BANNERS IN THE TERRACE

The Annual Local Government Convention will be held in August this year.

The 2013 Banners in the Terrace Competition is one of the State's largest single community arts projects. This annual event is a colourful and vibrant display with up to 90 colourful entries being displayed along St Georges Terrace and Adelaide Terrace in Perth.

If you are in Perth at any time between Sunday 28th July and Saturday 10th August it is worth going to have a look. Make sure you look out for the Broomehill-Tambellup Banner.

We would like to thank and congratulate the support Alison Hankinson who worked with the children from Tambellup Primary School for this year's fantastic entry.

SHIRE OF BROOMEHILL-TAMBELLUP

Phone: 98253555 Fax: 98251152 Email: mail@shirebt.wa.gov.au

The next meeting of Council will be held on Thursday 22 August 2013 commencing at 4.00pm in the Tambellup Council Chambers. Members of the public are welcome to attend all Council meetings.

Works

The parks and gardens crew have taken advantage of recent rains, planting street trees and garden plants in both Broomehill and Tambellup. At the same time, a number of trees have been trimmed in response to direction from Western Power. Work has commenced on the oval fertilising program which will be ongoing for twelve months. Works will include vertimowing and aerating in the spring, to encourage strong healthy growth.

The construction crew has been working on the northern end of Warrenup Rd, where around 10km of gravel resheeting is to be completed. These works are funded through Roads to Recovery and Commodity Routes. Clearing works are underway on Gnowangerup-Tambellup Rd, towards the Gnowangerup boundary, where a 2.7km section will be widened and sealed.

Council's Jetpatcher truck is home for a spell, and staff will be undertaking bitumen repairs on the Shire's road network. The maintenance crew are working on drainage in both townsites, and the maintenance graders have been working in the mid-western part of the Shire.

Tambellup Independent Living Seniors Accommodation

Finally! We are pleased to report that the tender for the construction of the Seniors Units has been advertised. Tenders close on 7th August, and Council will consider all submissions, and award the tender at the August Council meeting. This is a major milestone of the project, and we hope to see action on site in the near future. For anyone interested, copies of the plans for the units are on display in the foyer of the Tambellup Administration office.

Council Elections

Council elections will be held in October this year, with four positions on Council becoming vacant. If you have ever considered serving your community through this avenue, and would like to find out more about the role, you are encouraged to contact any of the serving Councillors, or alternatively, the Chief Executive Officer, who can provide more information.

Tambellup Cemetery

Those visiting the cemetery recently will have noticed the new gazebo which has been erected inside the main gates. The gazebo will house the new niche wall which local contractor Paul Plant is constructing. People with ashes of family members interred in the existing wall will be contacted in due course with regard to transferring ashes to the new wall. Similarly, people with reserved niches will be contacted to transfer their reservation to the new wall. The current works will not impact on the existing wall in any way.

If you would like more information about this project, please contact the Shire office.

Tambellup Sports Pavilion Upgrade

At the July Council meeting, Council accepted the Feasibility Study for the Tambellup Sports Pavilion Upgrade, prepared by Keston Technologies. The report was comprehensive in its consultation with the community and based on the recommendations made, Council has determined that its preference at this time is to proceed with a new build of the facility which will incorporate a bowling green, rather than a refurbishment of the existing building. Concept plans have been developed and community feedback will be sought on the plans.

The next step is to establish a Steering Committee for the project. It is proposed the Committee, comprised of Councillors and community members, will drive the project through the construction phase, but also consider various options of the ongoing management of the new facility. Clubs and groups will shortly be invited to nominate a representative to the committee.

Alongside the formation of the Steering Committee, Council has commenced the preparation of funding applications, to the Regional Development Australia Fund, and the Department of Sport and Recreation's Community Sporting and Recreation Facilities Fund. Both applications are crucial to the success of the project and we are hopeful of a positive outcome. The upgrade will be a long term project, however Council is confident that with the support of the community the outcome will be facilities that generations of residents can be proud of.

