SHIRE OF BROOMEHILL-TAMBELLUP

Phone: 98253555 Fax: 98251152 Email: mail@shirebt.wa.gov.au

The next meeting of Council will be held on Thursday 16th July 2015 commencing at 4.00pm in the Tambellup Council Chambers. Members of the public are welcome to attend all Council meetings.

FROM THE COUNCIL MEETING

Council considered a request from Co-operative Bulk Handling, for the permanent closure of Kimberley Street, Broomehill and a portion of Old Nardlah Road in Broomehill, with the land to be disposed of, to Co-operative Bulk Handling. Council is required to advertise the proposal for comment.

Council declined a request from the Gillamii Centre in Cranbrook for a financial contribution of \$20,000 per annum for a period of three years, to enable the Centre to continue to deliver services and develop projects of local priority.

Council declined a request from the State Library of Western Australia Foundation for a financial contribution towards the Foundation's 'On the Homefront' appeal, to enable the digitisation of Western Australian newspapers published from World War 1 and beyond.

Council granted approval to Greening Australia WA to collect native seed from Council managed reserves and road reserves within the Shire of Broomehill-Tambellup subject to conditions.

Council has accepted a quote from H & H Architects for design and contract management services to construct a new executive residence at 63 Taylor St, Tambellup. Council will utilise Reserve funds for this project.

GRAVEL ROADS IN WINTER

All residents are reminded that following periods of rain, gravel roads change. Slippery patches may appear, and water may be on the road in low lying areas. **Residents are reminded that they should drive to the conditions.**

WASTE TRANSFER STATION – PRE PAID TIP CARDS

Residents are reminded that the green 2014/2015 Waste Transfer Station passes expire on 31 July 2015, and will not be accepted after that date. New passes valid for 2015-2016 will be distributed with rates notices for those residents who do not receive the kerbside rubbish and recycling collections, and prepaid passes will be available to purchase at the Shire Administration offices after 1 August 2015. For more information please contact the Shire.

COUNCIL WORKS

With the end of the financial year upon us, most of the scheduled works program has been completed. Recent works included the installation of kerbing on Tambellup West Rd, which has been backfilled with gravel and compacted, works at the intersection of Gnowangerup-Tambellup Rd and Great Southern Hwy which have been completed, and gravel resheeting and culvert headwall works on Nardlah Rd which, at time of writing, were nearly complete. Funded works proposed for Pallinup Rd will be carried over to next financial year.

Maintenance grading has been interrupted during June due to dry weather and staff illness. The graders are still working in the south eastern section of the Shire.

The rain to date has been welcomed by parks and gardens staff, who aside from keeping on top of mowing and weeding in both towns, have been able to plant established jacaranda trees at the Broomehill Skate Park. These should look a picture when they eventually flower.

Even with the rain, water is never far from the mind, and maintenance of systems is still a significant activity through winter. Most recently it has been noted that the Complex dam has developed a leak, caused by the pump pressure tank rusting out and creating a large hole in the dam bank inside the pump shed. The water has channelled through weak spots in the dam bank before leaking out some distance from the shed. Options for repairs to the dam have been considered.

Issues have been experienced with the Tambellup West Rd standpipe not working in recent weeks. A new pump has been fitted and it is now operating correctly.

COUNCIL ELECTIONS

Council elections will be held in October this year, with three positions on Council becoming vacant. If you have ever considered serving your community through this avenue, and would like to find out more about the role, you are encouraged to contact any of the serving Councillors, or alternatively, the Chief Executive Officer, who can provide more information.

TAMBELLUP SPORTS PAVILION UPDATE

Just a brief update – we have recently been advised that an application submitted to the Great Southern Development Commission's Regional Grants Scheme has been successful, with \$200,000 being allocated to the Pavilion upgrade project. We are extremely grateful to the GSDC for their ongoing support of local projects.

This amount brings the confirmed funding to \$1.4 million, still a way short of the initial estimate of \$3.2 million required. Aside from working with the architects to identify ways in which the cost of the project can be reduced without losing functionality, Council will be applying to various funding programs as they are announced to reduce the shortfall. At present an application is being developed for the National Stronger Regions Fund Round 2, and while this is an extremely competitive national program, we will keep everything crossed for a successful outcome. Thank you to those sporting clubs which have provided letters of support to accompany our application.

