|
| ✓ Data Entry and Documentation management | ✓ Ordering parts |
| ✓ Checking timesheets | ✓ General Office Administration duties |
| ✓ Ensuring compliance with Department of Transport standards for truck audits | ✓ Assisting with Customer Pre-delivery Requirement Orders |
| ✓ Assisting with the organisation of transporting machinery | ✓ Assisting with management of workshop production and workflow |

The successful applicant must be able to demonstrate:

- High level of attention to detail
- Fast and accurate data entry
- High level of initiative and ability to work with limited supervision
- Willingness to ask questions to ensure accuracy and correctness of work
- Previous Office Administration experience and the ability to use standard desktop applications
- Excellent customer service skills
- Current 'C' Class license

The role will be 4 days per week, possibly increasing to 5 days during peak periods. Some flexibility may be negotiated for the right applicant.

Previous experience in a workshop environment along with a current forklift license and oversize load Pilot Accreditation would be highly desirable.

Applications should outline your ability to meet the above criteria, and include a current resume with two contactable referees. Applications or enquires should be directed to:

Travis Hawkins
Ratten & Slater

Travis.Hawkins@rattenslater.com

Enjoy the Ride

A message to our precious rural communities this harvest.

Harvest is upon us and the RACE is on again,
Got to get the headers out and gather in the grain.
Got to keep the PACE up, the road trains in top gear,
It's a crazy, hectic, HELL FOR LEATHER, stressful time of year.

Everything is FLAT OUT from the farmhouse to the sheds,
Answering the two way, taking phone calls, making beds,
Cooking meals, drying grain, kids home off the bus,
Moving gear from paddocks with a minimum of fuss.

Harvest is a time to push, to drive the horse power home,
To work long days, and sleep short nights, feel knackered to the bone.
Two weeks down, stress levels high, the team show signs of strain,
The chaser driver hangs on in, with secret hopes for rain.
But harvest stops for no man, and the drive does not subside,
The record year upon us at the forefront of our minds.

Run the lunch out, wash the clothes –
Fix the bust hydraulic hose.
Ring the truckle, feed the chooks –
Update the BAS and office books.

Shift the silo, move the bin –
Which ute was the grease gun in?
Check the bearings, order fuel –
Where's the mobile set of tools?

Note grain prices, load the truck –
WHERE'S he got the chaser stuck?
Change the tyre, switch to Mace –
Can we keep up at this pace?

Test the sample, take the grain
To CBH then back again.
Pick up parts, drive to town...
AND NOW'S YOUR CHANCE TO STOP - SLOW DOWN.

Leave speed behind you when you put your vehicle on the road,
Rebel against the rush and put yourself in BACK OFF mode,
Make your car your sanctuary, and shut the door on speed,
And from fast-paced harvest pressure let yourself recede.
Let's get through this season, a community together.
Avoid the pain road trauma leaves, the scars that last forever.
Stuck behind a road train? Don't struggle to get past,
When all those tiny seconds saved could end up as your last,
If you're choked with gravel dust, stress rising deep inside,
BACK OFF, breathe deep, and tell yourself -

'Slow Down - Enjoy the Ride'

Esperance
create your own story

getting there together

Mossy Coaching Clinic at Cranbrook

Cranbrook Motocross are excited to hold a Mossy weekend coaching clinic on 12/13th November for all ages to capitalise on Mossys skills to assist in designing a new motocross track at the regional motorcycling facility at Sukey Hill Cranbrook.

Gregory Moss, based in Nerriga NSW, is the head coach and founder of the Moss Institute developing a proven coaching technique after almost 40 years in the sport and over 20 years of coaching experience. Accredited by the Australian Institute of Sport as a Level 2 Master Coach, Greg has an eye for up and coming Australian talent, developing many of our national and international professionals. With a unique talent in analysing riding techniques and communicating with riders, Greg has what it takes from both a basic and world-class perspective.