Fire Control Officer Training

Have you been elected to the position of Fire Control Officer for your brigade? Or are you in line to take over in coming years as part of the brigade succession plan?

We have been advised that the Department for Fire and Emergency Services is conducting training for current and upcoming Fire Control Officers on the following date:

**Kojonup on Monday 2nd September -
nominations to be submitted by 9th August**

Any brigade member is welcome to nominate, however Council is particularly keen for current Fire Control Officers to complete this training if they have not already done so. For more information and nomination forms, please contact Pam at the Shire on 98253555.

Vandalism

In response to the ongoing vandalism that is occurring at various public locations in both towns, Council has purchased and installed security cameras which provide time lapse photos capable of identifying those responsible. The cameras have been installed at sites where vandalism has been experienced recently and staff will monitor the images provided. It should also be noted the cameras will be moved around both towns as required, and images will be provided to police if necessary to resolve issues.

2013-2014 BUDGET OVERVIEW

The 2013-2014 Budget was adopted by Council at the Ordinary Council meeting in July. The 2013-2014 Budget includes an increase in Rural UV rates of 5% and townsite GRV rates of 5%, with minimum rates increasing to \$375.00 per assessment. Highlights of the budget include:

ROADS

The 2013/2014 budget includes a large capital road works program with \$2,266,500 of expenditure allocated to various roads. Council will be assisted in meeting the costs of the projects with funds from the Regional Road Group, State Black Spot, Commodity Routes and Roads to Recovery programs.

REGIONAL ROAD GROUP

- Tambellup West Road (*reconstruction – slk 3.9 to 8.6*) carry over from 12/13
- Tambellup West Road (*pavement repairs & reseal – slk 3.28 to 5.45*) carry over from 12/13
- Tambellup West Road (*widen & seal – slk 22.6 to 26.6*) carry over from 12/13
- Broomehill-Kojonup Road (*reseal – slk 12.5 to 14.5*)
- Broomehill-Kojonup Road (*reseal – slk 20.5 to 21.7*)
- Tambellup West Road (*reseal – slk 26.6 to 29.4*)
- Gnowangerup-Tambellup Road (*stabilisation & seal – slk 21.8 to 22.1*)
- Tambellup West Road (*reseal – slk 15.6 to 18.4*)
- Broomehill-Kojonup Road (*widen to 7.0m & seal – slk 27.2 to 31.7*)
- Gnowangerup-Tambellup Road (*widen to 7.0m & seal – slk 3.9 to 6.6*)
- Tambellup West Road (*widen to 7.0m & seal – slk 22.6 to 26.6*)

ROADS TO RECOVERY

- Nookanellup Road (*gravel resheeting – slk 7.32 to 16.32*) carry over from 12/13
- Pallinup Road (*widen & resheet – slk 19.5 to 24.47*)
- Warrenup Road (*gravel resheeting – slk 6.77 to 12.97*)

BLACK SPOT

- Gnowangerup-Tambellup Road & Beejenup Road (*stagger intersection on northern approach*)
- Gnowangerup-Tambellup Road & Great Southern Highway (*construct taper for road trains turning left onto highway*)

COMMODITY ROUTES

- Warrenup Road (*gravel resheet – slk 3.75 to 6.5*)
- Fairfield Road (*reseal – slk 0.00 to 4.80*)

ROYALTIES FOR REGIONS – COUNTRY LOCAL GOVERNMENT FUND

Council will receive its 2012/13 allocation from the Country Local Government Fund of \$374,900 during 2013/2014. These funds have been allocated to –

Independent Living Seniors Accommodation

\$324,900 will be allocated to this project. The total project cost is \$1,590,000 with the balance of funds coming from the Royalties for Regions Action Agenda funding, Bendigo Bank, Tambellup Senior Citizens Unit Management Committee and Reserves.

Solar Energy – Broomehill Administration Building

\$50,000 is to be spent installing solar panels and equipment to provide renewable energy to the Broomehill Administration Building. This will be done in conjunction with the Archive Repository project.