We will be calling a meeting of the Tambellup Sports Pavilion Advisory Committee in the near future, to consider the next draft of plans for the Pavilion, and to progress the management side of the new facility. The current committee consists of representatives from each of the sporting, social and recreation groups in Tambellup, along with Council representation. It is acknowledged that the committee is large, and that there may be some groups who may have a general interest in the project but not necessarily a specific interest. In order to be more efficient in progressing the project, it is intended to reduce the size of the committee to a more manageable size. All groups will be consulted in this regard.

Running alongside this will be the formation of the Management Committee. The Management Committee will be responsible for the future management of the new facility, in line with successful models evident in neighbouring communities. This will include managing the use of the Pavilion by local clubs, members and visitors, and the hiring of the Pavilion to local residents and groups. It is proposed that the Management Committee will be an incorporated entity, with responsibility for managing the bar and associated activities for all users of the facility.

The Advisory Committee is aware that there are people in the community with knowledge and experience in business planning and management (think: farmers, business people.....) who are not currently on the committee. If this sounds like you,

Or someone you know, and you are interested in being involved in this capacity, we encourage you to contact Joanne or Pam at the Shire to discuss. This doesn't need to be a life sentence, however it is imperative that the basis of the planning is sound to ensure a secure future for the facility. The future viability of the new facility depends entirely on increased use and effective management. Council is keen for the community to take ownership of the new facility, to see it become a community hub for all groups.

COMPULSORY MICROCHIPPING FOR DOGS

All members of the public are reminded that from 1 November 2015 it is compulsory for all dogs to be microchipped.

Amendments to the Dog Act 1976 made in November 2013 provided that from 1 November 2015 the owner of a dog that has reached three months of age must ensure that the dog is microchipped.

A dog is exempt from the microchipping requirement if a veterinarian issues a certificate stating that the implantation of a microchip may adversely affect the health and welfare of the dog. The certificate cannot apply in respect of a dog that is under three months of age.

When a person registers their dog, they will be required to provide proof that the dog has been microchipped by providing the Shire with the microchip number.

More information about the Dog Act 1976 and microchipping is available at the Department of Local Government and Communities website www.dlgc.wa.gov.au, or by contacting the Shire.

RECYCLING OF WHITEGOODS

All residents are reminded that prior to depositing fridges, freezers and air conditioners at the Waste Transfer Stations for recycling, these items must be degassed by a qualified person. Appliances that have not been degassed are unable to be recycled and will be rejected by Waste Transfer Station staff.

COUNCIL AGENDAS AND MINUTES

Agendas and Minutes from every Council and Council Committee meeting are available at the Shire Administration Offices and Tambellup Community Resource Centre, for perusal. These documents are available in alternative formats, on request for people with disability.

Council Agendas and Minutes can be accessed online by browsing to www.shirebt.wa.gov.au and clicking on the "Our Shire" tab.

GREAT SOUTHERN ROAD SAFETY CONFERENCE

Are you interested in improving road safety in our area? You are invited to attend the Great Southern Road Safety Conference, to be held at the Cranbrook Sporting Complex on Tuesday 14th July, starting at 10.00am. Regional RoadWise Committees and Main Roads will present information on road safety initiatives planned and implemented throughout the region. All welcome, lunch and refreshments will be provided.

To register for this event, please contact Pam at the Shire on 9825 3555, or alternatively Erin McDonald-Lee, RoadWise Regional Road Safety Advisor (Great Southern), by email to emcdonald-lee@walga.asn.au, or phone 0418 904 081.

CUSTOMER FEEDBACK

The Shire of Broomehill-Tambellup welcomes feedback from its residents and customers. If you would like to provide feedback on Shire related matters, there are a number of ways you can do this:

- Attend in person at either of our administration offices;
- Write to us at 46 – 48 Norrish St, Tambellup 6320;
- Phone us on 08 9825 3555
- Fax us on 08 9825 1152; or
- Email us at mail@shirebt.wa.gov.au

For all methods, please include your name and contact details so we are able to respond to you.

RECYCLING OF WHITEGOODS

All residents are reminded that prior to depositing fridges, freezers and air conditioners at the Waste Transfer Stations for recycling, these items must be degassed by a qualified person.

Appliances that have not been degassed are unable to be recycled and will be rejected by Waste Transfer Station staff.