Cranbrook Motocross is in the process of relocating from Rockwell Flats to the regional motorcycling facility at Sukey Hill, ready for the 2017 season commencing in April. With the exceptionally wet year it is a timely move and hopefully the club can put wet Club Runs behind them!

The club has been very fortunate in establishing a good relationship with the Shire of Cranbrook, whose Councillors can see the long term benefit this sport can offer the community of Cranbrook. They have partnered with Cranbrook Districts Motorcycle Club to develop a Great Southern regional motorcycling facility which will include motocross, enduro and trials tracks, with the home club being Cranbrook motocross. Their support has been appreciated offering assistance with the Feasibility Study prepared by Steve Pretzel and the Flora Study prepared by Wendy Bradshaw.

It is planned that Gregs experience will create a Australian National standard motocross track from the blank canvas at Sukey Hill, capitalising on the natural terrain.

Check out www.cranbrookmx.com or 0447194259 for Mossy Coaching Clinic for all ages at Rockwell Flats Track Cranbrook. Weekend 12/13 November, Limited places \$250 per rider includes lunch and refreshments. Accommodation: Cranbrook Caravan Park 0429 942 825

MOSS INSTITUTE

Department of
Agriculture and Food

Australian plague locust alert – 2016 spring update 2

The Department of Agriculture and Food reminds landholders and stakeholders to prepare for predicted locust activity during spring 2016 in parts of the eastern Wheatbelt and southern agricultural region.

People who observed locust activity on their properties in autumn should be particularly vigilant as it is likely egg beds were laid.

Protracted cold conditions have delayed locust hatchings, but locust activity is expected to increase during spring as the weather conditions warm.

Significant spring locust activity is expected in parts of the eastern Wheatbelt and southern agricultural region, which may result in locust bands and loose swarms. Variable hatchings are also likely to occur in other parts of the southern agricultural region and Wheatbelt.

Egg beds in Merredin are showing strong hatchings. A map of spring hatchings recorded to date is available [online](#).

DAFWA will begin third instar (locust stage about three weeks after hatching) surveys in the eastern Wheatbelt region next week and will continue to provide regular updates as the season progresses.

Landholders are reminded to inspect their properties for locust activity and start preparing for control if necessary to protect their assets, including crops and pastures.

DAFWA encourages you to distribute this correspondence to your relevant contacts.

If you have received this communication indirectly and wish to receive future updates directly from DAFWA please [email us](#).

Australian Plague Locust - 2016 Assistance Scheme

The Australian Plague Locust (APL) 2016 Assistance Scheme is now available to support landholders to control populations of locusts and protect their assets.

The Scheme is available to landholders and Local Government Authorities that manage land within nine shires identified as having an increased risk of APL activity in spring/summer 2016.

A State Government contribution of \$5 per hectare is open to landholders seeking to control locusts in pasture, crop, fallow, greenbelts or where locusts are on public amenities, such as ovals, through spraying with a suitable insecticide, within Ravensthorpe, Jerramungup, Gnowangerup, Lake Grace, Kulin, Yilgarn, Westonia, Mukinbudin and Nungarin shires.

In order to access the Assistance Scheme, landholders will be required to provide the following documentation to demonstrate financial accountability in making a claim:

- A map identifying the number of hectares and area treated,
- A tax invoice or statement proving the purchase of insecticide and/or a tax invoice or statement proving that a contractor has been engaged, and
- Track logs of the area treated to confirm application.

Any application for \$10,000 (2,000ha) or more will require verification by the Department. Photographs or videos may also be uploaded as further evidence of application. The department will also undertake a level of accountability compliance inspection.

Variable hatchings are also likely to occur in other parts of the southern agriculture region and wheatbelt. The scheme may be extended to additional shires if department survey teams identify other areas experiencing a high level of activity.