Allocations received in previous financial years have not yet been fully expended and the balance of funds has been carried forward into the 2013/2014 budget. The funds are held for the following projects –

Tambellup Sports Pavilion Refurbishment – *carry over 2011/12*

\$200,000 has been allocated to the refurbishment of the Tambellup Sports Pavilion. Works will include the new fit out of the kitchen, full painting internal and external, heating and refurbishment of the toilets.

Window Replacement – Broomehill Administration Building - *carry over 2010/11*

The existing windows in the Broomehill Library and across the rear of the Administration Building are in urgent need of replacement. Initial estimates put the replacement cost at \$50,000. This project will be done in conjunction with the Archive Repository Project.

Country Local Government Fund – Regional component

The 2010/2011 financial year saw 35% of the 2009-2010 CLGF allocation administered via a regional pool, while the 2011/2012 provided 50% of the funds administered via the regional pool.

Broomehill-Tambellup has identified its regional grouping as the Southern Link VROC which includes the Shires of Cranbrook, Kojonup and Plantagenet. The funding is to be pooled for the group as a whole. The intention of the regional groupings component is to provide financial assistance to local governments so fund larger scale infrastructure projects which demonstrate wider community benefits across a region. Business cases have been developed and approved for the following programs.

Project	Regional Benefit		Cost	Year
Governance Records Management Broomehill Administration Building	Reduced infrastructure development costs- shared facility-reduced operating cost	1	\$250,000	2010/11
Waste Management Network of regional transfer stations - recycling	Core Local Government Function Would benefit all 4 councils Positive for environment Reducing landfill Shared infrastructure costs	2	\$550,000	2010/11
Recycled Water All towns	Project planning on using recycled water and also storm water harvesting	3	\$350,000	2011/12

Projects that will be physically located within this Shire and which will impact on this budget are:

- Records Management - \$250,000 – *(carry over 2010/2011)*
- Waste Management - \$230,000 - 2 transfer stations proposed, one in each town *(carry over 2010/2011)*
- Water Harvesting and Recycling - \$350,000 – 2011/2012

OTHER PROJECTS

Integrated Planning

Regulations were amended to accommodate the introduction of Integrated Planning for Local Governments in WA, which came into effect on 01 July 2013. The new planning processes will provide the basis for improving the practice of strategic planning in local government and attain a greater level of community participation.

At the June 2013 ordinary meeting Council adopted the Strategic Community Plan and Corporate Business Plan, along with the informing documents being the Asset Management Plan, Long Term Financial Plan and Workforce Plan. The 2013/2014 budget has provided for the implementation and continuing development of these plans.

PLANT REPLACEMENT

Council continues to strive to maintain a modern fleet of vehicles and equipment. To assist with this Council has developed a Ten Year Plant Replacement program that identifies optimum changeover times and includes a financial plan designed to minimise the impact on annual budgets. The 2013/2014 budget proposes to upgrade/ purchase the following equipment during the year:

Replacement

Isuzu Giga CXZ truck, Isuzu crew cab truck, Isuzu FRR500 truck, John Deere Backhoe, Toro Finishing mower, Toro 360 tractor/mower, 8 light vehicles,

Outright Sale

Volvo L70D Loader, Isuzu Gigamax truck,

New Equipment

Skid Steer attachments, water tank.

CONCLUSION

The 2013/2014 budget provides for the operations of the Council for the coming financial year. The total budget for the year is approximately \$13.9m of which \$7.3m (52.5%) will be spent on capital projects. At a glance the funds will be spent in the following areas

Governance	\$1,043,300	Recreation & Culture	\$1,333,500
Education & Welfare	\$1,602,200	Transport	\$6,758,800
Housing	\$81,400	Other	\$423,400
Community Amenities	\$996,900	Reserve Transfers	\$875,800
Economic Services	\$251,400	Loan Repayments	\$47,300
Law, Order & Public Safety	\$575,500		

Council continues to strive for the ongoing improvement and upgrade of its assets. The area of Transport including capital road works and plant replacement, accounts for just over 48% of the overall budget with the other large areas of expenditure being Education and Welfare at 11%, Recreation and Culture 10% and Governance sitting at 7%.