Broomehill Playgroup

Almost \$750 was raised by the generous tea drinkers of Broomehill and surrounds, when the Broomehill Playgroup put on its 2015 Australia's Biggest Morning Tea to raise funds for the Cancer Council on Thursday.

Over 70 people came through the gates of the Playgroup garden to enjoy a sumptuous morning tea, catered for by the fantastic playgroup mums, and also to browse in the hand-made marketplace where 8 stall holders showed their wares.

The weather held out superbly for the duration of the morning, and Gemma from Cheeky Chops face painting was kept busy with a line up of little customers while the mums and grandmas and other playgroup friends enjoyed catching up and a spot of shopping at the market stalls, who came from near and far.

Hand made goodies from Nyabing's Sonny and Gert, and Butterfly Lane, Phoenix cards and Jewelpati homewares from Tambellup, little childrens shoes from Mosman Park, Scout homewares from Claremont, Designs by Emma handbags from Katanning and Broomehill's Mary Kay Cosmetics made up a great line-up for some retail therapy in the playgroup grounds.

Broomehill Playgroup thanks all for their support of this worthy event and they look forward to doing it again in 2016.

THUMBS DOWN

To those responsible for the damage to plants on the bank at the Tambellup Sports Ground. Two things come to mind. Firstly, again, the cost of replacing the plants is worn by the ratepayer. Not all residents are ratepayers. Secondly, something that applies to all residents, ratepayers or not, the Sports Ground and Pavilion is a facility which was built by the community for the community many years ago. A lot of pride was built into what we have available to us today, and this type of activity completely disrespects the efforts of everyone who has been involved with the Oval over the years. It appears the latest damage may be the activity of kids, which raises the age old question – parents and careers, do you know where your young people are and what they are doing????

BROOMEHILL PUBLIC LIBRARY

30360 Great Southern Highway, Broomehill Village 6318

Over 250 popular magazine titles, both Australian and international, are available to borrow and download onto your Apple or Android device. Go to the Shire website and follow the links through to the Zinio website or any of the other e - resources.

Are you fire safe in the home?

We have had a number of house fires in WA so far this winter. The below checklist will assist you and your family in making your home fire safe.

•Installing an adequate number of suitable smoke alarms and testing them regularly is the first step in your home fire safety plan.

•Having a written escape plan in case of fire and practicing it regularly.

•Make sure keys to all locked doors are readily accessible in case you need to escape.

•Never leave cooking or any other open flame including candles or oil burners unattended.

•Clean the lint filter of your clothes dryer each and every time you use it.

•Never smoke in bed and take extra care if consuming alcohol whilst smoking.

•Take care when using heaters, electric blankets or open fires.

•Don't overload power points and switch off appliances when not in use.

•Always keep lighters and matches away from children and educate them that they are "tools not toys" to only be used by responsible adults.

•If you have a garage or shed remember to take extra care with any stored chemicals and fuels and always refuel mowers, edger's etc when they are cold and in the open.

Fire safety tips

•Remember that smoke from a fire will make you confused and that you cannot see in smoke.

•When asleep you will not smell smoke and it will in fact put you into a deeper sleep.

•If you have escaped from a home fire, remember once you get out **stay** out.

•Oil, gas or wood heating units may require a yearly maintenance check.

•Only ever use fuses of recommended rating and install an electrical safety switch.

If you require further information please contact the Community Emergency Services

Manager Cindy Pearce on 98 219950 or 0417 071567.

Corner Shop Museum Inc.

Station Master's House
Norrish Street, Tambellup WA 6320

Mark your calendars everyone!

We are extending an invitation to everyone in Tambellup, new residents and old, to join us on a **Heritage Town Walk** from the Corner Shop Museum on

Sunday, 9th August 2015 from 9.30am

The **Heritage Town Walk** takes 1 to 1.5 hours at a leisurely pace
(weather permitting).

More information in the August newsletter

More recently, we had a visit from the donor of our beautiful Depression Glass display. It was lovely to meet Kaye-Marie (Denis Riley's sister) from Tasmania, and she was thrilled to see her Glass being used so effectively. Thank you Kaye-Marie for your wonderful donation to our collection.

Tambellup Community Cropping Update

On the 12th June around 30 members of the community came together to put this year's Community Crop in.

With near on 150 hectares to be put in just south of town, the machinery was assembled the evening earlier ready for a fresh start the following day.

Everything for the day was donated; seed, fertiliser, chemicals, and machinery. A massive thank you to everyone that helped with these donations, including Ratten & Slater who continued their support of the Community Cropping by bringing their seeding machine over.