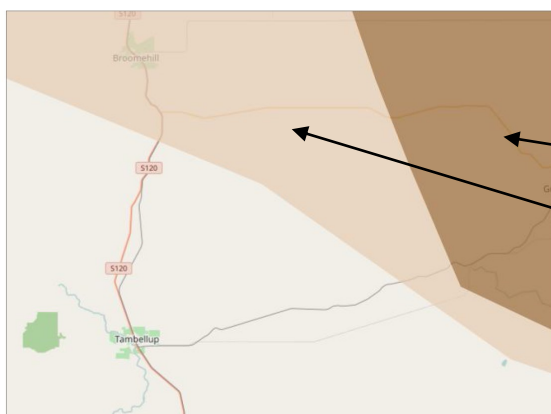

The scheme will be available for control activities up to 31 Dec 2016 and applications can be made up to 31 Jan 2017 via the department.

Further information on the scheme, including the guidelines and application details, are available from the department website www.agric.wa.gov.au/locusts or by contacting freecall 1800 198 231.

More information

Landholders are encouraged to use the department's free [PestFax Reporter app](#) to report locust activity in spring to assist with mapping locust movements or the department's Pest and Disease Information Service (PaDIS) on 1800 084 881.

Further information on identification, monitoring and control for locusts is available from the department website agric.wa.gov.au/locusts or call PaDIS

Broomehill Historical Notes

• The Inquirer and Commercial News Wed 14 Jan 1885

Brought in off my run and now in my yard, one light bay GELDING, two white hind feet, and also near foreleg, about 13 hands high, between four and five years old, a slit in off right ear, no other brand or mark visible, supposed to be the progeny of one of my own mares. Any person showing a better claim can have it by paying all expenses.

JOHN J GARRITY

Green Hill Eticup Dec 27 1884

• The West Australian Saturday 9 May 1885

ETICUP

FROM A CORRESPONDANT

On Thursday last, 23rd April, a Cricket Match was played here between a local eleven and eleven from Kojonup, in aid of the Church and School that is in course of erection at present, which I must say is progressing favourably. The Kojonup men having arrived, a start was made at 10 am. The Kojonup

captain, having won the toss, elected to send the local men first to the wickets. The two first men made a very poor stand but after a while matters changed and when the last wicket fell the score stood at 102. Messers L Van Zuilecom, J Holland, H S Ranford and F Van Zuilecom were the chief

scorers with 9, 44, 17, 10 respectively. J Holland played a splendid innings for 44 not out. The Kojonup eleven now taking the willows, a very fair start was made and after one wicket had fallen luncheon was partaken of, which was provided by the ladies of Eticup who deserve the greatest thanks for the manner in which it was got up. The not out men resumed their places again at the wickets and after some smart fielding and bowling on the part of our men they were all out for 58. Messers R Krakouer and G Norrish were the only men who made a stand at all with 11 and 9 to their credit.

Our men in their second attempt were not so fortunate as in their former innings though they managed to put together 74; of this number J I Penny and H S Ranford contributed 25 and 16. The Kojonup side having now 118 to beat, matters looked rather backward for them and after a worse stand than their first innings their last wicket fell for 54, thus leaving the usually beaten men victorious for once with 64 runs to spare. Messers Thos. Norrish and T Chipper gave great satisfaction as umpires. After a very pleasant day's sport the visitors assembled at Fairfield (Mr L Van Zuilecom's) where an entertainment was given. With what was taken out on the ground and at the door the proceeds amounted to £7. I believe Mr E Treasure has also promised £5 towards the School building while others have promised smaller sums. The entertainment commenced about 9pm.

• The West Australian Tuesday 23 June 1885

ETICUP NOTES

Since our entertainment of April last there has been very little to mention, as everyone is busy with ploughing and sowing which is in full swing. Judging by the number of ploughs at work there is every likelihood of a large area being under cultivation this season. The weather is not what could be desired for ploughing and sowing. The late heavy rains have made the ground quite boggy which it had not been for some years previously, and the farmers were beginning to get down hearted at the prospect of getting no crops in, but the last few days fine weather has gladdened them again. The last three mornings we have had white frosts doing a good deal of damage to the grass and young crops. On Wednesday the 20th last month about midday a terrific hurricane passed over here, uprooting large trees and stripping others of all their branches; it also gave some of the buildings a rare shaking which rather frightened the inmates. Their fears, however, were soon calmed down as it did not last more than a quarter of an hour.