Various funding programs for road construction, as well as community projects, have contributed considerably to this year's bigger budget. This budget is the largest that Council has adopted since amalgamation. The challenge now lies ahead to ensure that the services and projects are delivered in a cost effective, timely manner.

Council Agendas and Minutes

Agendas and Minutes from every Council and Council Committee meeting are available at the Shire Administration Offices and Tambellup Community Resource Centre, for perusal. These documents are available in alternative formats, on request, for people with a disability.

Agendas and Minutes can be accessed online by browsing to www.shirebt.wa.gov.au and clicking on the "Our Shire" tab.

TAMBELLUP LIONS CLUB

The Tambellup Lions Club commenced their 36th year of serving the local community with their changeover night on Wednesday 10th July at the Tambellup Hotel.

Murray Cooke from Broomehill was installed as the new President along with Secretary Trevor Prout and Treasurer Peter Brown.

If you would like to be part of the largest service club in the world just contact one of the members. We meet at the Tambellup Hotel on the second Wednesday of the month.

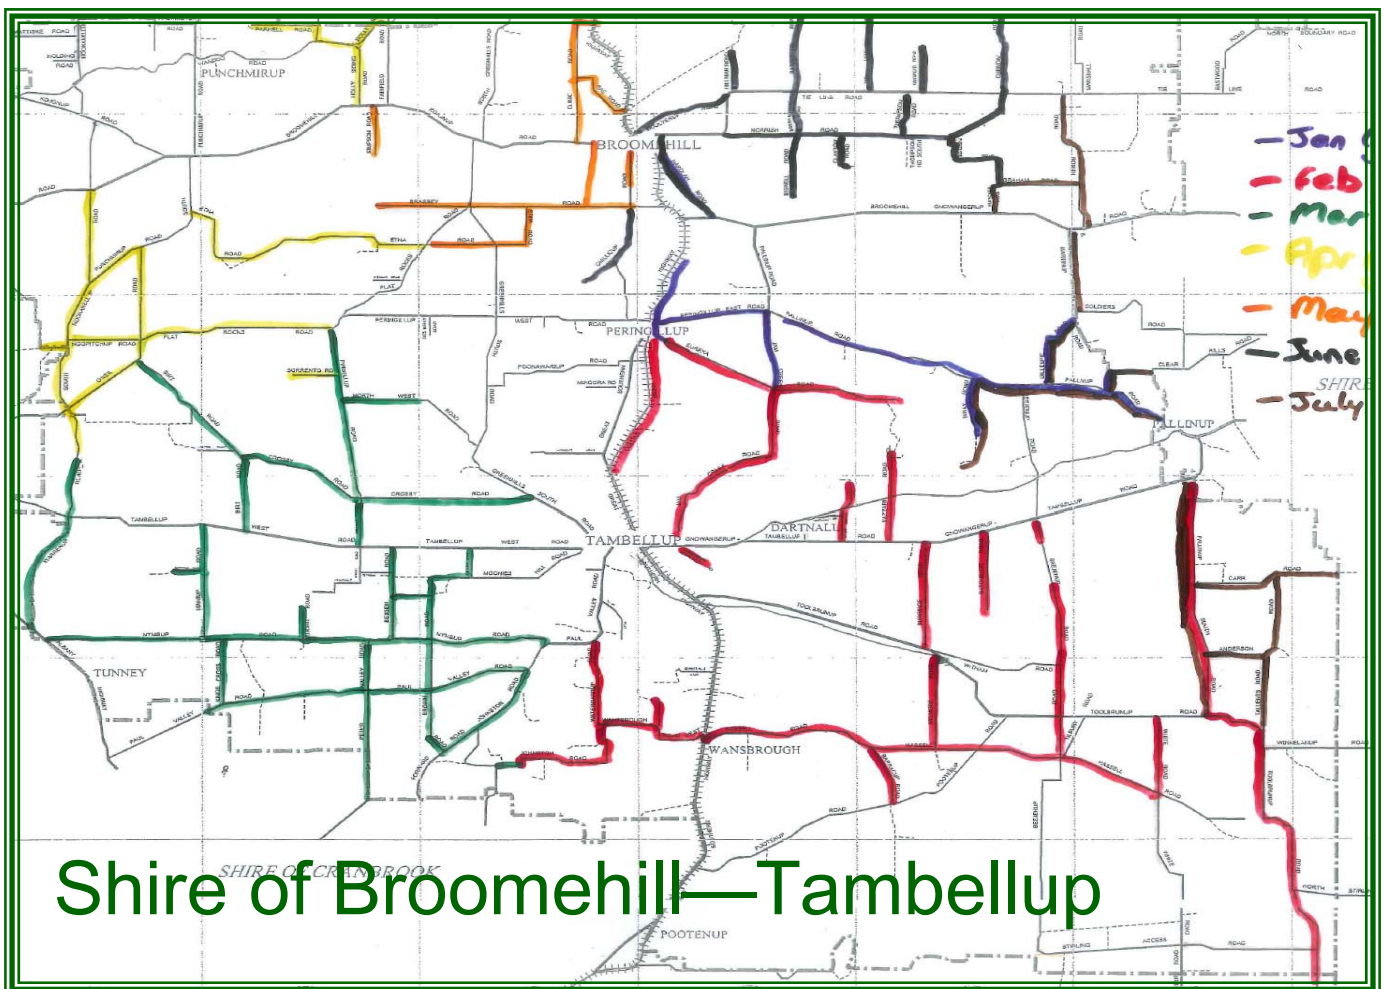

Pictured are sponsors Gus Roosendaal (L) and Trevor Prout with newly installed members Andrew Bradshaw (L of C) and Robert Hankinson.

Broomehill Primary School Middle Room Assembly— “The Gruffalo” by Julia Donaldson

On Thursday the 4th of July students of the Middle Room performed a play about the Book “The Gruffalo” by Julia Donaldson. It was great to be able to tell a story through learning our lines, dressing up and taking on the role of a character or an aspect of the scenery.

The story was about standing up to bullies! The mouse invented clever ways to protect himself from other bigger creatures who wanted to harm him. We all enjoyed dressing up and telling the story. Our special thanks to Mrs McKennay for making the costumes and teaching us the skills needed.

By: The Narrator, the Fox and the Stream.

Broomehill Hockey