It was great to finish the day off with a bbq around a bonfire – a good social wind-down following the seeding season.

The Tambellup Community Cropping Group was established in 2013 with the aim of raising funds for the redevelopment of the Tambellup Sports Pavilion into a multi-function centre for our community.

If you are interested in supporting the Community Cropping in any way, you can contact Nick Lockyer or Stuart Witham.

Cranbrook Branch

Wife Update

It was a busy morning at our May meeting with the Annual General Meeting, sharing end of financial year tips and ideas and a tour of CBH.

A big thanks to John Shephard, Greg Flugge, Ryan Flugge and Tom Standish from CBH who kindly showed us around. More than 17 ladies from Cranbrook, Tambellup, Mt Barker and Frankland were taken through the process of grain being delivered covering the sample hut, weighbridge, storage and outloading. We were also very lucky to have a firsthand look at CBH's EyeFoss image sampling machine used to assess the visual quality of barley and wheat.

Our next WIFE meeting will be Thursday June 11 at the Gillamii Centre from 9am to 12 noon. Come and hear from a local farmer about the apps and technology used on his family farm.

Our sheep information day will be held on July 30 at the Addis Farm in Cranbrook – keep an eye out for more details in the next newsletter.

WIFE is open to women of all ages involved in small businesses and agriculture.
New members are welcome.

For more information call Kate on 9851 7233.

Do you want something included in your BT Times??

Send it in by 25th of the month to the Shire of Broomehill—Tambellup.

E: news@shirebt.wa.gov.au F: 98251152 or drop it into either Administration Office

CRANBROOK

Congratulations

Mary (Grace) Alimon being presented her
Australian Citizenship Certificate by
President Garry Sheridan at the Broomehill
Hall on Friday 19th June.
Congratulations on your decision to become an
Australian citizen.
Wishing you the best for the years ahead.

Cranbrook Motocross

July marks the final month of practice at Rockwell Flats before Cranbrook Districts Motorcycle Club Inc host the South West Interclub Championships on Sunday 2nd August. This is set to be a great free spectator event as we are expecting 100 – 150 motocross competitors. To make the most of home ground advantage we are preparing local riders, by holding three motocross days in July, Ladies Day, Coaching Day and Club Day.

Ladies Day, with Chelsea Blakers South West and WA State Title holder on Saturday 18th July. All ladies are invited to attend our first annual Ladies Day. We have an exciting day planned full of fun, food and of course motocross. Chasing a few tips on riding that farm bike safely then come along!

Coaching Day, hosted by John Young Motorcycling WA registered coach, Saturday 11th July. Open to all ages, this is a great opportunity to learn new skills or, for junior riders to get your kick start book signed. Motorcycling WA require junior riders between the age of 7-16 who want to compete in a club competition for a trophy prize to know the basic competition rules, and prove their riding ability to a MWA accredited coach each year. Yes a bit like obtaining a drivers licence!

Club Day Saturday 4th July, this is a fun non competitive semi structured day and riders do not need to hold annual club membership to ride. Pits open at 7am, motorbike examination and rider sign on 7:30am – 8:45am, and riding starts 9am. Please remember that every rider needs to participate with flag duties, so bring along a volunteer helper. Canteen available and spectators welcome. See website cranbrookmx.com for more information.

KATANNING & DISTRICTS **GARDEN CLUB.**

There wasn't a proper meeting in June, because several members were away, however those that were able to, travelled out to Helen Bignell's, Helen conducted a floral art workshop. Six members took part under Helen's supervision, with very good finished arrangements, thanks to Helen's expertise and help along the way. The afternoon was enjoyed by those that took part in the workshop and also those that came for a cuppa and a chat.

We were able to have a good look at Helen's garden and to see the progress that has been made since we were there last September.

The new club calendar has been printed and for those that haven't seen one yet, the competitions for July will be: Floral Art; A Green & Gold Arrangement, Flowers; Annual or perennial (1 cut), Tree or Shrub (optional) Australian native allowed. My Best Flower; NPM this month (not annual or perennial), Fruit or Vege; Vegetable. Pot Plant, Variegated foliage.

At the July meeting at Roxaine O'Toole's, vouchers for the overall winners of the last 12 months competitions will be presented, members are also reminded to bring a small plate of afternoon tea to share. The meeting is scheduled for July 14th at 1.30pm.