Since writing last Mr H S Ranford and his party have left for the Williams River after a stay here of about five months, during which time he had been very busy laying out freehold property and marking roads etc.

When all the blocks are fenced in, and the roads fenced off, we shall have quite a little village. I believe that one young man has just completed three miles and I hope to see many more start fencing before this winter is over. It is a great pity that a town site was not laid out here as allotments would bring a good price here now.

The school that I mentioned in my last is at a stand-still at present for

the want of more bricks. I have heard that it is to be increased to twenty feet in height instead of eleven as proposed in the first place. I should fancy that if they wished to increase the height they ought to have thought of it before and not now when the winter has set in and everyone is busy with their ploughing and lambing. When it is done the ground will be too boggy to cart. In fact it is almost too boggy at present. We have had a visit from Mr Horace E Warburton, here lately. He is forming a company to proceed to the Ashburton River with stock, which is to be called the Ashburton Pastoral Company, Limited. It is the intention of the promoter to travel overland to his destination with the stock which will consist of about 3,500 sheep besides horses etc. The shares are £100 per share and I believe that about £1,000 worth in stock, will be sent from this little place. I wish the promoter and shareholders every success in their new enterprise.

We expect to have the railway surveyors here shortly as I hear they are camped about 22 miles from here which will make the place lively again for a while though their stay here will not be long I expect as the country is pretty level for them.

Lambing has started and is progressing favourably so far and there is every prospect of a good percentage this season.

Media Release

Hon Terry Waldron MLA
Member for Wagin

17 October, 2016

Funding available for crime prevention initiatives – Waldron

Member for Wagin Terry Waldron MLA is encouraging local government authorities and not-for-profit organisations to apply for grants through the Community Crime Prevention Fund and the State Graffiti Fund.

"Applications are now open for both the Community Crime Prevention Fund and the State Graffiti Fund," Mr Waldron said.

"I encourage communities across the Wagin electorate to consider how these grants could positively assist them to reduce local crime and improve community safety.

"Several crime prevention projects have previously been funded in the electorate, including the Shire of Broomehill-Tambellup's Gnowangerup-Tambellup Kids Sports Program."

Nationals WA candidate for Roe Peter Rundle said the Community Crime Prevention Fund supported projects that worked to address local crime issues across Western Australia.

"I am pleased the State Government is continuing to tackle crime and anti-social behaviour and build resilient communities through support for grassroots crime prevention measures," Mr Rundle said.

Grants of up to \$25,000 are available for projects that address one or more of the following identified crime prevention priorities:

- prevention and early intervention to address the needs of children and families;
- youth justice and reducing re-offending;
- preventing and responding to antisocial behaviour;
- addressing and reducing drug and alcohol related crime; and
- targeting priority crimes in Western Australia, as identified.

The State Graffiti Fund provides grants of up to \$20,000 to support community projects that assist in the clean-up and prevention of graffiti vandalism.

"Graffiti vandalism is a senseless crime that costs West Australians around \$8 million a year to clean up," Mr Waldron said.

"The State Graffiti Fund represents a significant commitment by the State Government through the Tough on Graffiti Strategy 2015-2017 to address the scourge of graffiti vandalism within our communities."

For more information please visit www.police.wa.gov.au/Our-Community/Grant-funding/Community-Crime-Prevention-Fund or www.police.wa.gov.au/Our-Community/Grant-funding/State-Graffiti-Fund

For media enquiries contact Terry Waldron on 9881 1225 or email terry.waldron@mp.wa.gov.au or Peter Rundle on M: 0418 959 810 or E: peter.rundle@nationalswa.com