What a busy few weeks this has been for our junior hockey players.

We started the July holidays with the Challenge Cup held on Woodanilling this year. Congratulations to our D Grade side for winning their game. Sadly the C Grade side just missed out in a very hard fought game.

The July holidays sees the Central Great Southern Association Junior teams represented in Perth at the U13 and U15 State Championships and Regional try-outs. Unfortunately none of the CGS players were chosen for state selection this year, but we are always well represented at this event.

The State Championships is a wonderful carnival that produces a very high standard of hockey from all teams. The U13 team did really well and finished in the middle of the group and our fantastic U15 team made it to the Grand Final but lost to the Eastern Goldfields 1-0. Once again this was a fantastic game.

Finally came the Narrogin Carnival held on the weekend of 20/21 July. In freezing conditions our two teams once again put up a great effort. The U13's finished down the list and the U15's finished third.

Well done to all players who chose to represent the CGS over these last few weeks and a huge thank you to all family members and carers who got the kids there on time each day, coached, managed and cheered them on. All team members were wonderful ambassadors for CGS.

Next season the Broomehill Hockey Club will be

expanding. We will be introducing both a mens side and a women's side. This will help our club to grow and keep our young men and women playing for Broomehill. If you know of anyone out there who wants to grab a stick contact Raelene Gilchrist on 98 241 491.

Media Release

South Coast NRM to supports Albany conference

AS a proactive organisation committed to the environmental sustainability of regional communities, South Coast NRM is pleased to be sponsoring the upcoming Australian Women in Agriculture (AWIA) conference in Albany.

The three-day event, which will take place at the Dog Rock Convention Centre from Friday, August 9 to Sunday, August 11, will also herald AWIA's 20th anniversary.