Broomehill Historical Notes

Quite a few years ago Shirley MacDonald began to work through the diaries of her Grandfather, Thomas Norrish (TN) which he wrote when he first came to Eticup to take up farming and the diaries of William Henry Graham (WHG) who was also one of the first pioneers of the Eticup district. Shirley collated all the information both in alphabetical and chronological order. There are many wonderful pieces of information and anecdotes in these diaries and we are proud to share them with the community each month.

Wiese, E – Visited Sunnyside on 20th October 1898 and on 23rd November. TN, while in Narrogin, walked to Wiese's farm and commented "He had a splendid crop."

Wilhelm, R – Shearing at Gob lup in 1895 and called again on Christmas Day with the two Beecks. On 30th December he was at Gob lup to see the land to be "rung" (ring barked).

Wilkes – On 8th September 1879, TN was advised that young Wilkes had hanged himself and on 11th February 1882, the Wilkes boy brought word that Josiah Norrish's son had died by drowning.

Wilkins, Red – Thomas Lott arrived to take over Gob lup on 30th October 1883 with his man, Wilkins, one wagon and one dray loaded with rations. On 18th November, Wilkins walked with Thomas Lott and TN over to TN's new house, Sunnyside. On 25th December that year, TN saw Wilkins at the Half Mile Pool.

Wilkinson, Frederick – Shepherd for TN during 1879. In May 1879 Douglas and Drury made a lambing yard at the Salt Well for Wilkinson, TN sent an iron tank of water to Fred's station and Sam Smith carted hurdles for the lambing. On 5th June 1879, TN drafted 191 dry ewes from Fred's flock to take to Gob lup and give to Drury and Joe Louthier, who had been helping with lambing at Wilkinson's camp and returned to Gob lup. The next day Fred shifted his lambs to Tree Wells. He brought his sheep in on 3rd July and on the 9th TN tailed the lambs – 629. On 11th August TNB and Mrs Norrish went in the carriage and took Fred's things to Three Wells. Fred was back in October for his sheep to be washed and shorn and TN settles with him on 13th November 1879.

Williams, Edward – Called at Gob lup in June, July and October 1879 and again in February 1880. TN saw him at Chester's hut on 11th May 1880 and a few days later he called at Gob lup with two other men, one of whom named George, TN engaged.

Williams, Frederick – Arrived at Gob lup on 26th October 1882 to shear, having finished at Camballup the day before. He came from Albany on 23rd September 1883 to shear and on 28th accompanied TN in the trap to Garrity's to get the cask of rum for the shearers. He stayed on after shearing helping George Francis cart slabs and cut and cart rafters for the stable. He went tamar hunting with Johnny. And he went with TN, Jack the Sailor and George Fox to get rushes to thatch the stable, and shifted Wilson's flock to give to William Peters. He is believed to have been Hannah Williams' brother and on 1st February 1884 started for Albany with TN, sister Hannah and two of TN's daughters.

Williams, Miss Hannah – Left Albany on 11th March 1882 with TN to be teacher to the Norrish children; they reached Gob lup on the 13th. She started the children's lessons on the 15th and her "box" was picked up from Fairfield on the 17th. Miss Williams accompanied the family on all outings and on 17th December 1882 returned to Albany with TN and Mrs Norrish's sister, Mary Jane Wray – apparently for Christmas with her own family. On 17th November 1883, she moved into the new house, Sunnyside, with all of the children except the youngest William, and with the maid Emma Knapp. Mrs George Thomas (nee Charlotte Nelson) was also with them. On 1st February 1884, TN started for Albany with Miss Williams and his two elder daughters, Hannah and Norah; Hannah Williams apparently finishing up, as Miss Ralston took over in July. On 21st January 1889 Miss Williams came to Sunnyside to stay for a week. The 1889 and 1890 diaries are not available and it is possible that she stayed on or returned as entries in December 1890 suggest that she may have been teaching at the Eticup School; TN gave her a cheque in exchange for cash on 22nd December 1890 and five days later took the school books over from Miss Williams.

PRESS RELEASE 24/06/2015

BUSINESS ADVISORY SERVICE NOW A REGULAR FEATURE

Small Business Centre Great Southern (SBCGS) is now providing Katanning businesses, and those in the surrounding towns, with regular sessions to discuss their business needs, issues and opportunities. Although a service has always been available, it's been mainly driven by individual demand and offered on a 'when needed' basis.

This has all changed with the introduction of the new Business Local service, funded by the State Government through the Small Business Development Corporation (SBDC). The new model of service delivery, coupled with a closer working arrangement between SBCGS and Katanning Regional Business Association (KRBA), will enable us to make regular weekly visits. Businesses can book an appointment to meet privately at the KRBA office, or arrange for a business facilitator to visit them at their premises.

"We've been building similar services with Denmark Chamber of Commerce, and Mount Barker CRC and as a result we've seen demand for appointments grow," said SBCGS Manager, Vicki Brown. "Business people are frequently operating in isolation and welcome the chance to bounce their ideas off a neutral third party.

"Planning for growth, putting on employees, developing marketing drives and dealing with regulations are all hot topics for most small business owners. With the extra resources of the Business Local service we have more opportunities to provide guidance in an unbiased and confidential manner."

SBCGS has grown to include three Business Facilitators, Vicki Brown, Richard Keeler and Mike Lynch. All have broad experience and have been involved in running their own businesses, so they're familiar with the stresses and demands of doing business in the region.

AS SBCGS will be increasing visits to the north and east areas of the Great Southern, we welcome enquiries from businesses across all 11 Shires in the Great Southern. "With our extra resources, we'll be able to meet the increasing demand and reduce waiting times for small businesses accessing the service".

To make an appointment contact Small Business Centre Great Southern on 9841 8809

Hon Terry Waldron MLA
MEMBER FOR WAGIN

THE NATIONALS
for Regional WA

Media Release

24 June, 2015

Waldron welcomes Regional Sheep Update to be held in Katanning

Local MP Terry Waldron has welcomed news that one of four Regional Sheep Updates, to be held throughout regional WA in July, will take place in Katanning.

Mr Waldron said representatives from the sheep industry would come together between 27-30 July for the updates, which would focus on the latest in the sheep industry.

Katanning (July 29), Moora (July 27), Merredin (July 28) and Ravensthorpe (July 30) will play host to sheep industry representatives, providing them with the opportunity to discuss the sector's future and examine the latest research and market trends.

"With positive signs for the industry and recent wool prices strong, I'm pleased that producers, investors, consultants and researchers will have the chance to share information to help build the State's wool and sheep meat industries," Mr Waldron said.

He said the Regional Sheep Updates were being delivered by the Department of Agriculture and Food's \$10 million Sheep Industry Business Innovation project, which is based in Katanning, and funded through Royalties for Regions.

Regional Development Minister Terry Redman said Royalties for Regions was investing in the future of Western Australia's sheep industry to capitalise on rising global demand.

"I encourage all those in the sheep industry to attend the forums, get empowered and deliver greater transformational change in our regions," Mr Redman said.

Topics will include the economics of feedlotting, lifetime ewe management, optimising pastures to maximise profit and genomics - what it is and how it can improve genetic gain. And the latest sheep production research and development will also be available.

Guest speakers include Chris Wilcox, a leading analyst and commentator on the global wool industry; Geoff Lindon (Australian Wool Innovation); Lynne Bradshaw (RSPCA); Hayley Norman (CSIRO) and Ben Patrick, a Peter Westblade Scholar who will give his perspective on the challenges and opportunities for young people in the industry.

Registrations are now open.

For more information or to register, visit <http://www.agric.wa.gov.au/sheepupdates>

For media enquiries please contact Terry Waldron on (08) 9881 1225 or email terry.waldron@mp.wa.gov.au

Hon Martin Aldridge MLC
Member for Agricultural Region

Media release

16 June 2015

Inquiry into PATS echoes need for framework overhaul

Two Nationals MPs have welcomed a parliamentary inquiry report into WA's Patient Assisted Travel Scheme (PATS) tabled in the Legislative Council today.

The report highlights a list of deficiencies in the current PATS scheme and put forward 21 recommendations on how the State Government can improve and modernise it.

Member for the Agricultural Region Martin Aldridge MLC said the report took into account and directly addressed many suggested improvements a Parliamentary National Party (PNP) submission to the inquiry raised.

"They include increasing fuel and accommodation subsidies for those patients that receive specialist medical services under PATS and the type of medical service that will be covered by PATS in the future," he said.

"Recommendations 13 and 14 suggest the 100km eligibility ruling is scrapped in favour of a system that better responds to the health needs of regional patients."