South Coast NRM is supporting AWIA's drive to extend its existing networks by encouraging women in the Great Southern to attend the conference and discover how they can play a part in Australia's first national organisation that represents women in agriculture.

Chief executive officer Carl Beck said the conference will not only be an occasion to celebrate the commitment women make to Australia's agriculture, but also an opportunity to learn more from those who spend countless hours protecting the environment.

"I'm excited that AWIA has chosen Albany for the location of this significant conference, which very much reflects the ethos of South Coast NRM," Mr Beck said.

"Our organisation clearly recognises the contribution our high percentage of female staff and volunteers make to us and the natural resource management industry as a whole."

The conference will host a vibrant and diverse delegation of women from across the country including representatives from the Rural Industries Research Development Corporation (RIRDC), Rural Women's Award winners, Australian Rural Leadership alumni and ABC Heywire winners.

Horticulturist and AWIA president Marion Rak said the conference will celebrate the wisdom and experience of women involved within all sectors of agriculture and recognise the vital role they have always played in the industry.

"Whilst our 20 year history may have begun in a time where women weren't recognised as farmers and as equals, our diverse membership now spans generationally and right across industry, no matter location or vocation," Ms Rak said.

"Our members are our most enduring assets and have evolved with us as we collaborate, network and create wider opportunities for rural, regional and remote Australia."

The RIRDC Horizon Scholarship program is also a conference partner with a focus on sustainability of a different kind – growing youth leadership. As one of the five workshop sponsors, the program will host an interactive panel discussion facilitated by four young women sharing their visions and ideas on how to create vibrant rural communities.

The AWIA Conference welcomes women involved in any field of agriculture, businesses looking to connect with a national, progressive network or those who simply want to learn more about the growing industry. For further event information, go to: wired.ivvy.com/event/A237M2/

(Katanning)**

- Workshop based
- Participatory and fun
- Authentic assessments
- Enjoyable and creative learning environment

FREECALL 1800 675 781 www.gsit.wa.edu.au

Brief outline: This course is designed for supervisors, managers and employers or anyone who wants to learn more about safe working practices. It is intended to give participants additional skills in ensuring the health and safety of workers. Participants will also gain knowledge of the legislative requirements and tools to assist their organisations with compliance.

The course will also touch on the forthcoming changes in legislation from OHS to WHS (Work Health Safety). Although it may be sometime still before WA adopts this new 'harmonised' legislation, it may be advantageous for organisations to identify the proposed changes in advance.

Assessment: Much of the unit will be assessed in the class with both group and individual activities. Additional assessment can take place in the participant's place of work or at home. As part of assessments, participants will be creating an induction document which can be customised and utilised in any workplace.

Accreditation: This unit is a core unit of the nationally credited Certificate IV courses in Business and Frontline Management. For details on the requirements of these qualifications, see the www.training.gov.au website or speak with a member of staff in the Business portfolio of Great Southern Institute of Technology on 9892 7529.

KATANNING & DISTRICTS GARDEN CLUB.

The Club's July meeting was held at the home of new member Leonie Daw, it was a cold and wet day and we were very grateful for Leonie's lovely warm woodfire .

Numbers were down but we put that down to the weather, however competitions were mostly well supported .

The results were as follows: FLORAL ART: 1. Maxine Potter , 2. Pam Garlick, 3. Gerry Watson. FLOWERS : 1. Ailsa Thomas , 2. Ailsa Thomas. TREE or SHRUB: 1. Pam Garlick , 2. Ailsa Thomas, 3. Pam Garlick. FRUIT OR VEGE: 1. Leonie Daw, 2. Margaret Wise, 3. Ann Rees.

The club is planning holding a workshop on October 5th to help likely exhibitors at shows how to stage & present exhibits for judging. We encourage anyone interested to come along a venue will be decided at a later date, if interested please contact Myself (Ailsa) 98211828 or Gerry (98211648) for any further information.