Mr Aldridge expressed his satisfaction that the inquiry recommended subsidies for accommodation, road and air travel offered by PATS be urgently revised to reflect contemporary market conditions.

"I also believe it is imperative that the PATS scheme includes support for accessing allied health, dental and broader mental health services, another finding made by the inquiry," he said.

In November 2013 Mr Aldridge moved a motion calling for a parliamentary inquiry into PATS, while at the same time recognising the important role it plays assisting regional people to access specialist medical care.

Subsequent to the motion the Public Administration Committee initiated an inquiry into the scheme in February last year.

Member for the Mining and Pastoral Region Jacqui Boyde MLC, who sits as a member of the committee, said the report put other aspects of the scheme in need of reform under the microscope.

"Importantly the inquiry recommended fuel and accommodation subsidies are revised annually to ensure they are in line with actual costs," she said.

"I hope this inquiry's findings help strengthen the standard and modernity of PATS in WA to meet requirements outlined in the National Healthcare Agreement 2012 such as equitable access to public health and emergency services irrespective of geographical location."

For media enquiries please contact

- Martin Aldridge MLC on 9324 3155 or email martin.aldridge@mp.wa.gov.au
- Jacqui Boyde MLC on 9324 3155 or email jacqui.boyde@mp.wa.gov.au

Royal comfort in store for WA regional road coach passengers

Replacing the fleet of Transwa road coaches thanks to a \$15.1 million Royalties for Regions investment will give passengers absolute travel comfort, according to Member for Wagin Terry Waldron MLA.

By June 2017, Transwa's ageing fleet of 22 road coaches will have been entirely replaced and an additional new coach added to the fleet.

Mr Waldron said he was excited about the replacement program, which would provide passengers with the best in travel luxury, including state-of-the-art seating, on board entertainment and USB charging ports.

"Travel times between destinations in the Wagin electorate and the rest of the State can sometimes draw out so it is important Transwa offers passengers the best customer experience possible," he said.

"That starts with comfort and I'm assured the new coaches will be second-to-none in that department."

Mr Waldron said road coaches provided an affordable travel alternative to those who could not drive or didn't have access to a vehicle.

Transwa services much of the southern half of WA by road, stretching from Kalbarri in the north, east to Meekatharra and Kalgoorlie and south to Esperance and Albany.

Last year it catered for about 200,000 boardings. Collectively the fleet travels 3 million kilometres annually, or roughly 8500km per day and each coach clocks up about 130,000km per annum.

Many destinations in the electorate are serviced by Transwa including larger and smaller centres such as – Arthur River, Borden, Brookton, Broomehill, Dumbleyung, Katanning, Kojonup, Mt Barker, Narrogin, Pingelly, Tambellup, Wagin, Williams and Woodanilling.

The new buses will be jointly delivered by Volvo Bus Australia and Spanish manufacturer Irizar. And each coach will also comply with the Disability Discrimination Act 1992, ensuring they are accessible to all.

Regional Development Minister Terry Redman said the State Government was committed to supporting the people of our regions and connecting towns through public transport.

"Connecting communities through public transport will help build a stronger economy and better quality of life in the State's regions," Mr Redman said.

To make a Transwa booking, discover service routes or find out about fares (including reduced rates for concession card holders) visit www.transwa.wa.gov.au or call 1300 662 205.

For media enquiries please contact Terry Waldron on (08) 9881 1225 or email terry.waldron@mp.wa.gov.au

Royalties for Regions delivers State's second rescue helicopter

The State Government's new rescue helicopter will increase access to life saving emergency services across the state, according to Nationals Member for the Agricultural Region Hon Martin Aldridge MLC.

The helicopter, unveiled this morning in Bunbury, will provide life-saving services to the Western Australian community operating out of the Bunbury Airport.

Mr Aldridge said the helicopter would work with the existing Perth-based helicopter and would service the South West and Great Southern and further afield if tasked.

"The addition of this new chopper will not only provide additional safety for people in southern parts of the State, it also frees up the existing helicopter to provide greater emergency services to the Mid West and Wheatbelt," Mr Aldridge said.

"The two services will work in conjunction with one another to deliver critical medical care 24 hours a day, every day of the year."

The new helicopter is funded through Royalties for Regions and will respond to incidents including road crashes, emergency hospital transfers and search and rescue operations.