Members helped to solve each others garden problems with much discussion on various problems. Gerry read some very interesting garden hints and things to do this month in the garden , some were to check for red mite & spider mite also mealy bug and treat with sprays available. Top dress bulbs with sulphate of potash, check irises for grey aphids. A feed of potash can be used for most plants.

Our next meeting will be on August 13th at the Arts & Crafts rooms followed by a video on some aspect of gardening or Floral art.

Members & visitors always welcome.

Until next month happy gardening.

Ailsa

Broomehill Historical Notes

Quite a few years ago Shirley MacDonald began to work through the diaries of her Grandfather, Thomas Norrish (TN) which he wrote when he first came to Eticup to take up farming and the diaries of William Henry Graham (WHG) who was also one of the first pioneers of the Eticup district. Shirley collated all the information both in alphabetical and chronological order. There are many wonderful pieces of information and anecdotes in these diaries and we are proud to share them with the community each month.

Smith, John – This man is thought to have been Black Jack Smith whom Sarah Norrish talked about in later years and is assumed to be the same Jack Smith who worked for TN, on and off, as a general servant from the 1870s until about 1890 and then again from 1898 for an unknown period. Until June 1883 he was employed on various jobs including taking rations and water to shepherd's, carting sandalwood from the north-east and timber from the saw pits at Wadgegannup, helping to shift flocks to other locations and build building shepherd huts and lambing yards. On 31st January 1892 it was Jack Smith, carting timber with George Fox, who met TN at Kelly's camp and told him that Mrs Norrish had had a son on 20th 1881. And it was Jack Smith who was sent to meet TN on his way home from Warkalup and 3rd March 1882 and tell him that the child was not expected to live. A family myth has it that, at Warkalup on 2nd March, TN had dreamt that Jack Smith had come to meet him with a small box under his arm, saying that the child (Arthur Ernest) had died, and that next day reality had repeated the dream except for the small box. However, it is known that the baby did not die until 1 o'clock on 4th March. Many years later, Sarah Norrish in writing about this incident accredited the identity of the messenger to Black Jack Smith in one record and One Arm Jack in another.

Unfortunately this Jack Smith had a drinking problem. On 6th May 1879 at Gobrup he got drunk and left but the next day he came back having changed his mind. On 31st March 1881 he was very ill with the cramps and on 25th April told TN that he would drink no more spirits while he was in the country. On 7th September 1882, he went to Kojonup on a spree and came back on the 10th. On 2nd June 1883, he was drunk and on the 25th he was drunk again and had a row so TN let him go. It is possible that he got work at Marleyup as , on 14th June 1883, he brought TN a letter from Richard Norrish and returned to Richard's.

On July 13th 1884, Jack Smith came to Sunnyside wanting to stay and work and he started two days later. Jobs listed were; going to McGuire's to pick up the beef and rice that Tommy McGuire had brought up from Albany for TN, and carting firewood on the sledge. The sledge was also used for carting slabbed timber for the garden fence. There is a break in reference to Jack Smith until January 1887 when TN walked up to Krakouer's Store and then came home with Jack Smith to get Alfred Nelson's wagon. In 1888 he took rations to shepherds, helped bush up paddocks, lambing yards and Sheep Wash yards. He took the trap out to pick up shot kangaroos and went to the gravel pits for potatoes, oats and wool bales. In 1898 he helped with cutting timber, grubbing at various locations, and erecting wire netting around Whitton's 200 acre paddock. However on 9th August 1898 he was worse for drink; William Garrity had sent him a bottle of rum.

WALKING OR EXERCISING YOUR DOG?

Do you know your responsibilities?

The *Dog Act 1976 (Act)* is administered and enforced by local governments. This Act addresses the control, registration, ownership and keeping of dogs, and the obligations and rights of dog owners and others.

Dog control

If you own a dog, you have a legal responsibility to keep it under control, either within a fenced area on your property or on a leash when in public (you can be given an *on-the-spot fine* of \$100 for not having your dog on a leash or for allowing it to roam [except at designated dog exercise areas] – *if the matter goes to court, the penalty can be up to \$1,000*). If your dog excretes on a thoroughfare or other public place, you (the person responsible for control of the dog) must remove the excreta immediately (have a plastic bag with you for this purpose): *penalty for not removing excreta, \$200*.