Mr Aldridge said the new service would drastically increase the area of the State covered by the service.

"The helicopters each have an operating radius of 500km before they need to refuel," Mr Aldridge said.

"This means the service can now respond to more than 95 per cent of the State's population."

Mr Aldridge worked closely with the RAC and his Nationals colleagues in the lead up to the 2013 State Election to ensure this vital service was delivered.

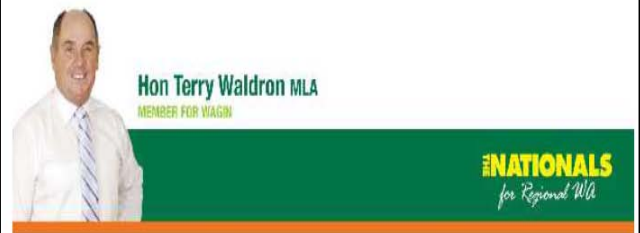

First announced in the 2013 State Budget, the delivery of this helicopter means Royalties for Regions continues the program's recent focus on emergency services in the Agricultural Region.

Royalties for Regions has committed \$29.95million over four years to establish the service and will continue to support initiatives to improve the safety of people in regional Western Australia.

For media enquiries please contact Martin Aldridge MLC on 9324 3155 or martin.aldrige@mp.wa.gov.au

Regional Grants Scheme funds of \$1.35 million allocated to 11 local projects

The highly anticipated continuation of the Royalties for Regions Regional Grants Scheme (RGS) has committed \$1.35 million towards 11 community projects in the Wagin electorate.

A total of 86 successful applicants were announced by Regional Development Minister Terry Redman last week, a Royalties for Regions investment package totalling \$9.024 million.

Local MP Terry Waldron MLA said the latest round of successful applicants took the total number of projects funded through the scheme to 762 since it first started in 2008-09.

"This Royalties for Regions scheme offers grants from \$20,001 up to \$300,000 for projects that seek to improve economic and community infrastructure and services in regional WA," Mr Waldron said.

"I'm very pleased that eleven forward-thinking projects have been awarded funding through the latest RGS round for such an exciting and diverse range of projects.

"These will help attract investment, increase job opportunities and improve the quality of life and working environment for those in our local communities."

Successful projects in the Wagin electorate include:

- **Shire of Plantagenet** - to double the roofed area of the saleyards as part of the Mt Barker Regional Saleyards Upgrade (\$200,000)
- **Shire of Broomehill-Tambellup** - for the development of the Tambellup Sports Pavilion, including the co-location of the Tambellup Bowling Club (\$200,000)
- **Nyabing Progress Association** - to construct a new building for the Nyabing Community Hub (\$150,000)
- **Australia's South West** - has received funding for the Australia's South West Targeted Capacity Building Program for business management and marketing mentoring to improve marketability for tourism assets within the Great Southern region (\$25,000)
- **Shire of Gnowangerup** - for the landscaping, car park and access road components of the Gnowangerup Swimming Pool Replacement Project (\$200,000) (funding for the pool itself has already been acquired)
- **Perth International Arts Festival - Great Southern Festival 2016** - for the two-week festival, to be held throughout the Great Southern region (\$43,480)
- **Shire of Boddington** - towards the redevelopment of school classrooms into a visitors centre (\$100,000)
- **Shire of Brookton** - for the Brookton Main Street Enhancement initiative (\$140,000)
- **Shire of Kulin** - to employ two new full-time staff members for Camp Kulin (\$150,000)
- **St John Ambulance WA – Lake Grace** - for the Lake Grace Sub Centre New Building Development project (\$110,340)
- **Town of Narrogin** - for the Narrogin CBD Townscape Plan Comprehensive Review (\$27,772)

Royalties for Regions has invested almost \$100 million through the RGS. Funding is administered by individual Regional Development Commissions.

Mr Waldron congratulated successful applicants in the Wagin electorate and thanked the boards of the Great Southern, Wheatbelt and Peel Development Commissions for their guidance in recommending projects suitable for funding.

In 2014-15, a new Royalties for Regions grants program – the Community Chest Fund – was established alongside the RGS to allocate one-off grants of up to \$20,000 to support small, locally-driven community projects.

For a full list of successful 2014-15 RGS applicants please visit www.drd.wa.gov.au

For media enquiries please contact Terry Waldron on (08) 9881 1225 or email terry.waldron@mp.wa.gov.au