Designated dog exercise areas within the Shire of Broomehill-Tambellup (for the purposes of sections 31 and 32 of the Act)

Broomehill

- Reserve 634 Javelin Street
- Reserve 1698 Spencer Road
- Lot 24 Broomehill/Kojonup Road

Tambellup

- Reserve 22607 Garrity Street
- Part of Reserve 19757 East Terrace (except for easterly from East Terrace to the eastern boundary of Reserve 19757 and south of Howard Street to the southern boundary of Reserve 19757)

Dogs must not be exercised in areas where: land has been set apart as a children's playground; land is being used for sporting or other activities, as permitted by the Shire of Broomehill-Tambellup (Shire), during the times of such use; or car parks.

Places where dogs are prohibited absolutely

- Public buildings (unless permitted by a sign);
- All premises or vehicles classified as food premises or food vehicles (under the *Health (Food Hygiene) Regulations 1993*);
- Playgroup Centre Lot 4 India/Journal Streets, Broomehill;
- Recreation Complex – Reserve 22820, Broomehill;
- Primary School – Reserve 1697, Broomehill; and
- Part of Reserve 19757 East Terrace, Tambellup (easterly from East Terrace to the eastern boundary of Reserve 19757 and south of Howard Street to the southern boundary of Reserve 19757)

If a dog enters or is in a prohibited place (as stated above), every person liable for the control of the dog at that time commits an offence. *The penalty, where the dog is a dangerous dog, is \$2,000; otherwise \$1,000.*

Dog Attacks

A dog attack includes a dog aggressively rushing at or attempting to attack a person or animal, as well as tearing clothing, biting or causing physical injury. The dog's owner is also liable for any injury or damage resulting from a dog attack. A person who has been attacked may take private legal action for any injury or damage. The owner of a dog who attacks a person or another animal may be held responsible even if they are not present at the time of the attack (exemptions apply where a dog has been provoked). *Penalties for dog attacks are up to \$10,000 and/or 12 months' imprisonment for inciting a dog to attack.*

For further information relating to dog laws and responsibilities, please visit the Department of Local Government website (www.dlg.wa.gov.au), call in and view the Shire's 'Dogs Local Laws 2008' or pick up an information brochure at one of our Shire offices.

Hon Paul Brown MLC
Member for Agricultural Region

THE NATIONALS
for Regional WA

Media Release
2 July 2013

Brown addresses the House on Year Seven Transition

Member for the Agricultural Region, Hon Paul Brown MLC recently addressed the Legislative Chamber on the transition of Year Seven into high school.

The transition of year seven into high school is a topical issue for regional families whom in some cases will need to send their children away to boarding school a year earlier.

Mr Brown said "this is a very emotive issue for parents. I support the transition, fearing that education in WA will become a two tiered system with regional students falling behind their city counterparts if the push to exempt regional students goes ahead."

Mr Brown also highlighted the introduction of the national curriculum as the catalyst for Western Australia to move year seven into high school to ensure that they receive access to the specialist teachers that are required to prepare children for higher learning throughout their high school years and into tertiary education.

Mr Brown also spoke of the large investment that the Nationals WA have made through Royalties for Regions into regional residential colleges throughout the state, providing a very real alternative to parents to board their children in the regions instead of sending them to board in Perth.

"Merredin Residential College is a very good example of this, where not only has the residential college been upgraded considerably, but the two primary schools and the high school have amalgamated to form a K-12 campus. Merredin Residential College is at full capacity and discussions are underway to build additional beds." Mr Brown said.

Royalties for Regions has also funded the Boarding Away from Home Allowance to assist regional families with the cost of boarding.

Mr Brown spoke of all parent's right to choose, that includes the right to apply for case by case exemptions, the right to send their children to schools and boarding in Perth, and their right to send their children to schools and boarding in regional WA.

Mr Brown emphasised the cost effectiveness and high standard of educational and residential facilities in regional WA that are available to parents.

Ends.
